Allah A Christian Response Miroslav Volf

Allah Miroslav Volf, 2011-02-08 From Miroslav Volf one of the world's foremost Christian theologians and co teacher along with Tony Blair of a groundbreaking Yale University course on faith and globalization comes Allah a timely and provocative argument for a new pluralism between Muslims and Christians In a penetrating exploration of every side of the issue from New York Times headlines on terrorism to passages in the Koran and excerpts from the Gospels Volf makes an unprecedented argument for effecting a unified understanding between Islam and Christianity In the tradition of Seyyed Hossein Nasr's *Islam in the Modern World* Volf's Allah is essential reading for students of the evolving political science of the twenty first century

Allah Miroslav Volf, 2012-02-07 Do Muslims and Christians Worship the Same God Yale University religion scholar Miroslav Volf widely known for the much publicized course on faith and globalization he coteaches with Tony Blair places this question at the root of the twenty first century's most sensitive and critical geopolitical concerns Volf reveals how the prevalent belief that these traditions worship different gods is directly linked to increased hostility and violence around the globe Theological wars fuel real wars

Do We Worship the Same God? Miroslav Volf, 2012-11-09 Often the differences between the three Abrahamic religions Judaism Christianity and Islam seem more obvious than their commonalities leading to the question Do we worship the same God Can the answer be yes without denying our differences This volume brings Jewish Christian and Muslim philosophers and theologians together to answer this question offering rare insight into how representatives of each religion view the other monotheistic faiths Each of their contributions uniquely approaches the primary question from a philosophical perspective that is informed by the practice of worship and prayer Concepts covered include sameness and oneness the nature of God epistemology and the Trinity Do We Worship the Same God models serious minded honest and respectful interreligious dialogue and gives us new ways to address an ongoing question

A Common Word Miroslav Volf, Ghazi bin Muhammad (Prince of Jordan.), Mellisa Yarrington, 2010 A letter printed in the pages of The New York Times in 2007 acknowledged differences between Christianity and Islam but contended that righteousness and good works should be the only areas in which the two compete That letter and a collaborative Christian response appear in this volume which includes subsequent dialogue between Muslim and Christian scholars

Exclusion & Embrace Miroslav Volf, 2010-03-01 Life at the end of the twentieth century presents us with a disturbing reality Otherness the simple fact of being different in some way has come to be defined as in and of itself evil Miroslav Volf contends that if the healing word of the gospel is to be heard today Christian theology must find ways of speaking that address the hatred of the other Reaching back to the New Testament metaphor of salvation as reconciliation Volf proposes the idea of embrace as a theological response to the problem of exclusion Increasingly we see that exclusion has become the primary sin skewing our perceptions of reality and causing us to react out of fear and anger to all those who are not within

our ever narrowing circle In light of this Christians must learn that salvation comes not only as we are reconciled to God and not only as we learn to live with one another but as we take the dangerous and costly step of opening ourselves to the other of enfolding him or her in the same embrace with which we have been enfolded by God **Free of Charge** Miroslav Volf,2009-08-30 We are at our human best when we give and forgive But we live in a world in which it makes little sense to do either one In our increasingly graceless culture where can we find the motivation to give And how do we learn to forgive when forgiving seems counterintuitive or even futile A deeply personal yet profoundly thoughtful book Free of Charge explores these questions and the further questions to which they give rise in light of God s generosity and Christ s sacrifice for us Miroslav Volf draws from popular culture as well as from a wealth of literary and theological sources weaving his rich reflections around the sturdy frame of Paul s vision of God s grace and Martin Luther s interpretation of that vision Blending the best of theology and spirituality he encourages us to echo in our own lives God s generous giving and forgiving A fresh examination of two practices at the heart of the Christian faith giving and forgiving the Archbishop of Canterbury s Lenten study book for 2006 is at the same time an introduction to Christianity Even more it is a compelling invitation to Christian faith as a way of life Miroslav Volf one of the most celebrated theologians of our day offers us a unique interweaving of intense reflection vivid and painfully personal stories and sheer celebration of the giving God I cannot remember having read a better account of what it means to say that Jesus suffered for us in our place Dr Rowan Williams Archbishop of Canterbury

Flourishing Miroslav Volf,Tony Blair,2016-01-12 More than almost anything else globalization and the great world religions are shaping our lives affecting everything from the public policies of political leaders and the economic decisions of industry bosses and employees to university curricula all the way to the inner longings of our hearts Integral to both globalization and religions are compelling overlapping and sometimes competing visions of what it means to live well In this perceptive deeply personal and beautifully written book a leading theologian sheds light on how religions and globalization have historically interacted and argues for what their relationship ought to be Recounting how these twinned forces have intersected in his own life he shows how world religions despite their malfunctions remain one of our most potent sources of moral motivation and contain within them profoundly evocative accounts of human flourishing Globalization should be judged by how well it serves us for living out our authentic humanity as envisioned within these traditions Through renewal and reform religions might in turn shape globalization so that can be about more than bread alone **A Public Faith** Miroslav Volf,2011-08-01 Covering such timely issues as witness in a multifaith society and political engagement in a pluralistic world this compelling book highlights things Christians can do to serve the common good Now in paperback Praise for the cloth edition Named one of the Top 100 Books and one of the Top 10 Religion Books of 2011 by Publishers Weekly Accessible wise guidance for people of all faiths Publishers Weekly starred review Highly original The book deserves a wide audience and is one that will affect its readers well after they have turned the final page Christianity Today 5 star review *After Our*

