Most educators want to cultivate an antibias and antiracist classroom and school community, but they often struggle with where and how to get started. Liz helps us set ourselves up for success and prepare for the mistakes we'll make along the way. Each chapter in *Start Here, Start Now* addresses many of the questions and challenges educators have about getting started, using a framework for tackling perceived barriers from a proactive stance. Liz answers the questions with personal stories, sample lessons, anchor charts, resources, conversation starters, extensive teacher and activist accounts, and more. We can break the habits that are holding us back from this work and be empowered to take the first step towards reimagining the possibilities of how antibias antiracist work can transform schools and the world at large. We must remind ourselves that what is right is often not what is easy, and we must continue to dream. Amidst the chaos, our path ahead is clear. This is our chance to dream big and build something better.

“A true classic of world literature . . . A masterpiece that has inspired generations of writers in Nigeria, across Africa, and around the world.” —Barack Obama

“African literature is incomplete and unthinkable without the works of Chinua Achebe.” —Toni Morrison

Nominated as one of America’s best-loved novels by PBS’s *The Great American Read* Things Fall Apart is the

first of three novels in Chinua Achebe's critically acclaimed African Trilogy. It is a classic narrative about Africa's cataclysmic encounter with Europe as it establishes a colonial presence on the continent. Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, *Things Fall Apart* explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, *Things Fall Apart* provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

Sixteen-year-old Kit Tyler is marked by suspicion and disapproval from the moment she arrives on the unfamiliar shores of colonial Connecticut in 1687. Alone and desperate, she has been forced to leave her beloved home on the island of Barbados and join a family she has never met. Torn between her quest for belonging and her desire to be true to herself, Kit struggles to survive in a hostile place. Just when it seems she must give up, she finds a kindred spirit. But Kit's friendship with Hannah Tupper, beloved by the

colonists to be a witch, proves more taboo than she could have imagined and ultimately forces Kit to choose between her heart and her duty. Elizabeth George Speare won the 1959 Newbery Medal for this portrayal of a heroine whom readers will admire for her unwavering sense of truth as well as her infinite capacity to love.

Verse-by-verse commentary on the book of Genesis. Faith, its a word that describes a belief in something that you cant truly know exists. Faith is someone standing in front of a closet telling you that there is gold inside and that you will get that gold at some point if you can just trust that it is there. Whats to stop you from looking in the closet? So many people believe that there is gold in the closet, so maybe you should too. The feeling of the possibility of getting the gold is so intense, it is just enough to make it so you dont try and peek inside the closet. The funny thing about faith is that without numbers, it wouldnt exist. Yet, your faith belongs to you; you own it in the most complete sense. It is you that owns this faith and it is you that decides what to make of it. People get mad when something makes them question their faith, yet the only one that can question your faith is you. No man, woman, movie or book can influence the decision you have to keep or discard your faith. In the end, you are the one who decides the direction of your life. This book

provides a peak into the closet. It gives you the choice to either believe that you do see the gold, or to believe that there is no gold. What you decide to see and believe is ultimately up to you. This book will help you understand why there is no gold, but instead a much more magical entity. The closet in reality isn't a box but is an unending future. One of the best-selling young adult books of all time, written by Pulitzer Prize-winning author Paul Zindel. John Conlan is nicknamed "The Bathroom Bomber" after setting off firecrackers in the boys' bathroom 23 times without ever getting caught. John and his best friend, Lorraine, can never please their parents, and school is a chore. To pass the time, they play pranks on unsuspecting people and it's during one of these pranks that they meet the "Pigman." In spite of themselves, John and Lorraine soon get caught up in Mr. Pignati's zest for life. In fact, they become so involved that they begin to destroy the only corner of the world that has ever mattered to them. Can they stop before it's too late?' For Cal, some choices are devastatingly simple... He can work in an abattoir that nauseates him or join the dole queue; he can brood on his past or plan a future with Marcella. Springing out of the fear and violence of Ulster, Cal is a haunting love story in a land where tenderness and innocence can only flicker briefly in the dark. NEWBERY MEDAL

Born the son of a clergyman on October 18, 1662, Matthew Henry was ordained into the British Presbyterian Church where he held the pastorate in Chester from 1687 to 1712. He was widowed, married again and had 10 children, three whom died in infancy. Henry died in 1714. Henry began work on his commentary as "Notes On The New Testament" in 1704 and the monumental work was completed shortly before his death in 1714. Remembered as a caring pastor, a passionate lover of the Word of God, and a man of great personal integrity, Matthew Henry has left his mark on the hearts of countless Christians who seek a deeper understanding of the riches that Scripture contains. This edition of Matthew Henry's Commentary on the Whole Bible uses the King James text and is abridged from the original six volumes while faithfully retaining all of the vibrant themes of that classic work. Everything here is in Matthew Henry's own words and nothing relevant to today's reader has been omitted. Sixth-grader Marty and his family try to help their rough neighbor, Judd Travers, change

