Something Deeply Hidden Jan 04 2022 INSTANT NEW YORK TIMES BESTSELLER As you read these words, copies of you are being created. Sean Carroll, theoretical physicist and one of this world's most celebrated writers on science, rewrites the history of twentieth-century physics. Already hailed as a masterpiece, Something Deeply Hidden shows for the first time that facing up to the essential puzzle of quantum mechanics utterly transforms how we think about space and time. His reconciling of quantum mechanics with Einstein's theory of relativity changes, well, everything. Most physicists haven't even recognized the uncomfortable truth: Physics has been in crisis since 1927. Quantum mechanics has always had obvious gaps—which have come to be simply ignored. Science popularizers keep telling us how weird it is, how impossible it is to understand. Academics discourage students from working on the "dead end" of quantum foundations. Putting his professional reputation on the line with this audacious yet entirely reasonable book, Carroll says that the crisis can now come to an end. We just have to accept that there is more than one of us in the universe. There are many, many Sean Carrolls. Many of every one of us. Copies of you are generated thousands of times per second. The Many-Worlds theory of quantum behavior says that every time there is a quantum event, a world splits off with everything in it the same, except in that other world the quantum event didn't happen. Step-by-step in Carroll's uniquely lucid way, he tackles the major objections to this otherworldly revelation until his case is inescapably established. Rarely does a book so fully reorganize how we think about our place in the universe. We are on the threshold of a new understanding—of where we are in the cosmos, and what we are made of.

The Secret World Mar 25 2021 "A comprehensive exploration of spying in its myriad forms from the Bible to the present day . . . Easy to dip into, and surprisingly funny." —Ben Macintyre in The New York Times Book Review The history of espionage is far older than any of today's intelligence agencies, yet largely forgotten. The codebreakers at Bletchley Park, the most successful WWII intelligence agency, were completely unaware that their predecessors had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada. Those who do not understand past mistakes are likely to repeat them. Intelligence is a prime example. At the outbreak of WWI, the grasp of intelligence shown by US President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and eighteenth-century British statesmen. In the first global history of espionage ever written, distinguished historian and New York Times–bestselling author Christopher Andrew recovers much of the lost intelligence history of the past three millennia—and shows us its continuing relevance. "Accurate, comprehensive, digestible and startling . . . a stellar achievement."

—Edward Lucas, The Times "For anyone with a taste for wide-ranging and shrewdly gossipy history—or, for that matter, for anyone with a taste for spy stories—Andrew's is one of the most entertaining books of the past few years." —Adam Gopnik, The New Yorker "Remarkable for its scope and delightful for its unpredictable comparisons . . . there are important lessons for spymasters everywhere in this breathtaking and brilliant book." —Richard J. Aldrich, Times Literary Supplement "Fans of Fleming and Furst will delight in this skillfully related true-fact side of the story." —Kirkus Reviews "A crowning triumph of one of the most adventurous scholars of the security world." —Financial Times Includes illustrations
The Little Friend Apr 26 2021 NATIONAL BESTSELLER • From the Pulitzer Prize-winning author of The Goldfinch comes an utterly riveting novel set in Mississippi of childhood, innocence, and evil. • "Destined to become a special kind of classic." —The New York Times Book Review The setting is Alexandria, Mississippi, where one Mother's Day a little boy named Robin Cleve Dufresnes was found hanging from a tree in his parents' yard. Twelve years later Robin's murder is still unsolved and his family remains devastated. So it is that Robin's sister Harriet—unnervingly bright, insufferably determined, and unduly influenced by the fiction of Kipling and Robert Louis Stevenson—sets out to unmask his killer. Aided only by her worshipful friend Hely, Harriet crosses her town's rigid lines of race and caste and burrows deep into her family's history of loss. Filled with hairpin turns of plot and "a bustling, ridiculous humanity worthy of Dickens" (The New York Times Book Review), The Little Friend is a work of myriad enchantments by a writer of prodigious talent.

