Leif is a leaf. A worried leaf. It is autumn, and Leif is afraid to fall. "All leaves fall in the fall," say the other leaves. But Leif is determined to find a different way down, and with his friend Laurel, he uses the resources around him to create a net, a kite, a parachute in hopes of softening his landing. The clock is ticking, the wind is blowing. What will happen when a gust of wind pulls Leif from his branch? In a culture that prizes achievement, kids are often afraid to fail--failing to realize that some of the very ideas that don't work are steps along the path to ones that will. The first insider's account of life inside seminal British rock band, The Fall. Hanley's story unfolds like a novel; from 1979 when he joined The Fall with his schoolmates Marc Riley and Craig Scanlon, up to and including an infamous on-stage fight in New York in 1998, he puts us right in the heart of the action: on stage, on the tour bus, in the recording studio, and up close and personal with an eccentric cast of band mates. These vividly drawn scenes give unprecedented insight into the intense, highly-charged, creative atmosphere within The Fall, and their relentless work ethic which has won them a dedicated cult following, high-art respectability, and a unique place in popular music history. "One of the more sincere and endearing band biographies available. Hanley's book is enjoyable to read from start to finish."-LA Review of Books. A Guardian Book of the Year 2014 and A Rough Trade Book of the Year 2014. Text and photographs present the behavior changes of animals as winter approaches, such as growing thicker fur, migrating, and hibernating. An important and fascinating book about the origin, history and impending demise of the ego - humanity's collective dysfunction. "The Fall" is highly readable and enlightening, as the author's acute mind is at all times imbued with the higher faculty of spiritual awareness.' Eckhart Tolle For Lionel, fall means starting a new school year, raking leaves, and getting to dress up as a knight and chase a dragon from house to house on Halloween. First published in 1948, Now It's Fall is a timeless celebration of autumn that will enchant a whole new generation of young readers with its gently recolored illustrations. Fall is a time to celebrate food. Farmers and gardeners work hard to grow crops all spring and summer. In fall, we harvest pumpkins, pecans, corn, potatoes, and more. Mmm! A contemporary young adult romance about moving on, finding your place, and recovering after life falls apart. Gymnast Caroline Kepler has three state balance beam titles, a new trick even most elites can't do—and chronic, undeniable back pain. While she might never be an Olympian, she has dreams of leveling up to elite, making Nationals, and competing in college. But when one epic face-plant changes all that and Caroline's back pain goes from chronic to career-ending, her dreams are shattered and her life is flipped upside down. Enter Alex Zavala, a three-sport athlete who's both incredibly cute and incredibly off-limits. He offers to give Caroline a crash course in all the sports she's missed, and she has an offer for him in return: For every sport Alex teaches her, she'll play matchmaker for him. Deal done, Caroline "dates" new sports with Alex for the rest of the summer, which is loads more fun than wallowing in despair. Just as Caroline starts to see herself as more than her past athletic successes, she picks up something she didn't bargain for: a big fat crush on Alex. Turns out life was way easier when it was just layout-fulls and beam burns.... Books in this series introduce emergent readers to the four seasons. In Summer, children are taken on a tour of things they can see in summer including typical summer activities and changes in the natural world. Beautiful photos, very simple repeated text, high frequency and decodeable words and strong photo-to-text matching make this a perfect book for early readers to enjoy. Ana Boži?evi?'s second full-length poetry collection is a revolutionary book and an ars poetica for the polis in which she excludes nothing. Navigating literary history, gender, sexuality, economics, family and friends, she is at ease employing both the universal political statement and the lyric "I." A Croatian émigré, Boži?evi? approaches the English language with a playful objectivity, bouncing back and forth from the conversational to the grand: "This is the whitest shit / I've ever written" she notes in her half-myth "About Nietzsche." Her critique of our time and place is at once empathetic and crude, tender and grotesque. Lucky for us, "beauty [wins] in all its casual terror and pain." Ana Boži?evi? was