Lying

Lies (and the Lying Liars Who Tell Them) Al Franken, 2004-08-05 Al Franken one of America's savviest satirists has been studying the rhetoric of the Right He has listened to their cries of slander bias and even treason He has examined the Bush administration's policies of squandering our surplus ravaging the environment and alienating the rest of the world He's even watched Fox News A lot And in this fair and balanced report Al bravely exposes them all for what they are liars Lying lying liars

Lying and Deception in Everyday Life Michael Lewis, Carolyn Saarni, 1993-02-05 I speak the truth not so much as I would but as much as I dare Montaigne All cruel people describe themselves as paragons of frankness Tennessee Williams Truth and deception like good and evil have long been viewed as diametrically opposed and unreconcilable Yet few people can honestly claim they never lie In fact deception is practiced habitually in day to day life from the polite compliment that doesn't accurately relay one's true feelings to self deception about one's own motivations What fuels the need for people to intricately construct lies and illusions about their own lives If deceptions are unconscious does it mean that we are not responsible for their consequences Why does self deception or the need for illusion make us feel uncomfortable Taking into account the sheer ubiquity and ordinariness of deception this interdisciplinary work moves away from the cut and dried notion of duplicity as evil and illuminates the ways in which deception can also be understood as a adaptive response to the demands of living with others The book articulates the boundaries between unethical and adaptive deception demonstrating how some lies serve socially approved goals while others provoke distrust and condemnation Throughout the volume focuses on the range of emotions from feelings of shame fear or envy to those of concern and compassion that motivate our desire to deceive ourselves and others Providing an interdisciplinary exploration of the widespread phenomenon of lying and deception this volume promotes a more fully integrated understanding of how people function in their everyday lives Case illustrations humor and wit concrete examples and even a mock television sitcom script bring the ideas to life for clinical practitioners behavioral scientists and philosophers and for students in these realms

Lying Sam Harris, 2013-10-23 As it was in Anna Karenina Madame Bovary and Othello so it is in life Most forms of private vice and public evil are kindled and sustained by lies Acts of adultery and other personal betrayals financial fraud government corruption even murder and genocide generally require an additional moral defect a willingness to lie In *Lying* best selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie He focuses on white lies those lies we tell for the purpose of sparing people discomfort for these are the lies that most often tempt us And they tend to be the only lies that good people tell while imagining that they are being good in the process

Lying Sissela Bok, 1999 Is it ever all right to lie A philosopher looks at lying and deception in public and private life in government medicine law academia journalism in the family and between friends Lying is a penetrating and thoughtful examination of one of the most pervasive yet little discussed aspects of our public and private lives Beginning with the moral questions raised about lying since antiquity Sissela Bok takes up the justifications offered for all kinds of lies white lies lies to the sick and dying lies of parents to children lies to enemies lies to protect clients and peers The consequences of such lies are then explored through a number of concrete situations in which people are involved either as liars or as the victims of a lie

The Concise Book of Lying Evelin E. Sullivan, 2002 With lively wit and breezy sophistication novelist Evelin Sullivan tackles the most pervasive of human sins using history and mythology anecdote and analysis to discover the truth about lying

The Oxford Handbook of Lying Jörg Meibauer, 2018-11-15 This handbook brings together past and current research on all aspects of lying and deception with chapters contributed by leading international experts in the field We are confronted daily with cases of lying deception bullshitting and fake news making it imperative to understand how lying works how it can be defined and whether it can be detected A further important issue is whether lying should always be considered a bad thing or if in some cases it is simply a useful instrument of human cognition This volume is the first to offer a comprehensive and up to date exploration of these and other issues from the combined perspectives of linguistics philosophy and psychology Chapters offer precise definitions of lying and its subtypes and outline the range of fields in which lying and deception play a role from empirical lie detection and the acquisition of lying to its role in fiction metaphor and humour They also describe the tools and approaches that are used by scholars researching lying and deception such as questionnaire studies EEG neuroimaging and the polygraph The volume will be an essential reference for students and researchers in a range of fields who are looking to deepen their understanding of all aspects of lying and deception and will contribute to establishing the vibrant new field of interdisciplinary lying research

