The Red and the Black (World's Classics
Series) Oct 16 2023 This eBook has been
formatted to the highest digital standards and

adjusted for readability on all devices. The Red
and the Black tells the story of Julien Sorel's life
in a monarchic society of fixed social class. It is
a historical psychological novel which
chronicles the attempts of a provincial young
man to rise socially beyond his modest
upbringing through a combination of talent,
hard work, deception, and hypocrisy. He
ultimately allows his passions to betray him.
The novel has a two-fold literary purpose, being
both a psychological portrait of the romantic
protagonist, Julien Sorel, and an analytic,
sociological satire of the French social order
under the Bourbon Restoration.

Stendhal: The Red and the Black Apr 10
2023 Stendhal's great novel *The Red and the*
Black, published in 1830, is seen as one of the
most distinguished monuments of literary
realism. In this introductory study, Stirling
Haig shows how this realism derives from the
incorporation of both history and legal
reportage into the novel, and how it combines
autobiography with mimesis. Professor Haig
locates the novel in the context of Stendhal's
own experiences as a Commissariat officer in
the Napoleonic army, journalist, opera-lover,
salon dandy and traveller in Italy and
Restoration France, and highlights the constant
inter-penetration of personal, documentary, and

fictional elements in Stendhal's writings. *Red and the Black Volume I* EasyRead Edi Jul 21 2021 "The Red and the Black," is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.

The Abbess of Castro Nov 05 2022 Brigands, convents under siege, a prince who'd do Machiavelli proud . . . This adventurous novella from a writer famous for far longer works is a singular take on love and war in Renaissance Italy. Claiming to be translating from sixteenth-century manuscripts, Stendhal tells the story of two doomed young lovers—one the daughter of the wealthiest man in the district, the other a brigand. It's a genuinely moving tale of impossible love—with plenty of swordfights thrown in—that's unique in Stendhal's oeuvre, not least in its portrait of an intelligent woman who, ill-starred in love, turns to worldly power. There's also some sparkling analysis of the conditions that produced the great art of the Renaissance. But *The Abbess of Castro*—first published in the same year as Stendhal's novel *The Charterhouse of Parma*—is also characterized by themes that pervade his longer novels: political and familial machinations, a profoundly unsentimental view

of war, ambitious individuals undone by passion. Never before available as a standalone edition, the novella is a powerful dose of the writer at the peak of his skills.

The Red and the Black Apr 17 2021 A landmark in the development of psychological realism, Stendhal's masterpiece chronicles a young man's struggles with the dualities of his nature. Julien Sorel, a young dreamer from the provinces whose imagination is afire with Napoleonic ideals, sets off to make his fortune in Parisian society of Restoration France. His encounters and experiences along the way incite constant inner conflict, drawing him back and forth between sincerity and hypocrisy, idealism and cynicism, humility and pride, love and ambition.

INTRODUCTION Some slight sketch of the life and character of Stendhal is particularly necessary to an understanding of *Le Rouge et Le Noir* (The Red and the Black) not so much as being the formal stuffing of which introductions are made, but because the book as a book stands in the most intimate relation to the author's life and character. The hero, Julien, is no doubt, viewed superficially, a cad, a scoundrel, an assassin, albeit a person who will alternate the moist eye of the sentimentalist with the ferocious grin of the beast of prey. But Stendhal so far from putting forward any excuses makes a specific point of wallowing defiantly in his own alleged wickedness. "Even assuming that Julien is a villain and that it is my

portrait," he wrote shortly after the publication of the book, "why quarrel with me. In the time of the Emperor, Julien would have passed for a very honest man. I lived in the time of the Emperor. So—but what does it matter?" Henri Beyle was born in 1783 in Grenoble in Dauphiny, the son of a royalist lawyer, situated on the borderland between the gentry and that bourgeoisie which our author was subsequently to chastise with that malice peculiar to those who spring themselves from the class which they despise. The boy's character was a compound of sensibility and hard rebelliousness, virility and introspection. Orphaned of his mother at the age of seven, hated by his father and unpopular with his schoolmates, he spent the orthodox unhappy childhood of the artistic temperament. Winning a scholarship at the Ecole Polytechnique at the age of sixteen he proceeded to Paris, where with characteristic independence he refused to attend the college classes and set himself to study privately in his solitary rooms. In 1800 the influence of his relative M. Daru procured him a commission in the French Army, and the Marengo campaign gave him an opportunity of practising that Napoleonic worship to which throughout his life he remained consistently faithful, for the operation of the philosophical materialism of the French sceptics on an essentially logical and mathematical mind soon swept away all competing claimants for his religious adoration. Almost from his childhood, moreover, he had abominated the Jesuits, and

