Thriving in Transitions Laurie A. Schreiner,Michelle C. Louis,Denise D. Nelson,2020-11-18 When it was originally released Thriving in Transitions A Research Based Approach to College Student Success represented a paradigm shift in the student success literature moving the student success conversation beyond college completion to focus on student characteristics that promote high levels of academic interpersonal and intrapersonal performance in the college environment The authors contend that a focus on remediating student characteristics or merely encouraging specific behaviors is inadequate to promote success in college and beyond Drawing on research on college student thriving completed since 2012 the newly revised collection presents six research studies describing the characteristics that predict thriving in different groups of college students including first year students transfer students high risk students students of color sophomores and seniors and offers recommendations for helping students thrive in college and life New to this edition is a chapter focused on the role of faculty in supporting college student thriving
