Harmonic Dictation: Four-Part Settings of the Tonic Triad

The tonic triad is presented with all the possibilities of soprano-line motion. Since all the chords are in root position, you can easily fill in the bass line. Listen then for the direction of the soprano line. What is the melodic interval from one note to the next? Since the soprano will itself outline the tonic triad it should be easy to work out. Finally, fill in the inner voices, paying particular attention to the rules of part-writing.

Fanatic's Guide to Ear Training and Sight Singing Bruce E. Arnold, 2007 Just as an artist must know every color in order to create a beautiful painting a musician must know and hear all the notes of the musical palette in order to create good music This ear training method has been developed to teach the student how to hear the way musical sounds are organized within a key With proper application the student will be able to recognize notes without depending on an instrument identify which notes other musicians are playing instantly know what key a chord progression is in sing or transcribe the notes in a given melody This method differs in that it develops the ability to identify and name all twelve pitches within a key center A student gains the ability to identify sound based on its relationship to a key and not the relationship of one note to another P 4 of cover and p 77
