A “marvelous history”\* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize–winning author of *The Guns of August* \*Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—*The New York Review of Books* “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—*The Wall Street Journal* “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—*Commentary* THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, “Contending Voices,” offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1?41); Volume 1: To 1877 (Chapters 1?22); Volume 2: Since 1865 (Chapters 22?41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history. One of this generation's hottest and boldest young comedians presents a transgressive and hilarious analysis of all of our dysfunctional relationships, and attempts to point us in the vague direction of sanity. Daniel Sloss's stand-up comedy engages, enrages, offends, unsettles, educates, comforts, and gets audiences roaring with laughter—all at the same time. In his groundbreaking specials, seen on Netflix and HBO, he has brilliantly tackled everything from male toxicity and friendship to love, romance, and marriage—and claims (with the data to back it up) that his on-stage laser-like dissection of relationships has single-handedly caused more than 300 divorces and 120,000 breakups. Now, in his first book, he picks up where his specials left off, and goes after every conceivable kind of relationship—with one's country (Sloss's is Scotland); with America; with lovers, ex-lovers, ex-lovers who you hate, ex-lovers who hate you; with parents; with best friends (male and female), not-best friends; with children; with siblings; and even with the global pandemic and our own mortality. In *Everyone You Hate Is Going to Die*, every human connection gets the brutally funny (and unfailingly incisive) Sloss treatment as he illuminates the ways in which all of our relationships are fragile and ridiculous and awful—but also valuable and meaningful and important. Traces the history of the United States from the arrival of the first Indian people to the present day. Printed in color. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender. The field of disability studies significantly contributes to contemporary discussions of the marginalization of and social justice for individuals with disabilities. However, what of disability in the past? *The Medieval Disability Sourcebook: Western Europe* explores what medieval texts have to say about disability, both in their own time and for the present. This interdisciplinary volume on medieval Europe combines historical records, medical texts, and religious accounts of saints' lives and miracles, as well as poetry, prose, drama, and manuscript images to demonstrate the varied and complicated attitudes medieval societies had about disability. Far from recording any monolithic understanding of disability in the Middle Ages, these contributions present a striking range of voices-to, from, and about those with disabilities-and such diversity only confirms how disability permeated (and permeates) every aspect of life. *The Medieval Disability Sourcebook* is designed for use inside the undergraduate or graduate classroom or by scholars interested in learning more about medieval Europe as it intersects with the field of disability studies. Most texts are presented in modern English, though some are preserved in Middle English and many are given in side-by-side translations for greater study. Each entry is prefaced with an academic introduction to disability within the text as well as a bibliography for further study. This sourcebook is the first in a proposed series focusing on disability in a wide range of premodern cultures, histories,

and geographies. Traces the history of the United States from the arrival of the first Indian people to the present day. THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th edition places an even greater emphasis on the global context of American history through a new feature, Thinking Globally. Revised primary source features excite student interest and help them learn to examine documents the way historians do. Additional pedagogical features make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In Here She Is, Hilary Levey Friedman reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement's signature achievements, including bringing women into the public sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from The Bachelor and RuPaul's Drag Race to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America's ableist and racist history, Trump's ownership of the Miss Universe Organization, and the death of child pageant-winner JonBenét Ramsey. Presenting a more complex narrative than what's been previously portrayed, Here She Is shows that as American women continue to evolve, so too will beauty pageants. From a writer/producer of Family Guy, a satirical look at a dysfunctional southern family complete with an overbearing stage mom, a 9 year-old pageant queen, a cheating husband, his teenage girlfriend, a crazy grandmother, and Jesus. After eight-and-a-half years and three hundred twenty-three pageants, Miranda Miller has become the ultimate stage mother. Her mission in life is to see that her nine-year-old daughter, Bailey, continues to be one of the most successful child pageant contestants in the southern United States. But lately, that mission has become increasingly difficult. Bailey wants to retire and has been secretly binge eating to make herself "unpageantable;" and the reality show Miranda has spent years trying to set up just went to their biggest rival. But Miranda has a plan. She's seven months pregnant with her fourth child, a girl (thank God), and she is going to make damn sure this one is even more successful than Bailey, even if the new girl is a little different. Miranda's husband, Ray, however, doesn't have time for pageants. A full-time nurse, Ray spends his days at the hospital where he has developed a habit of taking whatever pills happen to be lying around. His nights are spent working hospice and dealing with Courtney, the seventeen-year-old orphan granddaughter of one of his hospice patients who he has, regrettably, knocked up. With a pregnant wife, a pregnant teenage mistress, two jobs, a drug hobby, and a mountain of debt, Ray is starting to take desperate measures to find some peace. Meanwhile, the Millers' two sons are being homeschooled by Miranda's mother, Joan (pronounced Jo-Ann), a God-fearing widow who spends her free time playing cards and planning a murder with Jesus. Yes, Jesus. A bright new voice in satirical literature, Kirker Butler pulls no punches as he dissects our culture's current state of affairs. It's really funny, but it's also pretty ugly. For this twelfth edition of The American Pageant, we have worked together closely to incorporate the most recent scholarship about American history, and to preserve the readability that has long been the Pageant's hallmark. We are often told that the Pageant is the sole American history text that has a distinctive personality -- defined by clarity, concreteness, a consistent chronological narrative, strong emphasis on major themes, avoidance of clutter, access to a variety of interpretive perspectives, and a colorful writing style leavened, as appropriate, with wit. - Preface.
