regular weekly assignments or review It can be used on short notice if there is a sub or be done as homework All you need is the textbook Teachers can copy at will or the book can be used as a student consumable As publishers started putting the majority of their content online it opened a niche for traditional paper assignments a void filled by this series The textbook itself can be written in ink or electrons but students still need to write and keep notes for themselves and portfolios still matter These activities challenge students to apply the concepts and give examples diagramming each chapter as it comes
