Great Rebus Puzzles Steve Ryan,1999 In a rebus puzzle the

pictures aren't worth a thousand words but they're certainly worth a few important ones. These puzzles will perplex and entertain you and have you in stitches as you try to figure out what words and letters the drawings represent. You won't know where the time went as you decipher microwave oven from M eye crow wave UH fin and many more. The author lives in Carritos CA 108 pages all in color 6 1 2 x 5 *Rebus Puzzles* All Psychology, 2020-06. A rebus puzzle uses a combination of letters, words, pictures, symbols, numbers, etc. to represent a common phrase or saying. Your job as the puzzle solver is to work out what the puzzle is trying to say. Here's an example: THODEEPUGHT. The word DEEP is in the middle of the letters, and the remaining letters spell out the word THOUGHT. So the answer to this puzzle is deep in thought. Talking of deep in thought, rebus puzzles are brilliant for cognitive development. Cognitive development refers to how we think and attempt to understand the world around us; it refers to how we learn, develop, and apply knowledge, including how we acquire, comprehend, and use language. Rebus puzzles help with all these aspects of brain development at any age. Additional learning opportunities for kids: The first part of the book includes 52 rebus puzzles, four on each page. The second part of the book is where you will find the answers. The answer pages offer lots of additional opportunities for children to consolidate and build upon their learning. Encourage children to explain how they were able to solve the puzzle. With a rebus puzzle, it is possible to get the right answer but not fully understand what the answer means. For example, a child may be unsure as to what a particular phrase means. This is a great teaching opportunity for you and a great learning opportunity for them. Satisfy your inner puzzler! The final part of the book includes blank boxes where any other rebus puzzles you come across can be jotted down. Better still, these blank boxes can be used to record any rebus puzzles you create yourself.