Likeness Miroslav Volf, 1998 In *After Our Likeness* Miroslav Volf explores the relationship between persons and community in Christian theology He seeks to counter the tendencies toward individualism in Protestant ecclesiology and give community its due

The End of Memory Miroslav Volf, 2021-01-12 Winner of the Christianity Today Book Award in Christianity and Culture How should we remember atrocities Should we ever forgive abusers Can we not hope for final reconciliation even if it means redeemed victims and perpetrators spending eternity together We live in an age that insists that past wrongs genocides terrorist attacks bald personal injustices should never be forgotten But Miroslav Volf here proposes the radical idea that letting go of such memories after a certain point and under certain conditions may actually be a gift of grace we should embrace Volf's personal stories of persecution and interrogation frame his search for theological resources to make memories a wellspring of healing rather than a source of deepening pain and animosity Controversial thoughtful and incisively reasoned *The End of Memory* begins a conversation that we avoid to our great detriment This second edition includes an appendix on the memories of perpetrators as well as victims a response to critics and a James K A Smith interview with Volf about the nature and function of memory in the Christian life

Significant Others Monte Cox, 2017-09-12 A generation ago most Americans had little or no contact with Muslims Hindus Buddhists or any other adherents of non Christian religions Now our culture is much more pluralistic In addition to these others many Westerners disenchanted with Christianity are more inclined than they were a generation ago to dabble in new spiritual alternatives that were not as readily available here before Many Christians feel intimidated by these changes Many Christians don't know how to engage their newest non Christian neighbors in conversation partly because they feel ignorant about the religions practiced by others *Significant Others* seeks to fill this knowledge gap so readers will become more acquainted with the religious backgrounds of devout non Christians they are meeting as well as with the growing number of American people who claim no religious affiliation at all Each chapter outlines the major world religions according to their significant founders or leading figures significant beliefs and practices significant sects and developments and significant points of contact and points of contrast with Christian faith

Work in the Spirit Miroslav Volf, 2001-04-27 Since the rise of modern industrial society work has come to pervade and rule the lives of men and women Although there have been many popular books and church documents on the Christian understanding of work this is the first scholarly effort to articulate a developed Protestant theology of work In *Work in the Spirit* Miroslav Volf interprets work from a new perspective in terms of the doctrine of the Holy Spirit He exhaustively explores the nature of work in both capitalist and socialist societies and considers a variety of work including industrial agricultural medical political and artistic work Examining the importance of alienation in work in industrial and information societies particularly in the relation of workers to management and technology he analyzes various forms of such alienation and elucidates the character of humane work On the basis of the pneumatological theology of work that he develops Volf rejects the traditional Protestant understanding of work as vocation and takes the

concept of charisma as the cornerstone for his theological reflection on work He denies that one is called to do a particular work irrespective of one's inclinations and asserts instead that it is our privilege to do the kind of work for which God's spirit has gifted us All human work done in accordance with the will of God Volf argues is cooperation with God in the preservation and transformation of the world

Theology and Joy Juergen Moltmann, 2013-08-13 In this provocative study Dr Moltmann develops his interest in political theology with particular reference to the questions of liberation joy and the glory of God How he asks can we laugh and rejoice when there are still so many tears to be wiped away and when new tears are being added every day He cites the recent musical *Fiddler on the Roof* Are the Jewish congregation here singing just to forget or is there really such a thing as freedom in the midst of slavery joy in the midst of suffering The rest of his extended essay investigates the possibility that in playing we can anticipate our liberation and with laughter rid ourselves of the bonds which alienate us from real life David Jenkins who writes an extended introduction and comment takes up two points from Dr Moltmann's work Moltmann argues that instead of using God to enjoy the world men can now use the world to enjoy God Furthermore this development liberates the concept of God to become what it really is free and sovereign instead of an idea enmeshed in our own plans and purposes

