*Whose Blues?* Adam Gussow,2020-09-28 Mamie Smith's pathbreaking 1920 recording of Crazy Blues set the pop music world on fire inaugurating a new African American market for race records Not long after such records also brought black blues performance to an expanding international audience A century later the mainstream blues world has transformed into a multicultural and transnational melting pot taking the music far beyond the black southern world of its origins But not everybody is happy about that If there's No black No white just the blues as one familiar meme suggests why do some blues people hear such pronouncements as an aggressive attempt at cultural appropriation and an erasure of traumatic histories that lie deep in the heart of the music Then again if blues is black music as some performers and critics insist what should we make of the vibrant global blues scene with its all comers mix of nationalities and ethnicities In *Whose Blues* award winning blues scholar and performer Adam Gussow confronts these challenging questions head on Using blues literature and history as a cultural anchor Gussow defines interprets and makes sense of the blues for the new millennium Drawing on the blues tradition's major writers including W C Handy Langston Hughes Zora Neale Hurston and Amiri Baraka and grounded in his first person knowledge of the blues performance scene Gussow's thought provoking book kickstarts a long overdue conversation