The Magic Mar 30 2024 One word changes everything... For more than twenty centuries, words within a

sacred text have mystified, confused, and been misunderstood by almost all who read them. Only a very few people through history have realised that the words are a riddle, and that once you solve the riddle—once you uncover the mystery—a new world will appear before your eyes. In *The Magic*, Rhonda Byrne reveals this life-changing knowledge to the world. Then, on an incredible 28-day journey, she teaches you how to apply this knowledge in your everyday life. No matter who you are, no matter where you are, no matter what your current circumstances, *The Magic* is going to change your entire life!

The Secret of Magic Sep 23 2023 Working for a prominent member of the NAACP in 1946 when a request comes from her favorite childhood author to investigate the murder of a black war hero, Regina Robichard travels to Mississippi, where she navigates the muddy waters of racism, relationships, and her own tragic past.

Grit Jun 08 2022 In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-geniuses everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she’s learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among *Grit*’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal).

The Alchemist Aug 30 2021 A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, *The Alchemist* has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.

Secrets of the Secret Service Sep 11 2022 From the author of the #1 New York Times bestseller *CRISIS OF CHARACTER* comes an explosive new exposé of the Secret Service. The United States Secret Service is tasked with protecting our Presidents, their families, and the complex in which they live and work. Given this important mission, world stability rests upon the shoulders of its agents. In his new book, former Secret Service officer Gary Byrne takes readers behind the scenes to understand the agency's history and today's security failings that he believes put Americans at risk The American public knows the stories of Secret Service heroism, but they don't know about the hidden legacy of problems that have plagued the agency ever since its creation. Gary Byrne says that decades of catastrophic public failures, near misses, and bureaucratic and cultural rot threaten to erode this critical organization from the inside out. Today, as it works to protect President Trump, the Secret Service stands at a crossroads, and the time needed to choose the right course is running out. Agents and officers are leaving the Secret Service in droves, or they're being overworked to the point where they lose focus on the job. Management makes decisions based on politics, not the welfare of their employees. Byrne believes that this means danger for the men and women of the Secret Service, danger for the President they protect, and danger for the nation. In this book, he shares what he has witnessed and learned about the Secret Service with the hope that the problems of this most important agency can be fixed before it's too late.

The Secret Keeper Feb 14 2023 Withdrawing from a family party to the solitude of her tree house, 16-year-old Laurel Nicolson witnesses a shocking murder that throughout a subsequent half century shapes her beliefs, her acting career and the lives of three strangers from vastly different cultures. By the best-selling author of *The Distant Hours*. Reprint. 200,000 first printing.

Intellectual Warfare Jan 16 2023 A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our

minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind.

The Secret Year Dec 03 2021 Colt and Julia were secretly together for a year, and no one ever knew, not even Julia's boyfriend. Why would they—they were from two different crowds. Julia lived in her country club world and Colt . . . didn't. Then Julia dies in a car accident. Colt is devastated but can't mourn openly, and he's tormented that he may have played a part in her death. And when Julia's journal ends up in his hands, he is forced to relive their year together—just when he is trying to forget. The problem is, how do you get over someone who was never really yours to begin with?

The Secret Dec 27 2023 The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. *The Secret* is a field guide to them all. Many "armchair treasure hunt" books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams. *Masquerade* promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