"Papism is the source of all crimes," was throughout his life one of his favourite maxims. After the army's triumphant entry into Milan, Beyle returned to Grenoble on furlough, whence he dashed off to Paris in pursuit of a young woman to whom he was paying some attention, resigned his commission in the army and set himself to study "with the view of becoming a great man." It is in this period that we find the most marked development in Beyle's enthusiasm of psychology. This tendency sprang primarily no doubt from his own introspection. For throughout his life Beyle enjoyed the indisputable and at times dubious luxury of a double consciousness. He invariably carried inside his brain a psychological mirror which reflected every phrase of his emotion with scientific accuracy. And simultaneously, the critical spirit, half-genie, half-demon inside his brain, would survey in the semi-detached mood of a keenly interested spectator, the actual emotion itself, applaud or condemn it as the case might be, and ticket the verdict with ample commentations in the psychological register of its own analysis.

Speaking of Stendhal Aug 22 2021 Storm Jameson writes of Stendhal "as one speaks in suitable company of a friend". She knew him very well. Over the years she read everything available by him and she immersed herself in his life and his writings - and the two cannot be separated. As a biographical subject, Stendhal is vastly more rewarding than many literary figures. Something was forever happening to

him; usually another passionate love affair. Life at home, in his youth, was a smouldering battleground: he hated his father, and when he rejoiced at the execution of Louis XVI, "be sure", Storm Jameson adds, "that another head glimmered in his mind." There was his naively close relationship with his sister Pauline, whom however he later outgrew, so that "he would do anything he could for her except live with her." There was his brief but horrifying experience of Napoleon's wars. And of course, there was his passion for travel, for society, for the opera, for Italy. It all became part of the texture of his books. What is so astonishing is that his contemporaries were unconscious of his genius: even his old friend Merimee patronised him as a failure. Posterity has set that right, and this study, so lucidly and perceptively written, and providing so many insights, gives a marvellously concise picture of a rich and varied life.

Scarlet and Black Dec 06 2022 The son of a carpenter, Julian Sorel is inspired by the writings of Napoleon to conquer the heights of society. His initial plan to work his way up through the church is, however, thwarted when he is forced to accept employment as a tutor-- and this rash social entrepreneur certainly has not considered the dangers of falling in love. Stendhal's novel is an amusing and piquant study of hypocrisy and free will in post-Napoleonic France.

The Stendhal Syndrome Nov 24 2021 The Stendhal Syndrome is named for the French

novelist, who on a visit to Florence had such a visceral and physical reaction to its beauty that he wrote, "I felt a pulsating in my heart. Life was draining out of me, while I walked fearing a fall." Now Terrence McNally, one of our most beloved playwrights, has crafted two stunning and witty plays about art and how it transforms us. *Full Frontal Nudity* explores the reaction of three American tourists to the perfection and beauty of Michelangelo's David. In *Prelude and Liebstod*, a renowned conductor watches his life unravel while conducting Wagner's musical masterpiece. With its world premiere in the winter of 2004 starring Frank Langella and Isabella Rossellini, *The Stendhal Syndrome* will join the ranks of important plays by this American master.

The Red and the Black Jul 01 2022

Handsome, ambitious Julien Sorel is determined to rise above his humble provincial origins. Soon realizing that success can only be achieved by adopting the subtle code of hypocrisy by which society operates, he begins to achieve advancement through deceit and self-interest. His triumphant career takes him into the heart of glamorous Parisian society, along the way conquering the gentle, married Madame de Renal, and the haughty Mathilde. But then Julien commits an unexpected, devastating crime - and brings about his own downfall. *The Red and the Black* is a lively, satirical portrayal of French society after Waterloo, riddled with corruption, greed and

ennui, and Julien - the cold exploiter whose Machiavellian campaign is undercut by his own emotions - is one of the most intriguing characters in European literature. About Stendhal: " Henri-Marie Beyle, better known by his pen name Stendhal, was a 19th-century French writer. Known for his acute analysis of his characters' psychology, he is considered one of the earliest and foremost practitioners of realism in his two novels *Le Rouge et le Noir* (*The Red and the Black*, 1830) and *La Chartreuse de Parme* (*The Charterhouse of Parma*, 1839). " I was taking the train from Geneva to Grenoble, one of the most beautiful routes in the world, and I was reading *Le Rouge et le Noir* for the second time. I hadn't picked the book because I was visiting Grenoble, it just worked out that way. I was alone in the compartment; it was one of those old-fashioned carriages which still had compartments. At the fifth or sixth stop, the door opened, and a young woman entered carrying a lot of heavy luggage. She asked me, in French, if I'd mind helping her put it up on the rack, and I did so. She smiled and thanked me, I smiled back. She was small, dark and very pretty in a North African way. We got chatting, and quickly determined that her English was slightly worse than my French; the conversation, which initially had mixed both languages, settled down to being completely francophone. She told me that French was her second language, Berber being the first, but she sounded pretty near perfect to me. She