born in Zagreb, Croatia. She emigrated to the United States in 1997 and lives in New York City. Stars of the Night was her first book of poems. Last week they invaded Manhattan. This week they will destroy the world. The vampiric virus is spreading and soon will envelop the globe. Amid the chaos, Eph Goodweather—head of the Centers for Disease Control's team—leads a band out to stop these bloodthirsty monsters. But it may be too late. Ignited by the Master's horrific plan, a war has erupted between Old and New World vampires. Caught between these warring forces, powerless and vulnerable, humans find themselves no longer the consumers but the consumed. At the center of the conflict lies an ancient text that contains the vampires' entire history . . . and their darkest secrets. Whoever finds the book can control the outcome of the war and, ultimately, the fate of us all. The first time I met Jax Blackwood things went a little sideways. In my defense, I didn't know he was Jax Blackwood—who expects a legendary rock star to be shopping for groceries? More importantly, a blizzard was coming and he was about to grab the last carton of mint-chocolate chip. Still, I might have walked away, but then he smugly dared me to try and take the coveted ice cream. So I kissed him. And distracted that mint-chip right out of his hands. Okay, it was a dirty move, but desperate times and all that. Besides, I never expected he'd be my new neighbor. An annoying neighbor who takes great pleasure in reminding me that I owe him ice cream but would happily accept more kisses as payment. An irresistible neighbor who keeps me up while playing guitar naked—spectacularly naked—in his living room. Clearly, avoidance is key. Except nothing about Jax is easy to ignore—not the way he makes me laugh, or that his particular brand of darkness matches mine, or how one look from him melts me faster than butter under a hot sun. Neither of us believes in love or forever. Yet we're quickly becoming each other's addiction. But we could be more. We could be everything. All we have to do is trust enough to fall “Stephenson has a once-in-a-generation gift: he makes complex ideas clear, and he makes them funny, heartbreaking, and thrilling.” —Time The #1 New York Times bestselling author of Anathem, Neal Stephenson is continually rocking the literary world with his brazen and brilliant fictional creations—whether he’s reimagining the past (The Baroque Cycle), inventing the future (Snow Crash), or both (Cryptonomicon). With Reamde, this visionary author whose mind-stretching fiction has been enthusiastically compared to the work of Thomas Pynchon, Don DeLillo, Kurt Vonnegut, and David Foster Wallace—not to mention William Gibson and Michael Crichton—once again blazes new ground with a high-stakes thriller that will enthrall his loyal audience, science and science fiction, and espionage fiction fans equally. The breathtaking tale of a wealthy tech entrepreneur caught in the very real crossfire of his own online fantasy war game, Reamde is a new high—and a new world—for the remarkable Neal Stephenson. New York Times Bestseller A New York Times Notable Book The #1 New York Times bestselling author of Seveneves, Anathem, Reamde, and Cryptonomicon returns with a wildly inventive and entertaining science fiction thriller—Paradise Lost by way of Philip K. Dick—that unfolds in the near future, in parallel worlds. In his youth, Richard “Dodge” Forthrast founded Corporation 9592, a gaming company that made him a multibillionaire. Now in his middle years, Dodge appreciates his comfortable, unencumbered life, managing his myriad business interests, and spending time with his beloved niece Zula and her young daughter, Sophia. One beautiful autumn day, while he undergoes a routine medical procedure, something goes irrevocably wrong. Dodge is pronounced brain dead and put on life support, leaving his stunned family and close friends with difficult decisions. Long ago, when a much younger Dodge drew up his will, he directed that his body be given to a cryonics company now owned by enigmatic tech entrepreneur Elmo Shepherd. Legally bound to follow the directive despite their misgivings, Dodge’s family has his brain scanned and its data structures uploaded and stored in the cloud, until it can eventually be revived. In the coming years, technology allows Dodge’s brain to be turned back on. It is an achievement that is nothing less than the disruption of death itself. An eternal afterlife—the Bitworld—is created, in which humans continue to exist as digital souls. But this brave new immortal world is not the Utopia it might first seem . . . Fall, or Dodge in Hell is pure, unadulterated fun: a grand drama