how does it manage to survive even to flourish despite overwhelming political odds and as the general writes an extraordinary propensity for shooting itself in the foot To answer this question Krulak examines the foundation on which the Corps is built a system of intense loyalty to God to country and to other Marines He also takes a close look at Marines in war offering challenging accounts of their experiences in World War II Korea and Vietnam In addition he describes the Corps s relationship to other services especially during the unification battles following World War II and offers new insights into the decision making process in times of crisis First published in hardcover in 1984 this book has remained popular ever since with Marines of every rank **Warfighting** Department of the Navy,U.S. Marine Corps,2018-10 The manual describes the general strategy for the U S Marines but it is beneficial for not only every Marine to read but concepts on leadership can be gathered to lead a business to a family If you want to see what make Marines so effective this book is a good place to start