asked what my book was, and I showed it to her. She'd said she'd never read it. I did my best to explain, while she looked at me with her huge dark eyes. Julien gets involved with two women. Madame de Renal is kind and gentle, and she truly loves him, but he is forced by circumstances to leave her. He then later falls in love with Mathilde. I remember that I described her as *bizarre et cruelle*, and added that she reminded me of someone I had once loved. She nodded; she had had a similar experience. I apologised for my very insufficient command of French. *Vous trouvez les mots*, she replied. I have always treasured this compliment. Usually I am inarticulate in French, but just then I was indeed able to find words. " " The Red and the Black draws a colorful mosaic about the required hypocrisy to climb the ladder of social status in the France of the July Revolution. Chronicled by an omniscient narrator, who meets every requisite to be Stendhal himself, the reader follows the story of Julien Sorel, a young man of humble origins whose only ambition is to ascend in the social hierarchy in a world still dominated by the Machiavellian politicking of the clergy and the nobility after the downfall of the Emperor. Despised by his family because of his "extravagant" taste for reading, Julien makes of Napoleon his surrogate father and plans his future with militaristic, almost obsessive precision. The army (The Red) is no longer in fashion and so he chooses his career among the pious men of faith (The Black). First as a

seminarist and then as a tutor of Latin, Julien will learn the bearing, the deferential poise and the conversational skills to achieve his so much desired goal that will lead him to Paris, the capital of sophisticated *Savoir-Faire*.

Stendhal Jun 12 2023 Victor Brombert is a lion in the study of French literature, and in this classic of literary criticism, he turns his clear and perspicacious gaze on the works of one of its greatest authors—Stendhal. Best remembered for his novels *The Red and the Black* and *The Charterhouse of Parma*, Stendhal is a writer of extraordinary insight into psychology and the many shades of individual and political liberty. Brombert has spent a lifetime reading and teaching Stendhal and here, by focusing on the seemingly contradictory themes of inner freedom and outer constraint within Stendhal's writings, he offers a revealing analysis of both his work and his life. For Brombert, Stendhal's work is deeply personal; elsewhere, he has written about the myriad connections between Stendhal's ironic inquiries into identity and his own boyhood in France on the brink of World War II. Proceeding via careful and nuanced readings of passages from Stendhal's fiction and autobiography, Brombert pays particular attention to style, tone, and meaning. Paradoxically, Stendhal's heroes often feel most free when in prison, and in a statement of stunning relevance for our contemporary world, Brombert contends that Stendhal is far clearer than any writer before him on the "crisis and

contradictions of modern humanism that . . . render political freedom illusory." Featuring a new introduction in which Brombert explores his earliest encounters with Stendhal—the beginnings of his "affair" during a year spent as a Fulbright scholar in Rome—Stendhal remains a spirited, elegant, and resonant account. *Stendhal* Oct 24 2021 Both critic and writer, Stendhal has now become established as one of realism's founding fathers. Dr Pearson's book maps out, for the first time, the critical reception of Stendhal's two most widely read novels, *The Red and the Black* and *The Charterhouse of Parma* since their publication in 1830 and 1839 respectively. In part one he provides generous samples of the most important nineteenth-century responses to the novels, almost all of them translated into English for the first time. Part two presents a full range of the most authoritative and influential readings since 1945, which illustrate a wide variety of critical approaches. *The Red and the Black Stendhal* Feb 08 2023 *The Red and the Black*, Stendhal's masterpiece, is the story of Julien Sorel, a young dreamer from the provinces, fueled by Napoleonic ideals, whose desire to make his fortune sets in motion events both mesmerizing and tragic. Sorel's quest to find himself, and the doomed love he encounters along the way, are delineated with an unprecedented psychological depth and realism. At the same time, Stendhal weaves together the social life and fraught political intrigues of post-

Napoleonic France, bringing that world to unforgettable, full-color life. His portrait of Julien and early-nineteenth-century France remains an unsurpassed creation, one that brilliantly anticipates modern literature.

Stendhal's Parallel Lives Feb 13 2021 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch's Parallel Lives. Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire, Restoration and Orleanism, as well as his theorizations of Romanticism. In particular, the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing: the self-construction of individual identity, whether (auto)biographical or fictional, by means of the emulation (as distinct from the imitation) of heroic exemplars. As a consequence, the balance between irony and idealism often identified by critics in Stendhal's

work is shown rather to be an imbalance, weighted in favour of an idealism derived from Plutarchan conceptions of heroism, particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus.

The Charterhouse of Parma May 31 2022 The Charterhouse of Parma is a novel by Stendhal published in 1839. It tells the story of the life and love of a young Italian nobleman Fabrice del Dongo. The novel is full of political intrigues, complicated love triangles, true friendship, and loss.
