Making Short Films, Third Edition Apr 16 2021 Making movies is the most exciting way to earn a living and it is not surprising that media and film studies remain the most popular courses at colleges across the western world. A short film provides an opportunity for elliptical, poetic, condensed story telling. Shorts can take risks rarely seen in features. It is the arena where a strong voice or individual vision is possible; an invitation for experimentation and originality. **Making Short Films, 3rd edition** is entirely revised and restructured, providing a much more complete and detailed guide to filmmaking, with more information on new technology, illustrations and ideas for best practice.

The Essential Guide to Motorcycle Travel, 2nd Edition Mar 08 2023

Motorcyclists in record numbers are heading out on ambitious trips across America and around the world. The Essential Guide to Motorcycle Travel offers essential advice to fully prepare them for traveling long distances over extended periods. Whether you are getting ready for a weekend trip beyond your home turf, or for a transcontinental odyssey lasting several years, Coyner's book details the fundamentals for riding in comfort, safety, and convenience. In three major sections, this book covers trip planning, rider preparation, and outfitting the motorcycle. This newest edition has been completely updated to reflect current information and the newest trends in mobile technology, as it relates to motorcycle touring. Coyner lays out the steps for planning a worry-free, fun trip, one that starts with the rider physically and mentally prepared. On the road, having good riding gear can make a dramatic difference in comfort and safety as the weather changes from dry to wet, and from hot to cold. Coyner describes the important aspects of personal preparation and describes the major kinds of riding gear and how they work to control body temperature and moisture. As motorcycle technology has evolved, so have aftermarket accessories, which are made to address virtually every special need. Coyner shows you step-by-step how electrical modifications can be made, and provides specific sections on high-performance lighting and conspicuity, GPS and other cockpit instruments, entertainment and communication devices, cameras and camcorders, ergonomic enhancements, suspension improvements, luggage and storage additions, and trailers. Over 250 full-color photographs illustrate riding gear, accessories, and modifications that will make any motorcycle adventure the trip of a lifetime.

Inside Algeria Mar 28 2022 Photographs by Michael von Graffenried Introduction by Mary-Jane Deeb Foreword by Robert Delpire Michael von Graffenried, award-winning Swiss photographer, covertly photographed civil strife in Algeria from the early 1990s through 1998. In a land where Islamic terrorists have executed over sixty journalists and photographers in the last seven years, Graffenried's very survival is remarkable. His extraordinary accomplishment, however, is these photographs, which form a composite of Algeria that is more whole than the nation itself, fractured by one segment of the population in favor of democracy and another in favor of an Islamic state.
