**Chicanitas** Cheech Marin, 2013-05-01 Chicanitas Small Paintings from the Cheech Marin Collection size doesn't matter showcases 70 paintings by 29 painters represented in Cheech Marin's noted collection of Chicano art Marin the entertainer who is well known for his work in movies television and improvisational comedy has been acquiring art for more than 20 years and he has amassed one of the renowned collections of Chicano art in private hands Marin's most recent passion is collecting small paintings averaging 16 inches square and smaller in size In contrast to other works in his collection representing and promoting the Chicano art movement of the mid 60's and 70's the content of many of these small paintings leans more towards the artist's internal or personal statement rather than as a response to political social or cultural situations The paintings which range from photo realism to abstractions to portraits to landscapes offer a window into the lives of the artists Whether showing us a glimpse of their neighborhood as Margaret Garcia does in her expressive paintings of a car wash hair salon grocery store and taco shop or personal interests such as graffiti art street fashion and underground music that influence the works of Carlos Donjun or peppered with mystery and a bit of humor as in Ricardo Ruiz's four Masotas portraits based on family members or making a statement about the double standards imposed on Mexican women as Ana Teresa Fernandez does in To Press I and To Press II or John Valadez's underwater figure studies painted on ceramic tiles each artist draws on his or her own upbringing cultural heritage education and life experiences for inspiration

*The Island of the Elyms* Yvonne Cardogna, 2006-11-21 The novel *The Island of the Elyms* is set in a village of Sicily It touches four generations of a well to do family and relates the tragic and humorous occurrences in the life of each member of that family The story is narrated by a young girl Marianna whose romantic ideals and openness are often in conflict with the secretive and reserved nature of her family Marianna loves the more salubrious and rustic lifestyle of the land workers as opposed to the refined and sophisticated lifestyle of her aristocratic family She feels the former to be an honest way of life and the latter a pretentious and artificial one Marianna with the exuberance of youth would like to see a radical change in the way her family deals with certain issues She herself represents a slowly changing society However the people whose beliefs have been forged and impressed into their very soul

by generations of tumultuous historical events are resistant to change Eventually Marianna learns to appreciate the island's cultural richness and its paradox A sense of history and mythology superstition and religion in fact often exist alongside one another and are portrayed in the novel The novel touches also on both the First and Second World Wars because two members of Marianna's family her grandfather and father fought in each war respectively It depicts every human emotion by means of adopting humor and tragedy throughout One might say that in the novel The Island of the Elyms there is a book within the book as the lives of Marianna's great grandparents and grandparents emerge The former being read by Nonna from her mother's memoirs and the latter narrated by Nonna herself When finally Marianna is comfortable with who she is different from the rest of her family she is torn away from her birthplace for the great unknown which happens to be Australia The story ends with the uprooting of the girl by the family who in turn has to forfeit and abandon every dream and thus becoming the innocent victim of the tragedy of emigration **Love, Sex and Money** Sharleen Cooper Cohen,1988