What the Qur'an Meant Garry Wills, 2018-12-04 America's leading religious scholar and public intellectual introduces lay

readers to the Qur'an with a measured powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity In *What the Qur'an Meant* Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an leading us through perplexing passages with insight and erudition What does the Qur'an actually say about veiling women Does it justify religious war There was a time when ordinary Americans did not have to know much about Islam That is no longer the case We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing We are constantly fed false information about Islam claims that it is essentially a religion of violence that its sacred book is a handbook for terrorists There is no way to assess these claims unless we have at least some knowledge of the Qur'an In this book Wills as a non Muslim with an open mind reads the Qur'an with sympathy but with rigor trying to discover why other non Muslims such as Pope Francis find it an inspiring book worthy to guide people down through the centuries There are many traditions that add to and distort and blunt the actual words of the text What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning He compares the Qur'an with other sacred books the Old Testament and the New Testament to show many parallels between them There are also parallel difficulties of interpretation which call for patient exploration and which offer some thrills of discovery *What the Qur'an Meant* is the opening of a conversation on one of the world's most practiced religions

When Christians First Met Muslims Michael Philip Penn, 2015-03-21 The first Christians to meet Muslims were not Latin speaking Christians from the western Mediterranean or Greek speaking Christians from Constantinople but rather Christians from northern Mesopotamia who spoke the Aramaic dialect of Syriac Living in what constitutes modern day Iran Iraq Syria and eastern Turkey these Syriac Christians were under Muslim rule from the seventh century to the present They wrote the earliest and most extensive accounts of Islam and described a complicated set of religious and cultural exchanges not reducible to the solely antagonistic Through its critical introductions and new translations of this invaluable historical material *When Christians First Met Muslims* allows scholars students and the general public to explore the earliest interactions of what eventually became the world's two largest religions shedding new light on Islamic history and Christian Muslim relations

Work Ben Witherington III, Ben Witherington, 2011-01-15 Most Christians spend most of their waking hours working yet many regard work as at best a necessary evil just one more unfortunate by product of humanity's fall from grace Not so says Ben Witherington III and in *Work A Kingdom Perspective on Labor* he considers work as neither the curse nor the cure of human life but rather as something good that God has given us to do In this brief primer on the biblical theology and ethics of work Witherington carefully unpacks the concept of work considering its relationship to rest play worship the normal cycle of human life and the coming Kingdom of God Work as calling work as ministry work as a way to make a living and the notably unbiblical notion of retirement Witherington's *Work* engages these subjects and more combining scholarly acumen with good humor common sense cultural awareness and biblically based insights from Genesis

to Revelation Ben Witherington has given the whole people of God something desperately needed to make sense of Monday to Friday a theology of work that breaks down the heretical sacred secular distinction Offers a work view and life view that if embraced would revitalize the mission of God s people in the world It s that good R Paul Stevens author of The Other Six Days and Taking Your Soul to Work Conducting a critical dialogue with the theological voices of our day drawing upon the wisdom of the Christian tradition and offering a sensitive reading of New Testament parables Witherington delivers sound counsel on the Kingdom meaning of work and its implications for our lives today Lee Hardy author of The Fabric of This World

Answering Jihad Nabeel Qureshi,2016-03-08 From New York Times bestselling author of Seeking Allah Finding Jesus Nabeel Qureshi a former Muslim comes his deeply personal challenging and respectful answer book to the many questions surrounding jihad the rise of ISIS and Islamic terrorism San Bernardino was the most lethal terror attack on American soil since 9 11 and it came on the heels of a coordinated assault on Paris There is no question that innocents were slaughtered in the name of Allah and in the way of jihad meaning warfare against the enemies of Islam in this case But do the terrorists actions actually reflect the broader religion of Islam The answer to this question is more pressing than ever as many Muslim refugees are still migrating to the West seeking shelter from the violent ideologies of ISIS Al Qaida and other radical Islamic groups Setting aside speculations and competing voices Qureshi explores the answers to difficult questions like What is Islam and is it a religion of peace or violence Is there a clear definition and doctrine of jihad How are we to understand jihad and radical expressions of Islam in relation to our Muslim neighbors and friends Why is there such a surge of Islamist terrorism in the world today and how should we respond How does jihad compare with Old Testament calls to warfare In Answering Jihad bestselling author Nabeel Qureshi answers these urgent questions from the perspective of a former Muslim who is deeply concerned for both his Muslim family and his American homeland

Sacred Misinterpretation Martin Accad,2019-06-06 Promotes gracious interfaith dialogue on sensitive theological issues Theological issues are crucial to how Christians and Muslims understand and perceive each other In Sacred Misinterpretation Martin Accad guides readers through key theological questions that fuel conflict and misunderstanding between Muslims and Christians A sure footed guide he weaves personal stories together with deep discussion of theological beliefs Accad identifies trends recognizes historical realities and brings to light significant points of contention that often lead to break down in Christian Muslim dialogue He also outlines positive and creative trends that could lead to a more hopeful future Fairly and seriously presenting both Muslim theology and a Muslim interpretation of Christian theology Sacred Misinterpretation is an essential guide for fostering dialogue and understanding among readers from both faiths
