**Train Your Gaze** Roswell Angier, 2007-05-31 What is common to all portrait photographs is a situational element In portrait photography the presence of the photographers gaze also becomes an integral part of what the picture is about the activity of one person looking manifested in a moment that can feel like the blink of an eye or a small eternity This book offers for the first time a complete text that combines the theoretical with the practical

**A New History of Photography** Michel Frizot, 1998 A collection of entries that help chronicle the history of photography explaining the different techniques that have been used and defining the common terms used in the field

*Basic Critical Theory for*

*Photographers* Ashley la Grange,2013-08-06 Basic Critical Theory for Photographers generates discussion thought and practical assignments around key debates in photography Ashley la Grange avoids the trap of an elitist and purely academic approach to critical theory taking a dual theoretical and practical approach when considering the issues Key critical theory texts such as Sontag's *On Photography* and Barthes *Camera Lucida* are clarified and shortened La Grange avoids editorilising letting the arguments develop as the writers had intended it is the assignments which call into question each writer's approach and promote debate This is the ideal book if you want to understand key debates in photography and have a ready made structure within which to discuss and explore these fascinating issues It is accessible to students from high school to university level but will also be of interest to the general reader and to those photographers whose training and work is concerned with the practical aspects of photography Also includes invaluable glossary of terms and a substantial index that incorporates the classic texts helping you to navigate your way through these un indexed works The book also contains useful information on photo mechanical processes explaining how a photograph can appear very differently and as a result be interpreted in a range of ways in a variety of books

**Colonialist Photography** Eleanor M. Hight,Gary D.

Sampson,2013-06-17 Colonialist Photography is an absorbing collection of essays and photographs exploring the relationship between photography and European and American colonialism The book is packed with well over a hundred captivating images ranging from the first experiments with photography as a documentary medium up to the decolonization of many regions after World War II Reinforcing a broad range of Western assumptions and prejudices Eleanor M Hight and Gary D Sampson argue that such images often assisted in the construction of a colonial culture

*Contemporary Photography and Theory* Sally Miller,2020-05-26 Contemporary Photography and Theory offers an essential overview of some of the key critical debates in fine art photography today Building on a foundational understanding of photography it offers an in depth discussion of five topic areas identity landscape and place the politics of representation psychoanalysis and the event Written in an accessible style it introduces the critical literature relevant to photography that has emerged over recent decades Moving beyond seminal works by writers such as Walter Benjamin Roland Barthes and Susan Sontag it enables readers to explore an extended canon of theorists including Jacques Lacan Judith Butler and Giorgio Agamben The book is illustrated throughout and analyses a range of works by established and emergent artists in order to show how these theoretical concepts are central to understanding contemporary photography These 15 short essays encourage readers to apply critical thinking to both their own work and that of others They are the perfect starting point for essays as well being of suitable length for assigned readings making this the ideal resource for learning about contemporary photography and theory

**The Photographic Image in Digital Culture** Martin Lister,2013-09-23 This new edition of *The Photographic Image in Digital Culture* explores the condition of photography after some 20 years of remediation and transformation by digital technology Through ten especially commissioned essays by some of the leading scholars in the field of contemporary

photography studies a range of key topics are discussed including the meaning of software in the production of photograph the nature of networked photographs the screen as the site of photographic display the simulation of photography in the videogame photography ubiquitous computing and technologies of ambient intelligence developments in vernacular photography and social media the photograph and the digital archive the curation and exhibition of the networked photograph the dominance of the image bank in commercial and advertising photography the complexities of citizen photojournalism A recurring theme addressed throughout is the nature of photography after photography and the paradoxical nature of the medium in the 21st century a time when the traditional technology of photography has become defunct while there is more photography than ever This is an ideal book for students studying photography and digital media

**If I Ran the Zoo** Dr. Seuss,1950 Gerald tells of the very unusual animals he would add to the zoo if he were in charge

**The Oxford Companion to the Photograph** Robin Lenman,2008 This is the first Oxford Companion to deal with the subject of photography It appears at a watershed in the medium s history as digital imaging increasingly dominates the global photography scene at both amateur and professional levels In addition to a wide range of technical information the book encapsulates in a concise and readily accessible form the mass of recent scholarship on photography as a social and artistic practice organized both thematically and geographically There are over 800 biographical entries both on photographers and on other individuals who have significantly influenced photographic culture from the early 19th century to the present day The book s scope is worldwide The international team of contributors is made up of leading authorities in their fields and include Heather Angel Sylvie Aubenas Quentin Bajac Marta Braun Clement Cheroux Elizabeth Edwards John Falconer Colin Ford Ron Graham Sarah Greenough Mark Haworth Booth Roger Hicks Paul Hill Jens Jaeger Jan Erik Lundstrom Naomi Rosenblum Rolf Sachsse Martha Sandweiss Graham Saxby Joan Schwartz Sara Stevenson Roger Taylor Regine Thiriez John Ward Liz Wells and Mike Ware The book is generously illustrated and includes many pictures never before published The majority of the 1 600 plus entries include suggestions for further reading and the work s usefulness is further enhanced by the inclusion of an extensive bibliography a chronology of photographic history alist of important websites and an index of people This fascinating informative and beautifully illustrated book is an ideal gift for anyone interested in photography

Early New Zealand Photography Angela Wanhalla,Erika Wolf,2011 This book looks at a range of New Zealand photographs up to 1918 and analyses them as photo objects considering how they were made who made them what they show and how our understanding of them can vary or change over time This emphasis on the materiality of the photograph is a new direction in scholarship on colonial photographs

**Photography as Critical Practice** David Bate,2020 The other is a topic of great interest within and across contemporary photographic practice and theory yet it remains neglected outside the now well established field of postcolonial studies This volume brings together photography and written essays that relate to aspects of otherness and visual work Presented together the images and critical writings

work in concert to construct a new social perspective on questions of otherness and alterity and to highlight photography as a form of critical practice In a departure from existing conceptions of otherness in postcolonial discourse Photography as Critical Practice places emphasis on the human condition not as a liberal concept but as something formed and framed by a broader dimension of social sexual and cultural otherness In this way the book provides a fascinating new vista on the otherness of photography Crisis of the Real Andy Grundberg,1990 His interpretations and critical views have helped shape a broad understanding of photography's complex roles in art and in the media This volume is the first compilation of his work Art and Photography Aaron Scharf,1990-10 Analyzes the relationship between art and photography in England and France since the mid nineteenth century **The Anthropology of Citizenship** Sian Lazar,2013-11-11 The Anthropology of Citizenship introduces the theoretical foundations of and cutting edge approaches to citizenship in the contemporary world in local national and global contexts Key readings provide a cross cultural perspective on citizenship practices and an individual citizen's relationship with the state Introduces a range of exciting and cutting edge approaches to citizenship in the contemporary world Provides key readings for students and researchers who wish to gain an understanding of citizenship practices and an individual's relationship with the state in a global context Offers an anthropological perspective on citizenship the self and political agency with a focus on encounters between citizens and the state in education law development and immigration policy Provides students with an understanding of the theoretical foundations of citizenship as characterized by liberal and civic republican ideas of political belonging and exclusion Explores how citizenship is constructed at different scales and in different spaces Twenty five key writings identify what is a new and vibrant subfield within politics and anthropological research **Proud Flesh** Sally Mann,Gagosian Gallery,2009 Mann's photographs of her husband Larry who has late onset muscular dystrophy