of analog and digital, man and machine, angels and demons, gods and followers, the finite and the eternal. In this exhilarating epic, Neal Stephenson raises profound existential questions and touches on the revolutionary breakthroughs that are transforming our future. Combining the technological, philosophical, and spiritual in one grand myth, he delivers a mind-blowing speculative literary saga for the modern age. Over the years, The Fall have given me more pleasure than any other band and, when people ask me why I always say, 'they are always different, they are always the same' John Peel. The first ever authorised biography of this most inscrutable of bands! Together music writer Mick Middles and Fall leader Mark E. Smith have written an exhaustive biography of The Fall. Spanning their years on the fringe of the Manchester punk scene, three dozen albums, numerous tours, two successful stage plays and various spoken word events, this book is as strangely compelling as the band itself. Laced with Smith's distinctive brand of working class intellectualism and trenchant broadsides this is a meticulously researched story to thrill the famously disparate fans of The Fall who revel in a string of classic albums that fly in the face of all fashion, fads and musical trends. Mark E Smith remains famously true to his roots. Uncomfortable in art circles in London or, say, New York, he continues to live a full life in his native Salford, perfectly at home amongst the artisans in the string of local pubs. Just one more reason why Mark E Smith is a truly unique phenomenon with assured longevity. The book is the only authorised account of the enigma that is Mark E Smith. Author Mick Middles has been a close friend of Smith for over 25 years, and the book, written with Smith's complete approval and assistance, delves deep into the heart of that enigma. This “richly detailed and expertly plotted” historical epic chronicles the dark secrets and forbidden loves of an American family across three generations (Publishers Weekly, starred review). In the twilight of the Civil War, a Union soldier meets a runaway slave and returns with her to his family homestead in Vermont, launching the story of a bold, interracial union and its myriad consequences. This passionate couple and their descendants will grapple with the ongoing devastations of the war, racism, and a haunting family legacy that lies dormant until a grandson is driven to discover the secret of his ancestors. Spanning the post–Civil War era to the edge of the Great Depression, In the Fall is an expansive saga of a rapidly evolving America—from life on a farm, through the final years of Prohibition and bootlegging in the resort towns of New Hampshire, to the advent of modern times. “Remarkable for its grace, felicity and precision,” Jeffrey Lent’s debut novel is an utterly compelling vision of America, and an unforgettable portrait of an American family (Publishers Weekly, starred review). “Jeffrey Lent has quietly created some of the finest novels of our new century.” —Ron Rash “Jeffrey Lent builds characters and their world like a painter layering his canvas, telling his story but substantiating it with color and light.” —Tim Pears “Sentence by sentence . . . Lent’s language draws you in like a clear stream in summer.” —Tim Gautreaux "This title describes the ways in which animals adapt and get ready for winter during the fall. Readers will learn to observe the world around them as well as to spot signs of seasonal changes in nature"-- From James Preller, the author of Bystander, another unflinching book about bullying and its fallout. The summer before school starts, Sam's friend and classmate Morgan Mallen kills herself. Morgan had been bullied. Maybe she kissed the wrong boy. Or said the wrong thing. What about that selfie that made the rounds? Morgan was this, and Morgan was that. But who really knows what happened? As Sam explores the events leading up to the tragedy, he must face a difficult and life-changing question: Why did he keep his friendship with Morgan a secret? And could he have done something-anything-to prevent her final actions? This title has Common Core connections. Chosen by Joanna Scott as winner of the 2003 Mary McCarthy Prize in Short Fiction. The next twenty-four hours could be his last. THE NEW YORK TIMES BESTSELLING AUTHOR 'A dystopian odyssey through the dark authoritarian landscape of the modern world' The Times To be born American in the late twentieth century was to take the fact of a particular kind of American exceptionalism as granted – a state of nature arrived at after all else had failed. In the span of just thirty years, this assumption would come crashing