The Psychology of Collective Narcissism Agnieszka Golec De Zavala,2023-11-03 The Psychology of Collective Narcissism is a ground breaking text that presents a new theory of collective narcissism a belief that exaggerated greatness of one's own group should be but is not sufficiently appreciated by others The book presents this concept against the background of social identity theory and research It explores antecedent as well as social and political consequences of collective narcissism The author discusses how this burgeoning theory and research can help to elucidate a wide range of psychological dynamics involved in pressing societal issues such as the declining appeal of democracy increasing populism decreasing social solidarity increasing societal polarization and prejudice intergroup hostility and political violence social inequality and fake news and belief in conspiracy theories Also referring to societal problems exacerbated by the COVID 19 pandemic this highly topical work explores socially shared beliefs as risk factors when predicting responses to crises and highlights conditions in which collective narcissism can be expected The author also reviews research on interventions reducing the link between collective narcissism prejudice and retaliatory intergroup hostility focusing on her recent research on mindfulness This is a valuable read for academics and students in psychology and the social sciences those interested in societal processes as well as professionals dealing with the impact of collective narcissism The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Spare the Kids Stacey Patton,2017-03-21 A challenge to the cultural tradition of corporal punishment in Black homes and its connections to racial violence in America that encourages positive nonviolent discipline for those rearing teaching and caring for children of color Why do so many African Americans have such a special attachment to whupping children Studies show that nearly 80 percent of Black parents see spanking popping pinching and beating as reasonable effective ways to teach respect and to protect black children from the streets incarceration encounters with racism or worse However the consequences of this widely accepted approach to child rearing are far reaching and seldom discussed Dr Stacey Patton's extensive research suggests that corporal punishment is a crucial factor in explaining why Black folks are subject to disproportionately higher rates of school suspensions and expulsions criminal prosecutions improper mental health diagnoses child abuse cases and foster care placements which too often funnel abused and traumatized children into the prison system Weaving together race religion history popular culture science policing psychology and personal testimonies Dr Patton connects what happens at home to what happens in the streets in a way that is thought provoking unforgettable and deeply sobering

Cracked James Peter Davies,2014-03-06 Why is psychiatry such big business Why are so many psychiatric drugs prescribed 47 million antidepressant prescriptions in the UK alone last year and why without solid scientific justification has the number of mental disorders risen from 106 in 1952 to 374 today The everyday sufferings and setbacks of life are now medicalised into illnesses that require treatment usually with highly profitable drugs Psychological therapist James Davies uses his insider knowledge to illustrate for a general readership how psychiatry has put riches and medical status above patients well being The charge sheet is damning negative drug trials routinely buried antidepressants that work no better than placebos research regularly manipulated to produce positive results doctors seduced by huge pharmaceutical rewards creating more disorders and prescribing more pills and ethical scientific and treatment flaws unscrupulously concealed by mass marketing *Cracked* reveals for the first time the true human cost of an industry that in the name of helping others has actually been helping itself