Secret of the Storm Jun 28 2021 Seekers of the Wild Realm meets My Diary from the Edge of the World in this poignant and "action-packed" (School Library Journal) story of a lonely girl who befriends a kitten that might be much more—the first in a new series from author of Mrs. Smith's Spy School for Girls, Beth McMullen! Twelve-year-old Cassie King's father always told her the universe was on her side. All she had to do was work hard and things would go her way. But then Cassie's father died, her mom retreated into herself, and her best friend traded her in for the popular crowd at school. The only thing Cassie still has is the volunteer work she does at the local library, a place where she can leave her troubles behind. Unfortunately, classmate and school outcast Joe Robinson is always there doing the same thing. One day, while Cassie and Joe are leaving the library, a bizarre storm hits, trapping them in a narrow alley. In the storm's aftermath, Cassie discovers a bedraggled little kitten abandoned in a smelly dumpster. Cassie feels an immediate connection to the kitten and takes him home. But the kitten—who Cassie names Albert—is a little odd, with impossible strength and agility for a creature his size. At one point, Cassie swears she sees plumes of smoke rising from his water bowl, and one afternoon, while Albert is alone in her room, a strange symbol appears on the closet door. With new friend Joe's help, Cassie figures out the symbol is a map. But a

map to what? The friends soon discover that Albert is much more than he appears and is in grave danger. He needs Cassie's help in ways she never could have imagined. Keeping him safe is the first thing Cassie has believed in for a long time. But is she strong enough to face down a sinister enemy moving ever closer and protect everything she loves?

Stories We Never Tell May 27 2021 There are stories we never talk about. Stories we are afraid to share. Simply because they hurt too much or no one wants to listen to them. Such was the story of Jhanvi, who is a budding social media influencer. She appears to have it all together, living her ideal life, but something is missing: Jhanvi has this impossible need that drives her to be more perfect than any person could possibly be. With hard work and determination, he translates his dreams into reality, but his deep-seated insecurities come to the fore when life throws him a curveball. As their stories intersect, their lives change in ways they never expected. In a world of loss, darkness and destruction, will Jhanvi and Ashray be able to tell a story of hope, light and recovery?

The Secret Meaning of Things Jun 20 2023 *The Secret Meaning of Things* is Lawrence Ferlinghetti's fourth book of poems.

The Secret Book of Kings Mar 18 2023 "This volume, by Biblical scholar Yochi Brandes, is a riveting novel based on textual sources about the experiences of David and Solomon. Its lessons are also relevant for our turbulent time." —Elie Wiesel, #1 New York Times and internationally bestselling author of *Night* In the tradition of *The Red Tent* from internationally bestselling author Yochi Brandes comes the stories of the struggles of King David and King Saul in the early days of the Kingdom of Israel, seen through the eyes of Michal, Saul's daughter and David's abandoned queen Stories are deadlier than swords. Swords kill only those who stand before them, stories decide who will live and die in generations to come. Shelomoam, a young man from the tribe of Ephraim, has grown up in the shadow of dark secrets. He wonders why his father is deathly afraid of the King's soldiers and why his mother has lied about the identities of those closest to him. Shelomoam is determined to unearth his mysterious past, never imagining where his quest will ultimately lead him. *The Secret Book of Kings* upends conventions of biblical novels, engaging with the canonized stories of the founding of the Kingdom of Israel and turning them on their heads. Presented for the first time are the heretofore unknown stories of the House of Saul and of the northern Kingdom of Israel, stories that were artfully concealed by the House of David and the scribes of the southern Kingdom of Judah. Yochi Brandes, one of Israel's all-time bestselling novelists, enlists her unique background in both academic Jewish scholarship and traditional religious commentaries to read the Bible in an utterly new way. In this book, a major publishing phenomenon in Israel and one of the bestselling novels in the history of the country, she uncovers vibrant characters, especially women, buried deep within the scriptures, and asks the loaded question: to what extent can we really know our past when history is written by the victors?

Rise and Kill First Jul 10 2022 NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend

the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel's] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a “Mossad within the Mossad” that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. “A remarkable feat of fearless and responsible reporting . . . important, timely, and informative.”—John le Carré

Впрочем, это не единственный секрет в поместье...

