**Comparative Women's History** Anne Cova, 2006 This book gives new insight into how to write comparative women's history of the nineteenth and twentieth centuries The volume emphasizes the virtues of such research but it also recognizes the methodological difficulties The contributors have published widely and are well known experts in the field

**The Women's History of the Modern World** Rosalind Miles, 2021-02-02 The internationally bestselling author of *Who Cooked the Last Supper* presents a wickedly witty and very current history of the extraordinary female rebels, reactionaries, and trailblazers who left their mark on history from the French Revolution up to the present day. Now is the time for a new women's history for the famous, infamous, and unsung women to get their due from the Enlightenment to the MeToo movement. Recording the important milestones in the birth of the modern feminist movement and the rise of women into greater social, economic, and political power, Miles takes us through a colorful pageant of astonishing women: from heads of state like Empress Cixi, Eugenia Charles, Indira Gandhi, Jacinda Ardern, and Ellen Johnson Sirleaf to political rainmakers Kate Sheppard, Carrie Chapman Catt, Anna Stout, Dorothy Height, Shirley Chisholm, Winnie Mandela, STEM powerhouses Jocelyn Bell Burnell, Rosalind Franklin, Sophia Kovalevskaya, Marie Curie, and Ada Lovelace; revolutionaries Olympe de Gouges, Harriet Tubman, Sojourner Truth, Patyegarang, and writer-intellectuals Mary Wollstonecraft, Simon de Beauvoir, Elaine Morgan, and Germaine Greer. Women in the arts, women in sports, women in business, women in religion, women in politics: this is a one-stop roundup of the tremendous progress women have made in the modern era. A testimony to how women have persisted and excelled, this is a smart and stylish popular history for all readers.

*Women in World History* Susan Kent, 2020-02-18 This is a brief book that explores the lives of women in world history. This book is a part of Westview's *On the World Stage* series, edited by Bonnie Smith. Each title in the series features brief biographies of figures whose lives serve as a lens onto a major trend, event, movement, or crisis of their eras, and whose stories will be the entry point for a deeper understanding of a particular historical time.

*Women Across Cultures* Shawn Meghan Burn, 2023 The cross-cultural study of women's issues and women's movements: the focus of this book is fascinating and educational. It tells of women and girls' disadvantage relative to boys and men and how that disadvantage arises from the greater male rights and privilege embedded in cultures, institutions, groups, and minds. Unfortunately, this truth can be disturbing at times. But this book is also uplifting because it is equally about hope, resilience, and the power of people to fight and right social injustices. Throughout the book are many examples of actions to address women's issues and promote gender equality, ranging from the small grassroots effort addressing local women's issues to the use of international law for improving women's status. The global study of women is also about diversity and intersectionality and their importance for understanding the gendered human experience. Gendered discriminations are often heightened by their interaction with other discriminations, such as those based on race, class, sexual orientation, age, and gender identity. The experiences and issues of women vary widely based on these and other intersections. Women's experiences as women are also strongly shaped by the particular political, social, and cultural contexts where they live, leading to diversity in women's lives and issues and in their advocacy and activism. This diversity is true not only in our own country but also globally. Documenting, studying, and appreciating this variety are hallmarks of global women's and gender studies, and one of the major aims of this book. Hope the readers find the global study of women captivating and inspiring. Hope that after reading the book, they not only better understand how the world works but that they also feel compelled to do their part for gender equality. Hope that readers will be struck by the scope of gender injustice but equally struck by the scope of women's resistance and the possibilities for change. Hope that the book helps readers better understand and appreciate feminism, diversity, and intersectionality as they are so often caricatured, ridiculed, and negatively stereotyped. Hope that the book reflects and honors internationally oriented women's and gender studies scholarship and the many women's movements, actors, and organizations that advocate and serve women.

**Feminisms** Lucy Delap,2021-12-28 How has feminism developed What have feminists achieved What can we learn from the global history of feminism Feminism is the ongoing story of a profound historical transformation Despite being repeatedly written off as a political movement that has achieved its aim of female liberation it has been continually redefined as new generations of women campaign against the gender inequity of their age In this absorbing book historian Lucy Delap challenges the simplistic narrative of feminist waves a sequence of ever more progressive updates showing instead that feminists have been motivated by the specific concerns of their historical moment Drawing on an extraordinary range of examples from Japan to Russia Egypt to Germany Delap explores different feminist projects to show that those who are part of this movement have not always agreed on a single programme This diverse history of feminism she argues can help us better navigate current debates and controversies A tour de force from an award winning expert *Feminisms* shows that a rich relationship to the past can infuse today s activism with a sense possibility and inspiration

*Women, Politics, and Power* Pamela Paxton,Melanie M. Hughes,2007-03-06 *Women Politics and Power* provides a clear and detailed introduction to women s political representation across a wide range of countries and regions Using broad statistical overviews and detailed case study accounts authors Pamela Paxton and Melanie Hughes document both historical trends and the contemporary state of women s political strength across diverse countries There is simply no other book that offers such a thorough and multidisciplinary synthesis of research on women s political power from around the world

**Feminism for the Americas** Katherine M. Marino,2019-02-05 This book chronicles the dawn of the global movement for women s rights in the first decades of the twentieth century The founding mothers of this movement were not based primarily in the United States however or in Europe Instead Katherine M Marino introduces readers to a cast of remarkable Latin American and Caribbean women whose deep friendships and intense rivalries forged global feminism out of an era of imperialism racism and fascism Six dynamic activists form the heart of this story from Brazil Bertha Lutz from Cuba Ofelia Domingez Navarro from Uruguay Paulina Luisi from Panama Clara Gonzalez from Chile Marta Vergara and from the United States Doris Stevens This Pan American network drove a transnational movement that advocated women s suffrage equal pay for equal work maternity rights and broader self determination Their painstaking efforts led to the enshrinement of women s rights in the United Nations Charter and the development of a framework for international human rights But their work also revealed deep divides with Latin American activists overcoming U S presumptions to feminist superiority As Marino shows these early fractures continue to influence divisions among today s activists along class racial and national lines Marino s multinational and multilingual research yields a new narrative for the creation of global feminism The leading women introduced here were forerunners in understanding the power relations at the heart of international affairs Their drive to enshrine fundamental rights for women children and all people of the world stands as a testament to what can be accomplished when global thinking meets local action
