Application for Chemical Engineer

Dear Hiring Manager,

I am a Chemical Engineer with 4 years of experience in industry and environmental consultancy settings, and I am excited to apply for the opportunity at your organization.

Currently, I work as a Chemical Engineer at AdvanceSolutions, focusing on industrial projects for international clients. My responsibilities include conducting engineering studies, field work, chemical process simulations, engineering calculations, report writing, equipment specifications, procurement, and coordination with multi-discipline engineering teams. I also assist in the creation of bid packages.

In addition to my experience, I hold a Bachelor of Chemical Engineering and a Professional Engineer's License (PE). I have strong project management skills, client relationship abilities, and a deep understanding of regulations and environmental permitting. I am proficient in programs like ChemCAD.

While I have enjoyed my time at AdvanceSolutions, I am now seeking a new opportunity where I can continue to contribute meaningfully to projects in a challenging environment.

I have attached my résumé for your review. Thank you for considering my application. I look forward to hearing from you about next steps.

Sincerely,
Rebecca Culkin