William Wenton and the Secret Portal Oct 01 2021 William Wenton is a code-breaking genius, but now he faces a new threat—one that's lurking inside him—in the second book in the William Wenton series that School Library Journal calls “part Alex Rider, part Da Vinci Code for kids, and part Artemis Fowl.” After William starts to suffer from mysterious fits that leave him unable to control his body—let alone crack codes—he worries that the metal inside him is acting up. There's only one place he can go for answers: the Institute for Post-Human Research. But nothing at the Institute is the same. His room is more like a cell, and outside the window, huge searchlights sweep the skies and robot vehicles roam the grounds. William's old teachers won't tell him what's going on although it's obvious that everyone is frightened of something—or someone. When his friend Ischia finally arrives, William thinks he may have found an ally, but she's hiding things as well. As more secrets are revealed, William realizes that no one has been telling him the truth and that he may not be able to trust anyone. He's going to have to rely on his wits and his abilities to solve the mystery of what is behind the strange events at the Institute and what it all means for him.

The Secret of 'The Secret' Apr 18 2023 The Secret is an international blockbuster, topping the bestseller lists around the world. Now in *The Secret of 'The Secret'* Karen Kelly delves into this extraordinary phenomenon. What is the secret? Where did it come from and does it really work? She also investigates why this little book has struck such a chord. Why are we drawn to seek answers and change our destiny using the power of the mind and the universe? religious roots that form the building blocks of The Secret as experts evaluate the author's claims about the various connections between these principles and 'the Secret'.

The Secret Book of Frida Kahlo Oct 25 2023 One of Mexico's most celebrated new novelists, F. G. Haghenbeck offers a beautifully written reimagining of Frida Kahlo's fascinating life and loves. When several notebooks were recently discovered among Frida Kahlo's belongings at her home in Coyoacán, Mexico City, acclaimed Mexican novelist F. G. Haghenbeck was inspired to write this beautifully wrought fictional account of her life. Haghenbeck imagines that, after Frida nearly died when a streetcar's iron handrail pierced her abdomen during a traffic accident, she received one of the notebooks as a gift from her lover Tina Modotti. Frida called the notebook “The Hierba Santa Book” (The Sacred Herbs Book) and filled it with memories, ideas, and recipes. Haghenbeck takes readers on a magical ride through Frida's passionate life: her long and tumultuous relationship with Diego Rivera, the development of her art, her complex personality, her hunger for experience, and her ardent feminism. This stunning narrative also details her remarkable relationships with Georgia O'Keeffe, Leon Trotsky, Nelson Rockefeller, Ernest Hemingway, John Dos Passos, Henry Miller, and Salvador Dalí. Combining rich, luscious prose with recipes from “The Hierba Santa Book,” Haghenbeck tells the extraordinary story of a woman whose life was as stunning a creation as her art.

The Secret, Book & Scone Society Aug 23 2023 Miracle Springs, North Carolina, is a place of healing. Strangers flock here hoping the natural hot springs, five-star cuisine, and renowned spa can cure their ills. If none of that works, they often find their way to Miracle Books, where, over a fresh-baked "comfort" scone from the Gingerbread House bakery, they exchange their stories with owner Nora Pennington in return for a carefully chosen book. That's Nora's special talent--prescribing the perfect novel to ease a person's deepest pain and lighten their heaviest burden. When a visiting businessman reaches out to Nora for guidance, she knows exactly which novels will help. But before he can keep their appointment at Miracle Books, he's found dead on the train tracks. Stunned, Nora forms the Secret, Book, and Scone Society, a group of damaged souls yearning to gain trust and earn redemption by helping others. To join the society, members must divulge their darkest secret--the terrible truth that brought each of them to Miracle Springs in the first place. Determined to uncover the truth behind the businessman's demise, the women meet in Nora's cramped and cozy bookstore to share stories and trade support. And as they untangle a web of corruption, they also discover their own courage, purpose, and a sisterhood that will carry them through every challenge--proving it's never too late to turn the page and start over...--Amazon.com.

The Secret Jul 02 2024 The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.
