CPT 2021 Professional Edition American Medical Association, 2020-09-17 CPT 2021 Professional Edition is the definitive AMA authored resource to help health care professionals correctly report and bill medical procedures and services. Providers want accurate reimbursement. Payers want efficient claims processing. Since the CPT code set is a dynamic everchanging standard, an outdated codebook does not suffice. Correct reporting and billing of medical procedures and services begins with CPT 2021 Professional Edition. Only the AMA, with the help of physicians and other experts in the health care community, creates and maintains the CPT code set. No other publisher can claim that no other codebook can provide the official guidelines to code medical services and procedures properly.

FEATURES AND BENEFITS The CPT 2021 Professional Edition codebook covers hundreds of code guideline and text changes and features CPT Changes, CPT Assistant, and Clinical Examples in Radiology citations, provides cross-referenced information in popular AMA resources that can enhance your understanding of the CPT code set. E/M 2021 code changes gives guidelines on the updated codes for office or other outpatient and prolonged services section incorporated. A comprehensive index aids you in locating codes related to a specific procedure, service, anatomic site, condition, synonym, eponym, or abbreviation to allow for a clearer, quicker search. Anatomical and procedural illustrations help improve coding accuracy and understanding of the anatomy and procedures being discussed. Coding tips throughout each section improve your understanding of the nuances of the code set. Enhanced codebook table of contents allows users to perform a quick search of the codebook's entire content without being in a specific section. Section-specific table of contents provides users with a tool to navigate more effectively through each section's codes. Summary of additions, deletions, and revisions provides a quick reference to 2020 changes without having to refer to previous editions. Multiple appendices offer quick reference to additional information and resources that cover such topics as modifiers, clinical examples, add-on codes, vascular families, multianalyte assays, and telemedicine services. Comprehensive E/M code selection tables aid physicians and coders in assigning the most appropriate evaluation and management codes. Adhesive section tabs allow you to flag those sections and pages most relevant to your work. More full-color procedural illustrations. Notes pages at the end of every code set section and subsection.
