**A Pickpocket's Tale: The Underworld of Nineteenth-Century New York** Timothy J. Gilfoyle, 2007-08-17 Meet George Appo pickpocket con man mayor of underworld New York in the late 19th century In Appo's world child pickpockets swarmed the crowded streets addicts drifted in furtive opium dens and expert swindlers worked the lucrative green goods game 60 illustrations [The Urban Underworld in Late Nineteenth-Century New York: The Autobiography of George Appo](#) Timothy Gilfoyle, 2013-01-04 Through the colorful autobiography of pickpocket and con man George Appo Timothy Gilfoyle brings to life the opium dens organized criminals and prisons that comprised the rapidly changing criminal underworld of late nineteenth century America The book's introduction and supporting documents which include investigative reports and descriptions of Appo and his world connect Appo's memoir to the larger story of urban New York and how and why crime changed during this period It also explores factors of race and class that led some to a life of crime the experience of criminal justice and incarceration and the masculine codes of honor that marked the emergence of the nation's criminal subculture Document headnotes a chronology questions for consideration and a selected bibliography offer additional pedagogical support

**A Pickpocket's Tale: The Underworld of Nineteenth-Century New York** Timothy J. Gilfoyle, 2011-02-07 A true story more incredible than fiction Kevin Baker author of *Striver's Row* In George Appo's world child pickpockets swarmed the crowded streets addicts drifted in furtive opium dens and expert swindlers worked the lucrative green goods game On a good night Appo made as much as a skilled laborer made in a year Bad nights left him with more than a dozen scars and over a decade in prisons from the Tombs and Sing Sing to the Matteawan State Hospital for the Criminally Insane where he reunited with another inmate his father The child of Irish and Chinese immigrants Appo grew up in the notorious Five Points and Chinatown neighborhoods He rose as an exemplar of the good fellow a criminal who relied on wile who followed a code of loyalty even in his world of deception Here is the underworld of the New York that gave us Edith Wharton Boss Tweed Central Park and the Brooklyn Bridge [The Gangs of New York](#) Herbert Asbury, 1928 [Sex Workers, Psychics, and Numbers Runners](#) LaShawn Harris, 2016-06-15 During the early twentieth century a diverse group of African American women carved out unique niches for themselves within New York City's expansive informal economy LaShawn Harris illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry sex work numbers running for gambling enterprises and the supernatural consulting business Mining police and prison records newspaper accounts and period literature Harris teases out answers to essential questions about these women and their working lives She also offers a surprising revelation arguing that the burgeoning underground economy served as a

catalyst in working class black women TMs creation of the employment opportunities occupational identities and survival strategies that provided them with financial stability and a sense of labor autonomy and mobility At the same time urban black women all striving for economic and social prospects and pleasures experienced the conspicuous and hidden dangers associated with newfound labor opportunities *Writing the History of Crime* Paul Knepper,2015-12-17 *Writing the History of Crime* investigates the development of historical writing on the subject of crime and its wider place in social and cultural history It examines long standing and emerging traditions in history writing with separate chapters on legal and scientific approaches as well as on urban Marxist gender and empire history Each chapter then explores these historical approaches in relation to crime paying particular attention to the relationship between theory and the interpretation of evidence Rather than a timeline for the historical appearance of ideas about crime or a catalogue of the range of topics that comprise the subject matter *Writing the History of Crime* reveals the ideas behind crime as a subject of historical investigation it looks at how these ideas generate questions that may be asked about the past and the way in which these questions are answered This is a crucial analysis for anyone interested in the history of crime the historiography of social history or the art of history writing more broadly

**The Science of Deception** Michael Pettit,2013-01-18 During the late nineteenth and early twentieth centuries Americans were fascinated with fraud P T Barnum artfully exploited the American yen for deception and even Mark Twain championed it arguing that lying was virtuous insofar as it provided the glue for all interpersonal intercourse But deception was not used solely to delight and many fell prey to the schemes of con men and the wiles of spirit mediums As a result a number of experimental psychologists set themselves the task of identifying and eliminating the illusions engendered by modern commercial life By the 1920s however many of these same psychologists had come to depend on deliberate misdirection and deceitful stimuli to support their own experiments *The Science of Deception* explores this paradox weaving together the story of deception in American commercial culture with its growing use in the discipline of psychology Michael Pettit reveals how deception came to be something that psychologists not only studied but also employed to establish their authority They developed a host of tools the lie detector psychotherapy an array of personality tests and more for making deception more transparent in the courts and elsewhere Pettit s study illuminates the intimate connections between the scientific discipline and the marketplace during a crucial period in the development of market culture With its broad research and engaging tales of treachery *The Science of Deception* will appeal to scholars and general readers alike

