Massacre John M. Merriman,2014-10-23 One of the most dramatic chapters in the history of nineteenth century Europe the Commune of 1871 was an eclectic revolutionary government that held power in Paris across eight weeks between 18 March and 28 May Its brief rule ended in Bloody Week the brutal massacre of as many as 15 000 Parisians and perhaps even more who perished at the hands of the provisional government s forces By then the city s boulevards had been torched and its monuments toppled More than 40 000 Parisians were investigated imprisoned or forced into exile a purging of Parisian society by a conservative national government whose supporters were considerably more horrified by a pile of rubble than the many deaths of the resisters In this gripping narrative John Merriman explores the radical and revolutionary roots of the Commune painting vivid portraits of the Communards the ordinary workers famous artists and extraordinary fire starting women and their daily lives behind the barricades and examining the ramifications of the Commune on the role of the state and sovereignty in France and modern Europe Enthralling evocative and deeply moving this narrative account offers a full picture of a defining moment in the evolution of state terror and popular resistance

Seducing the French Richard F. Kuisel, 1993-04-20 When Coca Cola was introduced in France in the late 1940s the country's most prestigious newspaper warned that Coke threatened France's cultural landscape This is one of the examples cited in Richard Kuisel's engaging exploration of France's response to American influence after World War II In analyzing early French resistance and then the gradual adaptation to all things American that evolved by the mid 1980s he offers an intriguing study of national identity and the protection of cultural boundaries The French have historically struggled against Americanization in order to safeguard Frenchness What would happen to the French way of life if gaining American prosperity brought vulgar materialism and social conformity A clash between American consumerism and French civilisation seemed inevitable Cold War anti Communism the Marshall Plan the Coca Cola controversy and de Gaulle's efforts to curb American investment illustrate ways that anti Americanization was played out Kuisel also raises issues that extend beyond France including the economic social and cultural effects of the Americanized consumer society that have become a global phenomenon Kuisel's lively account reaches across French society to include politicians businessmen trade unionists Parisian intelligentsia and ordinary citizens The result reveals much about the French and about Americans As Euro Disney welcomes travellers to its Parisian fantasyland and with French recently declared the official language of France to defend it from the encroachments of English Kuisel's book is especially relevant

The Dynamite Club John M. Merriman, 2016-03-01 Distinguished historian John Merriman maintains that the Age of Modern Terror began in Paris on February 12 1894 when anarchist Emile Henry set off a bomb in the Caf Terminus killing one and wounding twenty French citizens The true story of the circumstances that led a young radical to commit a cold blooded act of violence against innocent civilians makes for riveting reading shedding new light on the terrorist mindset and on the subsequent worldwide rise of anarchism by deed Merriman's fascinating study of modern history's first terrorists emboldened by the invention of dynamite reveals much about the terror of today

Forrest,1989 Between the outbreak of war with Austria in 1792 and Napoleon's final debacle in 1814 France remained almost continuously at war recruiting in the process some two to three million frenchmen a level of recruitment unknown to previous generations and widely resented as an attack on the liberties of rural communities Forrest challenges the notion of a nation heroically rushing to arms by examining the massive rates of desertion and avoidance of service as well as their consequences on French society on military campaigns and the morale of armies on political opinion at home on the social fabric of local villages and on the Napoleonic dream of bringing about a coherent and centralized state