down. After the fall, we must determine what it means to be American again. In 2017, as Ben Rhodes was helping Barack Obama begin his next chapter, the legacy they worked to build for eight years was being taken apart. To understand what was happening in America, Rhodes decided to look outwards. Over the next three years, he travelled to dozens of countries, meeting with politicians, activists, and dissidents confronting the same nationalism and authoritarianism that was tearing America apart. Along the way, a Russian opposition leader he spends time with is poisoned, the Hong Kong protesters he comes to know see their movement snuffed out, and America itself reaches the precipice of losing democracy before giving itself a second chance. After the Fall is a hugely ambitious and essential work of discovery. Throughout, Rhodes comes to realize how much America's fingerprints are on a world it helped to shape: through the excesses of the post-Cold War embrace of unbridled capitalism, post-9/11 nationalism and militarism, mania for technology and social media, and the racism that shaped the backlash to the Obama presidency. At the same time, he learns from a diverse set of characters – from Obama to rebels to a rising generation of leaders – how looking squarely at where America has gone wrong only makes it more essential to fight for what America is supposed to be – for itself, and for the entire world. When Lawrence Fox's teacher announces that students will be presenting their collections at show-and-tell, Lawrence realizes he doesn't have anything to share. Luckily, Papa knows just what to do to help! Together, they venture into the woods. Lawrence is scared at first, but as he grows comfortable in the forest, he starts to recognize its magic, and how beautiful and unique each tree and leaf is, allowing him to gather a splendid, one-of-a-kind collection of his own! This anthology of baseball's World Series history captures the best of times and the worst of times--from Casey Stengel's inside-the-park home run in 1923 to Cleveland/Atlanta series of 1995--as teams battled for glory and the national championship of America's favorite sport. Madeline Usher has been buried alive. The doomed heroine comes to the fore in this eerie reimagining of Edgar Allan Poe's classic short story "The Fall of the House of Usher." Gothic, moody, and suspenseful from beginning to end, The Fall is literary horror for fans of Miss Peregrine's Home for Peculiar Children and Asylum. Madeline awakes in a coffin. And she was put there by her own twin brother. But how did it come to this? In short, non-chronological chapters, Bethany Griffin masterfully spins a haunting and powerful tale of this tragic heroine and the curse on the Usher family. The house itself is alive, and it will never let Madeline escape, driving her to madness just as it has all of her ancestors. But she won't let it have her brother, Roderick. She'll do everything in her power to save him—and try to save herself—even if it means bringing the house down around them. With a sinister, gothic atmosphere and relentless tension to rival Poe himself, Bethany Griffin creates a house of horrors and introduces a whole new point of view on a timeless classic. Kirkus Reviews praised it in a starred review as "A standout take on the classic haunted-house tale replete with surprises around every shadowy corner." ANDY MILLER, BACKLISTED Over a prolific forty-year career, the Fall created a world that was influential, idiosyncratic and fiercely original - and defied simple categorisation. Their frontman and lyricist Mark E. Smith spun opaque tales that resisted conventional understanding; the Fall's worldview was an education in its own right. Bringing together previously unseen artwork, rare ephemera and handwritten material, alongside essays by a slate of fans, EXCAVATE! is a vivid, definitive record - an illumination of the dark corners of the Fall's wonderful and frightening world. All the shades have been drawn, all communication channels have mysteriously gone quiet. Dr. Eph Goodweather, head of a CDC rapid-response team investigating biological threats, boards the darkened plane . . . and what he finds makes his blood run cold. A terrifying contagion has come to the unsuspecting city, an unstoppable plague that will spread like an all-consuming wildfire—lethal, merciless, hungry . . . vampiric. And in a pawnshop in Spanish Harlem an aged Holocaust survivor knows that the war he has been dreading his entire life is finally here . . . Hauntingly beautiful, this new work by the author of "Lick Creek" is an extraordinarily moving novel about solitude, love, losing one's way, and finding something like home.
