Power Exchange A. J. Rose, 2013-08-26 From the moment Detective Gavin DeGrassi steps into the world of BDSM to solve the brutal slaying of Dom George Kaiser his course is not his own Mesmerized by the context in which the victim lived and the images of the lifestyle seared into his soul Gavin must find a way to navigate these unknown waters With his personal life in upheaval due to marital trouble and his professional life uncertain with the assignment of a new partner Gavin needs all the help he can get understanding the case Enter Ben Haverson a psychologist and a well known Dom With Ben s help as a consultant and attention to Gavin s own murky truths Gavin delves deeper than he ever thought he would into the world of restraints and paddles Forced to scrutinize his true nature and his innermost desires Gavin has a choice keep the fear of submitting at bay or dive in and solve the case with the knowledge he gains When another victim is discovered Gavin s choice is made for him and he s pulled headlong into the deepest most emotional journey of his life Unfortunately for him and Ben a killer has noticed has taken stock and has set his sights on the D s pair Can Gavin outwit him or will his first exchange of power be his last

Safeword A. J. Rose, 2013-08-26 Everywhere Detective Gavin DeGrassi looks he s reminded of his attack by the Breath Play Killer It s in the house he lives in with his partner and Dom Ben Haverson It s in the sympathetic yet pitying looks he receives from his fellow detectives when he returns to the force after a year long hiatus It s in the suffocating coddling of his entire family and the relentless reporter demanding an exclusive of his ordeal Most of all it s in his lack of submission to Ben who isn t convinced Gavin s recovered enough to trust the power exchange between them The miraculous recovery of two teen boys from a twisted kidnapper gives him heart and Gavin s determined to prove he can handle anything despite increasing strain between him and Ben painful nightmares and panic when anyone touches him But his next case is too close for comfort a friend and colleague found raped and murdered in a fate chillingly similar to what could have been his own and this killer isn t stopping with one cop As the body count rises and taunting souvenirs are being hand delivered to Gavin he faces a frustrating lack of leads a crushing need to prove himself and a sinking suspicion the imprisoned kidnapper s reach is further than originally thought A miasma of uncertainty and fear threaten to suffocate him when he asks a question with which he s overwhelmingly familiar what happens when a victim is pushed too far

Consent A. J. Rose, 2015-02 Former detective Gavin DeGrassi likes his new life and his job as a university professor molding the minds of the next generation of law enforcement It keeps him in the field he loves but out of the media and out of the danger he seems to draw He s settled and happy with his partner and Dom Ben Haverson Until a middle of the night phone call from his brother Cole whose desperation and fear yank him back into the world of criminals and countdowns Only this time the stakes are much higher Detective Myah Hayes Gavin s sister in law and former partner has a past of her own one that has returned to claim her With only their instincts and the help of a rogue CSI Gavin Ben and Cole will do whatever it takes to find Myah

Makers and Takers Rana Foroohar, 2017-09-12 Is Wall Street bad for Main Street America A well told exploration of why our current economy is leaving too many behind The New York Times In looking at the forces that shaped the 2016 presidential election one thing is clear much of the population believes that our economic system is rigged to enrich the privileged elites at the expense of hard working Americans This is a belief held equally on both sides of political spectrum

and it seems only to be gaining momentum A key reason says Financial Times columnist Rana Foroohar is the fact that Wall Street is no longer supporting Main Street businesses that create the jobs for the middle and working class She draws on in depth reporting and interviews at the highest rungs of business and government to show how the financialization of America the phenomenon by which finance and its way of thinking have come to dominate every corner of business is threatening the American Dream Now updated with new material explaining how our corrupted financial system propelled Donald Trump to power Makers and Takers explores the confluence of forces that has led American businesses to favor balance sheet engineering over the actual kind greed over growth and short term profits over putting people to work From the cozy relationship between Wall Street and Washington to a tax code designed to benefit wealthy individuals and corporations to forty years of bad policy decisions she shows why so many Americans have lost trust in the system and why it matters urgently to us all Through colorful stories of both Takers those stifling job creation while lining their own pockets and Makers businesses serving the real economy Foroohar shows how we can reverse these trends for a better path forward

Door of Bruises Sierra Simone,2020-11-30 Twelve years ago our fates were sealed with a kiss We are all for better or worse doomed to love each other until death do us part My heart belongs to Proserpina and St Sebastian even if he no longer wants it Even if she has left it behind to follow him Delphine fled back home and Becket's holy calling is in peril And now only Rebecca and I remain at Thornchapel to face the unknown The door is open The door that shouldn't exist the door that people have died to close I don't feel like the lord of the manor I don't feel like a king or a wild god I am a friend and a boyfriend and a brother and a failure at being all of these things But the door doesn't care about my guilt It only cares about the sacrifice I'll make to close it As the bruising dark of Samhain approaches so does the fate of our circle of Thornchapel and the village and the valley beyond it And I must don the crown because one thing is still true even if I must face it alone Here at Thornchapel the kings must go to the door Here at Thornchapel all kings must die *Door of Bruises* is Book Four of the Thornchapel series Content warnings can be found at thesierrasimone.com/contentnotes