his mean ways, even though their West Virginia community continues to expect the worst of him, in the final volume of the Shiloh trilogy. Reprint. Anthem has long been hailed as one of Ayn Rand's classic novels, and a clear predecessor to her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. In *Anthem*, Rand examines a frightening future in which individuals have no name, no independence, and no values. Equality 7-2521 lives in the dark ages of the future where all decisions are made by committee, all people live in collectives, and all traces of individualism have been wiped out. Despite such a restrictive environment, the spark of individual thought and freedom still burns in him--a passion which he has been taught to call sinful. In a purely egalitarian world, Equality 7-2521 dares to stand apart from the herd--to think and choose for himself, to discover electricity, and to love the woman of his choice. Now he has been marked for death for committing the ultimate sin. In a world where the great "we" reign supreme, he has rediscovered the lost and holy word--"I."

coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups. in their everyday lives. Praised as a “master storyteller” (The Wall Street Journal) and hailed for his “flawless use of language” (Boston Herald), Irish author and playwright Sebastian Barry has created a powerful new novel about divided loyalties and the realities of war. Sebastian Barry's latest novel, Days Without End, is now available. In 1914, Willie Dunne, barely eighteen years old, leaves behind Dublin, his family, and the girl he plans to marry in order to enlist in the Allied forces and face the Germans on the Western Front. Once there, he encounters a horror of violence and gore he could not have imagined and sustains his spirit with only the words on the pages from home and the camaraderie of the mud-covered Irish boys who fight and die by his side. Dimly aware of the political tensions that have grown in Ireland in his absence, Willie returns on leave to find a world split and ravaged by forces closer to home. Despite the comfort he finds with his family, he knows he must rejoin his regiment and fight until the end. With grace and power, Sebastian Barry vividly renders Willie’s personal struggle as well as the overwhelming consequences of war. To complement the growing body of knowledge on the physical aspects of radioactive waste disposal, this new report identifies the "socioeconomic and institutional" policy issues that must be

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife. Gateway Church, which has a congregation of more than 36,000 people. PBS's The Great American Read named it one of America's best-loved novels. A Separate Peace has been a bestseller in the United States for nearly thirty years, and it is ageless in its depiction of youth during a time when the entire country was losing its innocence to World War II. A Separate Peace is a horrific and brilliant fable about the dark side of adolescence set at a boys' boarding school in New England during the early years of World War II. Gene is an introverted, lonely intellectual. Phineas is a reckless athlete who is attractive and taunts others. Like the war itself, what happens between the two friends one summer robs these guys and their world of their innocence. A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love New York Times-bestselling author Francis Chan offers an in-depth study on the true source of the Church's power - the Holy Spirit. As Jesus ascended into heaven, He promised to send the Holy Spirit—the Helper—so that we could be true and living witnesses for Christ. Despite this, Chan contends we have neglected the Spirit for far too long. To most of us, learning something "the hard way" implies wasted time and effort. Good teaching, we believe, should be creatively tailored to the different learning styles of students and should use strategies that make learning easier. Make It Stick turns fashionable ideas like these on their head. Drawing on recent discoveries in cognitive psychology and other disciplines, the authors offer concrete techniques for becoming more productive learners. Memory plays a central role in our ability to carry out complex cognitive tasks, such as applying knowledge to problems never before encountered and drawing inferences from facts already known. New insights into how memory is encoded, consolidated, and later retrieved have led to a better understanding of how we learn. Grappling with the impediments that make learning challenging leads both to more complex mastery and better retention of what was learned. Many common study habits and practice routines turn**

out to be counterproductive. Underlining and highlighting, rereading, cramming, and single-minded repetition of new skills create the illusion of mastery, but gains fade quickly. More complex and durable learning come from self-testing, introducing certain difficulties in practice, waiting to re-study new material until a little forgetting has set in, and interleaving the practice of one skill or topic with another. Speaking most urgently to students, teachers, trainers, and athletes, Make It Stick will appeal to all those interested in the challenge of lifelong learning and self-improvement. "The objective of this research was to undertake a comprehensive and systematic examination of the way agencies should be organized to successfully execute operations programs that improve travel time reliability. The following types of questions were examined at the outset of this research: How does operations fit into a transportation agency's overall program? What changes can be made in agency culture and training to promote operations? Which local and regional public agencies and private-sector organizations are essential to the various aspects of operations? Are there emerging technologies, systems, or organizational structures that can be used to advance intra-agency and interagency communications and therefore operations? The research addressed a

large number of topics concerning organizational and institutional approaches that could enhance highway operations and travel time reliability. The most fruitful investigation was identification of the Capability Maturity Model, used extensively in the information technology field for organizational self-assessment and continuous improvement of quality and reliability. The researchers recognized that a version of the Capability Maturity Model could be developed and applied to highway operations and in turn travel time reliability. Elements defining different levels of maturity include culture/leadership, organization and staffing, resource allocation, and partnerships."--Publisher's description. The world is full of chaos.
