**Shackleton: Leadership Lessons from Antarctica** Arthur Ainsberg, 2010-04 The more I read about Shackleton the

more I realized how truly heroic leadership is almost impossible to find in today's businesses. Despite all the research and programs devoted to motivating employees, most workers admit they feel disenfranchised in their daily work life. In reading the Shackleton story, it became clear to me that Shackleton's leadership lessons could benefit these very same people. This book is my attempt to bring an extraordinary explorer's leadership lessons to those business leaders who on a daily basis must guide their workforce towards a common goal. Because Shackleton's story is more than just one man fighting for survival in the Arctic region — it is about coordinating teamwork under the most strenuous conditions. Even in the fast-paced and often unpredictable business world, leaders can use Shackleton's strategies to make every team effort a successful one. In this book are inspirational lessons from one of the greatest leaders of the 20th century — lessons that can enrich both the way we work and the lives of those we lead.

**Ernest Shackleton** Rebecca L. Johnson, 2003-01-01 A biography of Sir Ernest Shackleton, the daring charismatic Antarctic explorer who fell short of his goal of crossing Antarctica but accomplished a far greater feat by bringing every member of his crew back alive. South with Endurance Frank Hurley, 2001 The definitive collection of Frank Hurley's amazing photos from Shackleton's Antarctic expedition is the first book to reproduce all the surviving expedition photos, some of which have never been published. Over 450 photos.

**Project Management, Denial, and the Death Zone** Grant Avery, 2015-10 Today less than a third of projects deliver their specified business benefits on time and within budget. Nearly 20% of all projects fail outright and under-delivery of benefits on the average project is as high as 50%. Acutely aware of this and without understanding the root causes of the problem, organizations are busy advancing capabilities and investing in methodologies and processes that increase complexity but just deliver more failure. Using examples and lessons learned from high-risk environments where the price of project failure is death, this innovative and captivating guide provides powerful insights into the root causes of project failure and how to manage them. This essential reference for business leaders, portfolio owners, project and program managers, business analysts, and risk managers explores the drivers of risk in projects, the relationship between our ambitions and our abilities, and provides pragmatic, real-world solutions to this constancy of project failure that readers can apply directly to their organization.

**Shackleton** Ranulph Fiennes, 2021-09-16 Discover the exhilarating true story of Ernest Shackleton's legendary Antarctic expedition. Told through the words of the world's greatest living explorer, Sir Ranulph Fiennes, one of the only men to understand his experience first-hand. For anyone with a passion for polar exploration, this is a must-read. **NEW YORK TIMES** THE definitive book on Shackleton and no one could have done it better: an authentic account by one of the few men who truly knows what it's like to challenge Antarctica. **LORRAINE KELLY** \_\_\_\_\_ In 1915, Sir Ernest Shackleton's attempt to be the first to traverse the Antarctic was cut short when his ship, *Endurance*, became trapped in ice. He and his crew should have died. Instead, through a long, dark winter, Shackleton fought back, enduring sub-zero temperatures, a perilous lifeboat journey across icy seas, and a murderous march over glaciers to seek help. Shackleton's epic trek is one of history's

most enthralling adventures But who was he How did previous Antarctic expeditions and his rivalry with Captain Scott forge him And what happened afterwards to the man many believed was invincible In this astonishing account Fiennes brings the story vividly to life in a book that is part celebration part vindication and all adventure \_\_\_\_\_ Fiennes makes a fine guide on voyage into Shackleton s world What makes this book so engaging is the author s own storytelling skills Irish Independent Fiennes relates these tales of exploration and survival adding insight to Shackleton s journeys unlike any other biographer Radio Times Praise for Sir Ranulph Fiennes The World s Greatest Living Explorer Guinness Book of Records Full of awe inspiring details of hardship resolve and weather that defies belief told by someone of unique authority No one is more tailor made to tell this story than Sir Ranulph Fiennes Newsday Fiennes own experiences certainly allow him to write vividly and with empathy of the hell that the men went through Sunday Times Fiennes brings the promised perspective of one who has been there illuminating Shackleton s actions by comparing them with his own Beginners to the Heroic Age will enjoy this volume as will serious polar adventurers seeking advice For all readers it s a tremendous story Sara Wheeler The Wall Street Journal

thereafter he captured some of the most unforgettable images of the struggle with a pocket camera and three rolls of Kodak film Journey Through Britain John Hillaby, 1995 First published 1968 John Hillaby recounts his famous walk from Land's End to John O'Groats

**Black Hearts** Jim Frederick, 2010-02-09 Riveting a testament to a misconceived war and to the ease with which ordinary men under certain conditions can transform into monsters New York Times Book Review This is the story of a small group of soldiers from the 101st Airborne Division's fabled 502nd Infantry Regiment a unit known as the Black Heart Brigade Deployed in late 2005 to Iraq's so called Triangle of Death a veritable meat grinder just south of Baghdad the Black Hearts found themselves in arguably the country's most dangerous location at its most dangerous time Hit by near daily mortars gunfire and roadside bomb attacks suffering from a particularly heavy death toll and enduring a chronic breakdown in leadership members of one Black Heart platoon 1st Platoon Bravo Company 1st Battalion descended over their year long tour of duty into a tailspin of poor discipline substance abuse and brutality Four 1st Platoon soldiers would perpetrate one of the most heinous war crimes U.S. forces have committed during the Iraq War the rape of a fourteen year old Iraqi girl and the cold blooded execution of

her and her family Three other 1st Platoon soldiers would be overrun at a remote outpost one killed immediately and two taken from the scene their mutilated corpses found days later booby trapped with explosives Black Hearts is an unflinching account of the epic tragic deployment of 1st Platoon Drawing on hundreds of hours of in depth interviews with Black Heart soldiers and first hand reporting from the Triangle of Death Black Hearts is a timeless story about men in combat and the fragility of character in the savage crucible of warfare But it is also a timely warning of new dangers emerging in the way American soldiers are led on the battlefields of the twenty first century *South!* Ernest Shackleton,2019-01-16T02:44:26Z South tells one of the most thrilling tales of exploration and survival against the odds which has ever been written It details the experiences of the Imperial Trans Antarctic Expedition which set off in 1914 to make an attempt to cross the Antarctic continent Under the direction of Sir Ernest Shackleton the expedition comprised two components one party sailing on the Endurance into the Weddell Sea which was to attempt the actual crossing and another party on board the Aurora under the direction of Aeneas Mackintosh sailing into the Ross Sea on the other side of the continent and tasked with establishing depots of stores as far south as possible for the use of the party attempting the crossing Shackleton gives a highly readable account of the fate of both parties of the Expedition Both fell victim to the severe environmental conditions of the region and it was never possible to attempt the crossing The Endurance was trapped in pack ice in the Weddell Sea and the ship was eventually crushed by the pressure of the ice leaving Shackleton s men stranded on ice floes far from solid land Shackleton s account of their extraordinary struggles to survive is as gripping as any novel This book is part of the Standard Ebooks project which produces free public domain ebooks *Illustrated Encyclopedia of Modern Warplanes* Outlet,Outlet Book Company Staff,Doug Richardson,Random House Value Publishing Staff,Rh Value Publishing,1988-12 **Adventuring with Boldness** Bruce C.
