Comprehensive Medical Assisting begins with Kinn Elsevier's 60th Anniversary edition of Kinn's The Medical Assistant 13th Edition provides you with real world administrative and clinical skills that are essential to working in the modern medical office. An applied learning approach to the MA curriculum is threaded throughout each chapter to help you further develop the tactile and critical thinking skills necessary for working in today's healthcare setting. Paired with our adaptive solutions, real world simulations, EHR documentation and HESI remediation and assessment you will learn the leading skills of modern administrative and clinical medical assisting in the classroom. Basics of Diagnostic Coding prepares you to use the ICD 10 coding system. Learning objectives listed in the same order as content makes it easy to review material. Clinical procedures integrated into the TOC give you a quick reference point. Professional behavior boxes provide guidelines on how to interact with patients, families and coworkers. Patient education and legal and ethical issues are described in relation to the Medical Assistant's job. Applied approach to learning helps you use what you've learned in the clinical setting. Learning objectives and vocabulary with definitions highlight what's important in each chapter. Critical thinking applications test your understanding of the content. Step by step procedures explain complex conditions and abstract concepts. Rationales for each procedure clarify the need for each step and explains why it's being performed. Portfolio builder helps you demonstrate your mastery of the material to potential employers. NEW Chapter on The Health Record reviews how you'll be working with a patient's medical record. NEW Chapter on Technology in the Medical Office introduces you to the role EHR technology plays in the medical office. NEW Chapter on Competency Based Education helps you understand how your mastery of the material will affect your ability to get a job. NEW Clinical procedure videos help you visualize and review key procedures.