[Three Minutes to Midnight](#) Anthony J. Tata,2017-02-01 An electrifying military thriller from the national bestselling author who writes with a gripping and gritty authority Richard North Patterson 1 New York Times bestselling author It begins with the kidnapping of an Army Reserve officer on U S soil Name Captain Maeve Cassidy Profession Geologist specializing in natural gas drilling and fracturing Mission classified Abducted less than twenty four hours upon her return from Afghanistan Cassidy's disappearance from a Fort Bragg compound is more than a security breach It is the first stage of a large scale domestic attack that few Americans could imagine or survive Enter Delta Force veteran Jake Mahegan The seasoned operative is on a personal mission of vengeance tracking down his mother's killer at a drilling site in North Carolina When he's assigned the task of locating the geologist he can't help but wonder if her abduction

is connected to the fracking magnate he's pursuing. But when a nearby nuclear plant is attacked and then another in a matter of days, Mahegan knows it's no coincidence. It is a brilliantly conceived, ruthlessly orchestrated assault on our homeland that no intelligence analyst could ever foresee or stop. When a third nuclear plant is targeted, Mahegan has no choice but to try. If he fails, our nation falls. The countdown is launched. The clock is ticking. Armageddon begins. **Three Minutes to Midnight**. The Jake Mahegan thrillers are absolutely fantastic, pulse-pounding. **Brad Thor 1**. New York Times bestselling author. **Explosive**. W. E. B. Griffin 1. New York Times bestselling author. **Want**. Cindy Pon, 2017-06-13. Jason Zhou is trying to survive in Taipei, a city plagued by pollution and viruses, but when he discovers the elite are using their wealth to evade the deadly effects, he knows he must do whatever is necessary to fight the corruption and save his city. **Carry On**. Lisa Fenn, 2016-08-16. In the spirit of *The Blind Side* and *Friday Night Lights*, comes a tender and profoundly moving memoir about an ESPN producer's unexpected relationship with two disabled wrestlers from inner-city Cleveland and how these bonds blossoming ultimately into a most unorthodox family would transform their lives. When award-winning ESPN producer Lisa Fenn returned to her hometown for a story about two wrestlers at one of Cleveland's toughest public high schools, she had no idea that the trip would change her life. Both young men were disadvantaged students with significant physical disabilities. Dartanyon Crockett was legally blind as a result of Leber's disease. Leroy Sutton lost both his legs at eleven when he was run over by a train. Brought together by wrestling, they had developed a brother-like bond as they worked to overcome their disabilities. After forming a profound connection with Dartanyon, and Leroy, Fenn realized she couldn't just walk away when filming ended. These boys had had to overcome the odds too many times. Instead, Fenn dedicated herself to ensuring their success long after the reporting was finished and the story aired, and an unlikely family of three was formed. The years ahead would be fraught with complex challenges, but Fenn stayed with the boys every step of the way, teaching them essential life skills, helping them heal old wounds and traumatic pasts, and providing the first steady and consistent support system they'd ever had. This powerful memoir is one of love, hope, faith, and strength, a story about an unusual family and the courage to carry on even in the most extraordinary circumstances. **Shaping Written Knowledge**. Charles Bazerman, 1988. The forms taken by scientific writing help to determine the very nature of science itself. In this closely reasoned study, Charles Bazerman views the changing forms of scientific writing as solutions to rhetorical problems faced by scientists arguing for their findings. Examining such works as the early *Philosophical Transactions* and Newton's optical writings, as well as *Physical Review*, Bazerman views the changing forms of scientific writing as solutions to rhetorical problems faced by scientists. The rhetoric of science, Bazerman demonstrates, is an embedded part of scientific activity that interacts with other parts of scientific activity, including social structure and empirical experience. This book presents a comprehensive historical account of the rise and development of the genre and views these forms in relation to empirical experience. **Sekret Machines Book 1: Chasing Shadows**. Tom DeLonge, AJ Hartley, 2016-04-05. For those who know that something is going on, the witnesses are

legion scattered across the world and dotted through history people who looked up and saw something impossible lighting up the night sky What those objects were where they came from and who or what might be inside them is the subject of fierce debate and equally fierce mockery so that most who glimpsed them came to wish they hadn't Most but not everyone Among those who know what they've seen and like the toll of a bell that can't be unrung are forever changed by it are a pilot an heiress a journalist and a prisoner of war From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent or harness these beings of unfathomable power Because as it turns out we are not the only ones who can invent and build and destroy Featuring actual events and other truths drawn from sources within the military and intelligence community Tom DeLonge and A J Hartley offer a tale at once terrifying fantastical and perhaps all too real Though it is of course a work of fiction