Lying and Deception Thomas L. Carson, 2010-04-29 This is the most comprehensive and up to date investigation of moral and conceptual questions about lying and deception Carson argues that there is a moral presumption against lying and deception that causes harm he examines case studies from business politics and history and he offers a qualified defence of the view that honesty is a virtue

Illustrations of Lying Amelia Opie, 1825

The Truth about Lying Stan B. Walters, 2000 Based on the same methods used by law enforcement professionals but appropriate for everyday interactions the skills and techniques promoted by Walters can be applied to spot a liar and get the truth The author was a Dateline NBC consultant on the Jon Benet Ramsey Case

From Lying to Perjury Laurence R. Horn, 2022-06-06 This volume provides new insights on lying and intentionally misleading in and out of the courtroom a timely topic for scholarship and society Not all deceptive statements are lies not every lie under oath amounts to perjury but what are the relevant criteria Taxonomies of falsehood based on illocutionary force utterance context and speakers intentions have been debated by linguists moral philosophers social psychologists and cognitive scientists Legal scholars have examined the boundary between actual perjury and garden variety lies The fourteen previously unpublished essays in this book apply theoretical and empirical tools to delineate the landscape of falsehood half truth perjury and verbal manipulation including puffery bluffing and bullshit The papers in this collection address conceptual and ethical aspects of lying vs misleading and the correlation of this opposition with the Gricean pragmatic distinction between what is said and what is implicated The questions of truth and lies addressed in this volume have long engaged the attention of scholars in linguistics philosophy psychology cognitive science organizational research and the law and researchers from all these fields will find this book of interest

Illustrations of Lying Amelia Alderson Opie,1825

Illustrations of Lying Amelia Alderson Opie,2023-07-18 In this groundbreaking work Amelia Alderson Opie exposes the various forms of lying that pervade society from the harmless white lies we tell to spare someone's feelings to the more pernicious false claims made by those in power Opie argues that lying is not only morally wrong but also detrimental to the social fabric and provides advice on how to recognize and combat lying in all its forms A must read for anyone interested in ethics and moral philosophy This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

You're Lying Lena Sisco, 2015-04-20 Worried about being lied to Let certified military interrogator and Naval Human Intelligence Officer Lena Sisco show you how to spot a lie Lena wrote You re Lying because no matter what your profession or life circumstances you need the skills to take control of a situation detect deception and reveal the truth While you probably won t ever have to interrogate a detainee who doesn t want to tell you about an upcoming terrorist attack as Lena has You re Lying will help you deal with that salesperson trying to rip you off the kid bullying your child who claims innocence a cheating spouse or dissembling boss As the adage says knowledge is power Lena interrogated numerous members of Al Qaeda and the Taliban while stationed at Guantanamo Bay Cuba then taught those skills to Defense Department personnel for years afterward Her ability to build rapport accurately read body language and employ effective questioning techniques led to numerous successes that saved American lives You will also learn her easy to follow five step program on how to accurately detect verbal both spoken and written and non verbal deceptive tells how to conduct an effective line of questioning and what to do after you identify the lies we all face every day Take the knowledge in You re Lying and empower yourself Don t get fooled again

The Truth about Lying Gini Graham Scott, 2021-05-03 THE TRUTH ABOUT LYING is a book about how and why people lie how we respond when others lie to us how to tell when someone is lying and what to do about it The book includes a questionnaire to determine your own Lie Q score how much you lie As the book illustrates we lie for all kinds of reasons to protect ourselves gain an advantage avoid punishment protect other s feelings escape blame or get out of something we don t want to do Though philosophers religious leaders teachers and parents tell us lying is morally wrong at some time everyone does it And in the last decade we have seen more and more examples of lying in the daily news GINI GRAHAM SCOTT PhD is a writer publisher and film producer who has published over 200 books 50 for traditional publishers and 150 for her own company Changemakers Publishing specializing in books on self help popular business and social issues She also writes reviews and ghostwrites books and scripts for clients She has written and executive produced 12 feature films documentaries and TV series

Subjects of Deceit Alison Leigh Brown, 1998-01-22 Philosophy has traditionally concerned itself with truth and the knowledge of truth but in recent years these concerns have been undermined or redirected Systematic philosophy is said to be dead Thus epistemology according to this popular series of views is properly transformed into epistemologies If we accept multiple epistemologies however truth and lying become even more frightening and elusive lying always coexists with truth In this book Alison Leigh Brown explores the connection between epistemological and moral lying She shows that although telling a lie a moral category is not the same thing as being in untruth an epistemological category these two aspects of life are related Throughout the book a phenomenology of deceit is interspersed with a continuing dialogue between the phenomenologist and one of her students

