Stress-Free Discipline Sara Au, Peter Stavinoha, Ph.D., 2015-04-01 Many moments in parenting seem unavoidable Your preschooler will throw fits Your third grader will try to get out of doing homework even if it means lying A budding tween will dish out insults And a teenager will simply take off for who knows where At each stage they are trying to test your boundaries and sometimes your patience While this may be a natural part of growing up that doesn t mean any of these actions are acceptable or excusable So what does a parent do Stress Free Discipline knows that the one size fits all discipline methods many experts tout can actually be too narrow for some concerns Instead parents need to learn how to determine the root cause behind their child s issue which will then help explain what is driving the behavior why it s probably more normal than the parent realizes how to prevent further escalations and how to instill self control Once parents grasp the underlying motivation they can select the strategy that fits

their child's age temperament and issue including role modeling setting limits positive reinforcement negative consequences disengagement and deploy it calmly and with confidence Complete with an arsenal of proven techniques as well as examples and exercises throughout to help parents personalize to their own unique situation Stress Free Discipline is the one stop resource that will prepare parents for any challenge from any stage Don't lead home without it [Positive Discipline for Preschoolers](#) Jane Nelsen, Ed.D., Cheryl Erwin, M.A., Roslyn Ann Duffy, 2007-03-27 Completely updated to report the latest research in child development and learning Positive Discipline for Preschoolers will teach you how to use methods to raise a child who is responsible respectful and resourceful Caring for young children is one of the most challenging tasks an adult will ever face No matter how much you love your child there will be moments filled with frustration anger and even desperation There will also be questions Why does my four year old deliberately lie to me Why won't my three year old listen to me Should I ever spank my preschooler when she is disobedient Over the years millions of parents just like you have come to trust the Positive Discipline series and its commonsense approach to child rearing This revised and updated third edition includes information from the latest research on neurobiology diet and exercise gender differences and behavior the importance of early relationships and parenting and new approaches to parenting in the age of mass media In addition this book offers new information on reducing anxiety and helping children feel safe in troubled times You'll also find practical solutions for how to Avoid the power struggles that often come with mastering sleeping eating and potty training See misbehavior as an opportunity to teach nonpunitive discipline not punishment Instill valuable social skills and positive behavior inside and outside the home by using methods that teach important life skills Employ family and class meetings to tackle behavioral challenges And much much more **The Power of Loving Discipline** Karen Miles, 2006 The sixth book in the series sponsored by Psychology Today magazine this authoritative and well written book follows in the series tradition of giving the reader a full overview of the hottest trend in parenting today positive discipline Beginning with the full discussion of the entire subject of discipline Miles leads the reader through the various styles of discipline from authoritarian to permissive and then on to the core subject positive discipline In an objective well researched manner The Power of Loving Discipline fully explains the nature of positive discipline its pros and cons how it can apply to actual parenting situations and why it is as important a parenting strategy as it has become today Much more than a simple how to parenting guide The Power of Loving Discipline gives the reader a fuller understanding of the nature of this parenting strategy why it's important how it compares with other strategies and what it can mean to the reader herself *Meadowbrook Discipline Without Shouting & Spanking 6 Copy Prepack* Jerry Wyckoff Phd, 2011-09-06 *Emotional and Behavioral Problems of Young Children* Gretchen A.