**The Boy Problem** Julia Grant,2014-03-15 A historical perspective on the factors affecting boys relationships with school and the criminal justice system Outstanding Academic Title Choice America s educational system has a problem with boys and it s nothing new The question of what to do with boys the boy problem has vexed educators and social commentators for more than a century Contemporary debates about poor academic performance of boys especially those of color point to a myriad of reasons inadequate and punitive schools broken families poverty and cultural conflicts Julia Grant offers a

historical perspective on these debates and reveals that it is a perennial issue in American schooling that says much about gender and education today Since the birth of compulsory schooling educators have contended with what exactly to do with boys of immigrant poor minority backgrounds Initially public schools developed vocational education and organized athletics and technical schools as well as evening and summer continuation schools in response to the concern that the American culture of masculinity devalued academic success in school Urban educators sought ways to deal with the bad boys almost exclusively poor immigrant or migrant who skipped school exhibited behavioral problems when they attended and sometimes landed in special education classes and reformatory institutions The problems these boys posed led to accommodations in public education and juvenile justice system This historical study sheds light on contemporary concerns over the academic performance of boys of color who now flounder in school or languish in the juvenile justice system Grant s cogent analysis will interest education policy makers and educators as well as scholars of the history of education childhood gender studies American studies and urban history

*The Talented Mrs. Mandelbaum* Margalit Fox, 2024-07-02 America s first great organized crime lord was a lady a nice Jewish mother named Mrs Mandelbaum A tour de force With a pickpocket s finesse Margalit Fox lures us into the criminal underworld of Gilded Age New York Liza Mundy author of *The Sisterhood* In 1850 an impoverished twenty five year old named Fredericka Mandelbaum came to New York in steerage and worked as a peddler on the streets of Lower Manhattan By the 1870s she was a fixture of high society and an admired philanthropist How was she able to ascend from tenement poverty to vast wealth In the intervening years Marm Mandelbaum had become the country s most notorious fence a receiver of stolen goods and a criminal mastermind By the mid 1880s as much as 10 million worth of purloined luxury goods nearly 300 million today had passed through her Lower East Side shop Called the nucleus and center of the whole organization of crime she planned robberies of cash gold and diamonds throughout the country But Mrs Mandelbaum wasn t just a successful crook She was a business visionary one of the first entrepreneurs in America to systemize the scattershot enterprise of property crime Handpicking a cadre of the finest bank robbers housebreakers and shoplifters she handled logistics and organized supply chains turning theft into a viable scalable business *The Talented Mrs Mandelbaum* paints a vivid portrait of Gilded Age New York a city teeming with nefarious rogues capitalist power brokers and Tammany Hall bigwigs all straddling the line between underworld enterprise and legitimate commerce Combining deep historical research with the narrative flair for which she is celebrated Margalit Fox tells the unforgettable true story of a once famous heroine whose life exemplifies America s cherished rags to riches narrative while simultaneously upending it entirely

[The Big Con](#) David Maurer, 2010-10-27 The classic 1940 study of con men and con games that Luc Sante in *Salon* called a bonanza of wild but credible stories told concisely with deadpan humor as sly and rich in atmosphere as anything this side of Mark Twain Of all the grifters the confidence man is the aristocrat wrote David Maurer a proposition he definitely proved in *The Big Con* one of the most colorful well researched and entertaining works of criminology ever written A

professor of linguistics who specialized in underworld argot Maurer won the trust of hundreds of swindlers who let him in on not simply their language but their folkways and the astonishingly complex and elaborate schemes whereby unsuspecting marks hooked by their own greed and dishonesty were taken off i e cheated of thousands upon thousands of dollars The Big Con is a treasure trove of American lingo the write the rag the payoff ropers skills the cold poke the convincer to put on the send and indelible characters Yellow Kid Weil Barney the Patch the Seldom Seen Kid Limehouse Chappie Larry the Lug It served as the source for the Oscar winning film The Sting American Criminal Law Paul H. Robinson, Sarah M. Robinson, 2022-08-12 This coursebook offers an exciting new approach to teaching criminal law to graduate and undergraduate students and indeed to the general public Each well organized and student friendly chapter offers historical context tells the story of a principal historic case provides a modern case that contrasts with the historic explains the legal issue at the heart of both cases includes a unique mapping feature describing the range of positions on the issue among the states today examines a key policy question on the topic and provides an aftermath that reports the final chapter to the historic and modern case stories By embedding sophisticated legal doctrine and analysis in real world storytelling the book provides a uniquely effective approach to teaching American criminal law in programs on criminal justice political science public policy history philosophy and a range of other fields **Subcultures** Ken Gelder, 2007-01-24 This book presents a cultural history of subcultures covering a remarkable range of subcultural forms and practices It begins with London s Elizabethan underworld taking the rogue and vagabond as subcultural prototypes the basis for Marx s later view of subcultures as the lumpenproletariat and Henry Mayhew s view of subcultures as those that will not work Subcultures are always in some way non conforming or dissenting They are social with their own shared conventions values rituals and so on but they can also seem immersed or self absorbed This book identifies six key ways in which subcultures have generally been understood through their often negative relation to work idle parasitical hedonistic criminal their negative or ambivalent relation to class their association with territory the street the hood the club rather than property their movement away from home into non domestic forms of belonging their ties to excess and exaggeration as opposed to restraint and moderation their refusal of the banalities of ordinary life and in particular of massification Subcultures looks at the way these features find expression across many different subcultural groups from the Ranters to the riot grrrls from taxi dancers to drag queens and kings from bebop to hip hop from dandies to punk from hobos to leatherfolk and from hippies and bohemians to digital pirates and virtual communities It argues that subcultural identity is primarily a matter of narrative and narration which means that its focus is literary as well as sociological It also argues for the idea of a subcultural geography that subcultures inhabit places in particular ways their investment in them being as much imaginary as real and in some cases strikingly utopian *Broadway Plays and Musicals* Thomas S. Hischak, 2009-04-22 New York City s Broadway district is by far the most prestigious and lucrative venue for American performers playwrights entertainers and technicians While there are

many reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater this is the first single volume book to cover all of the activities on Broadway between 1919 and 2007 More than 14 000 productions are briefly described including hundreds of plays musicals revivals and specialty programs Entries include famous and forgotten works designed to give a complete picture of Broadway s history and development its evolution since the early twentieth century and its rise to unparalleled prominence in the world of American theater The productions are identified in terms of plot cast personnel critical reaction and significance in the history of New York theater and culture In addition to a chronological list of all Broadway productions between 1919 and 2007 the book also includes approximately 600 important productions performed on Broadway before 1919

*Social Histories of Iran* Stephanie Cronin,2021-01-28 A social history of modern Iran from below focused on subaltern groups and contextualised by developments within Middle Eastern and global history

**City of Eros** Timothy J. Gilfoyle,1994 Winner of the Allan Nevins Prize of the Society of American Historians and the New York State Historical Association Manuscript Prize

[Encyclopedia of Prostitution and Sex Work](#) Melissa Hope Ditmore,2006-08-30 The A to Z encyclopedia offers entries related to prostitution and the sex industry past and present worldwide mostly in the West and in the United States An introduction overviews the scope of prostitution from the earliest historical records including the Bible

*A Murder in Virginia* Suzanne Lebsack,2004 Recounts the events surrounding the dramatic post Civil War trial of a young African American sawmill hand who was accused of ax murdering a white woman on her Virginia farmyard and who implicated three other women in the crime

*The New Coastal History* David Worthington,2017-10-17 This book provides a pathway for the New Coastal History Our littorals are all too often the setting for climate change and the political refugee and migration crises that blight our age Yet historians have continued in large part to ignore the space between the sea and the land Through a range of conceptual and thematic chapters this book remedies that Scotland a country where one is never more than fifty miles from saltwater provides a platform as regards the majority of chapters in accounting for and supporting the clusters of scholarship that have begun to gather around the coast The book presents a new approach that is distinct from both terrestrial and maritime history and which helps bring environmental history to the shore Its cross disciplinary perspectives will be of appeal to scholars and students in those fields as well as in the environmental humanities coastal archaeology human geography and anthropology

[Forgotten Reformer](#) Frank Morn,2011 *Forgotten Reformer* traces criminal justice practice and reform developments in late nineteenth century America through the life and career of Robert McClaghry a leading reformer As a warden of one of America s toughest prisons as a chief of police of Chicago as a superintendent of two different reformatories and as one of the first wardens of the federal prison system McClaghry developed and led a reform movement that resonates today As a founding member of the reformatory movement that sought to save young first offenders McClaghry advocated new sentencing structures probation parole and rehabilitative regimes within new institutions for young first

offenders called reformatories. McClaughry then successfully got these reformatory ideals placed into adult prisons. In addition, McClaughry became America's main advocate for a criminal identification method called the Bertillon system. He set up the first identification bureaus at the Illinois State Penitentiary, the Chicago police department, and the federal prison at Leavenworth, Kansas, and these became models for others across the country. Finally, as a founding member of the National Association of Chiefs of Police, today the International Association of Chiefs of Police and the National Prison Association, today American Corrections Association, McClaughry sought to professionalize police and prison administrators.

**The War on Alcohol: Prohibition and the Rise of the American State** Lisa McGirr, 2015-11-30. This fine history of Prohibition could have a major impact on how we read American political history. James A. Morone, New York Times Book Review. Prohibition has long been portrayed as a noble experiment that failed, a newsreel story of glamorous gangsters, flappers, and speakeasies. Now, at last, Lisa McGirr dismantles this cherished myth to reveal a much more significant history. Prohibition was the seedbed for a pivotal expansion of the federal government, the genesis of our contemporary penal state. Her deeply researched, eye-opening account uncovers patterns of enforcement still familiar today: the war on alcohol was waged disproportionately in African American, immigrant, and poor white communities. Alongside Jim Crow and other discriminatory laws, Prohibition brought coercion into everyday life and even into private homes. Its targets coalesced into an electoral base of urban working-class voters that propelled FDR to the White House. This outstanding history also reveals a new genome for the activist American state, one that shows the DNA of the right as well as the left. It was Herbert Hoover who built the extensive penal apparatus used by the federal government to combat the crime spawned by Prohibition. The subsequent federal wars on crime, drugs, and on terror all display the inheritances of the war on alcohol. McGirr shows the powerful American state to be a bipartisan creation, a legacy not only of the New Deal and the Great Society but also of Prohibition and its progeny. The War on Alcohol is history at its best: original, authoritative, and illuminating of our past and its continuing presence today.