Pathology of Lying, Accusation, and Swindling William Healy, 2012-11-01 Very little advancement in the treatment of delinquents or criminals can be expected if typical characteristics and their bearings on behavior are not understood The whole study of characterology or the motivation of conduct is extremely new particularly in their forensic and psychological significance It is these characteristics that are addressed here In some cases it is vital for the administration of justice for us to understand the types of personality and behaviors before rendering a final judgment Some appreciation of this fact may be gained from this book which shows the possibility of tracing one form of behavior to its source

Born Liars Ian Leslie, 2011-05-21 Lying is an intrinsic part of our social fabric but it is also a deeply problematic and misunderstood aspect of what makes us human Ian Leslie takes us on a fascinating journey that makes us question not only our own relationship to the truth but also virtually every daily encounter we have On the way he dissects the history of the lie detector how parents affect their children's attitude to lying and vice versa Who Wants to Be a Millionaire the philosophical ambiguity of telling the truth Bill Clinton's presentational prowess Wonder Woman's lasso of truth and why we should be wary of anyone with more than 150 Facebook friends Born Liars is thought provoking anecdotally driven narrative nonfiction at its best Ian Leslie's intoxicating blend of anthropology biology cultural history philosophy and popular psychology belies a serious central message that humans have evolved and thrived in large part because of their ability to deceive

Lying in State Eric Alterman, 2020 The definitive history of presidential lying revealing how our standards for truthfulness have eroded and why Trump's lies are especially dangerous If there's one thing we know about Donald Trump it's that he lies But he's by no means the first president to do so In Lying in State Eric Alterman asks how we ended up with such a pathologically dishonest commander in chief showing that from early on the United States has persistently expanded its power and hegemony on the basis of presidential lies He also reveals the cumulative effect of this deception each lie a president tells makes it more acceptable for subsequent presidents to lie and the media's complicity in spreading misinformation Donald Trump then represents not an aberration but the culmination of an age old trend Full of vivid historical examples and trenchant analysis Lying in State is essential reading for anyone seeking to understand how we arrived in this age of alternative facts

Why Leaders Lie: The Truth About Lying in International Politics John J. Mearsheimer, 2011-01-07 For more than two decades John J Mearsheimer has been regarded as one of the foremost realist thinkers on foreign policy Clear and incisive as well as a fearlessly honest analyst his coauthored 2007 New York Times bestseller The Israel Lobby and U S Foreign Policy aroused a firestorm with its unflinching look at the making of America's Middle East policy Now he takes a look at another controversial but understudied aspect of international relations lying In Why Leaders Lie Mearsheimer provides the first systematic analysis of lying as a tool of statecraft identifying the varieties the reasons and the potential costs and benefits Drawing on a wealth of examples he argues that leaders often lie for good strategic reasons so a blanket condemnation is unrealistic and unwise Yet there are other kinds of deception besides lying including concealment and spinning Perhaps no distinction is more important than that between lying to another state and lying to one's own people Mearsheimer was amazed to discover how unusual interstate lying has been given the atmosphere of distrust among the great powers he found that outright deceit is difficult to pull off and thus rarely worth the effort Moreover it sometimes backfires when it does occur Khrushchev lied about the size of the Soviet missile force sparking an American build up Eisenhower was caught lying about U 2 spy flights in 1960 which scuttled an upcoming summit with Krushchev Leaders are more likely to mislead their own publics than other states sometimes with damaging consequences Though the reasons may be noble Franklin Roosevelt for example lied to the American people about German U boats attacking the destroyer USS Greer in 1940 to build a case for war against Hitler they can easily lead to disaster as with the Bush administration's falsehoods about Iraq's weapons of mass destruction There has never been a sharp analysis of international lying Now a leading expert provides a richly informed and powerfully argued work that will change our understanding of why leaders lie

Thank you for reading **Lying**. Maybe you have knowledge that, people have look hundreds times for their favorite novels like this Lying, but end up in malicious downloads.

Rather than reading a good book with a cup of tea in the afternoon, instead they juggled with some malicious bugs inside their computer.
