*Francis of Assisi* Augustine Thompson,2012-04-15 I recommend this book strongly to anyone serious about understanding Francis of Assisi I admire the clarity and brevity of the writing With decisiveness Thompson cuts through the conflicting medieval accounts of each event in Francis life adjusts for the hagiographers spin and creates a credible chronology out of the blurry dates His knowledge of medieval Italy allows him to provide insightful explanations of the legal liturgical and ecclesiastical practices of the time Paul Moses America Among the most beloved saints in the Catholic tradition Francis of Assisi c 1181 1226 is popularly remembered for his dedication to poverty his love of animals and nature and his desire to follow perfectly the teachings and example of Christ During his lifetime and after his death followers collected for their own purposes numerous stories anecdotes and reports about Francis As a result the man himself and his own concerns became lost in legend In this authoritative and engaging new biography Augustine Thompson O P sifts through the surviving evidence for the life of Francis using modern historical methods The result is a complex yet sympathetic portrait of the man and the saint Francis emerges from this account as very much a typical thirteenth century Italian layman but one who when faced with unexpected crises in his personal life made decisions so radical that they challenge his own society and ours Unlike the saint of legend this Francis never had a unique divine inspiration to provide him with rules for following the teachings of Jesus Rather he spent his life reacting to unexpected challenges before which he often found himself unprepared and uncertain The Francis who emerges here is both more complex and more conflicted than that of older biographies His famed devotion to poverty is found to be more nuanced than expected perhaps not even his principal spiritual concern Thompson revisits events small and large in Francis s life including his troubled relations with his father his contacts with Clare of Assisi his encounter with the Muslim sultan and his receiving the Stigmata to uncover the man behind the legends and popular images A tour de force of historical research and biographical writing *Francis of Assisi A New Biography* is divided into two complementary parts a stand alone biographical narrative and a close annotated examination of the historical sources about Francis Taken together the narrative and the survey of the sources provide a much needed fresh perspective on this iconic figure As I have worked on this biography Thompson writes my respect for Francis and his vision has increased and I hope that this book will speak to modern people believers and unbelievers alike and that the Francis I have come to know will have something to say to them today

*Ellie* Deborah Rose,2005 Ellie begins her life with loving parents and a stable home Tragedy strikes when she is seven years old with the death of her mother Her father's death one year later plunges Ellie into a nightmare of abuse and frequent moves Her ever changing caregivers have one thing in common a sinister force who has made Ellie the target of his obsession He torments Ellie until he breaks the essence of her leaving a terrified shell where a happy child should be Ellie endures the remaining years of her childhood and adolescence isolated emotionally longing for love Though broken in spirit and beaten down she eventually finds the courage to break free After some time as a homeless runaway Ellie finds her way in making a life for herself Ultimately this is a story that will inspire and give hope to anyone who has faced challenges in life

**The History and Politics of Exhumation** Michael L. Nash,2019-10-21 This book argues that a serious scholarly study on exhumation is long overdue Examining more well known cases such as that of Richard III the Romanovs and Tutankhamen alongside the more obscure Michael Nash explores the motivations beyond exhumation from retribution to repatriation Along the way he explores the influence of Gothic fiction in the eighteenth century the notoriety of the Resurrection Men in the nineteenth century and the archeological heyday of the twentieth century

**Reason, Freedom, and Democracy in Islam** Abdolkarim Soroush,2000-04-20 Abdolkarim Soroush has emerged as one of the leading moderate revisionist thinkers of the Muslim world He and his contemporaries in other Muslim countries are shaping what may become Islam s equivalent of the Christian Reformation a period of questioning traditional practices and beliefs and ultimately of upheaval Presenting eleven of his essays this volume makes Soroush s thought readily available in English for the first time The essays set forth his views on such matters as the freedom of Muslims to interpret the Qur an the inevitability of change in religion the necessity of freedom of belief and the compatibility of Islam and democracy Throughout Soroush emphasizes the rights of individuals in their relationship with both government and God explaining that the ideal Islamic state can only be defined by the beliefs and will of the majority

*European Drawings 2* George R. Goldner, Lee Hendrix, Kelly Pask, 1992-10-08 The Getty Museum's collection of drawings was begun in 1981 with the purchase of a Rembrandt nude and has since become an important repository of European works from the fifteenth through the nineteenth century. As in the first volume devoted to the collection published in 1988 in English and Italian editions, the text is here organized first by national school, then alphabetically by artist, with individual works arranged chronologically. For each drawing, the authors provide a discussion of the work's style, dating, iconography, and relationship to other works, as well as provenance and a complete bibliography.

*UNESCO General History of Africa, Vol. I, Abridged Edition* Jacqueline Ki-Zerbo, Unesco. International Scientific Committee for the Drafting of a General History of Africa, 1990. This volume covers the period from the end of the Neolithic era to the beginning of the seventh century of our era. This lengthy period includes the civilization of Ancient Egypt, the history of Nubia, Ethiopia, North Africa, and the Sahara, as well as of the other regions of the continent and its islands. Publisher's description.

*Kwame Nkrumah's Politico-Cultural Thought and Politics* Kwame Botwe-Asamoah, 2013-06-17. This study critically synthesizes and analyzes the relationship between Kwame Nkrumah's politico-cultural philosophy and policies as an African-centered paradigm for the post-independence African revolution. It also argues for the relevance of his theories and politics in today's Africa.

*Cycles in US Foreign Policy since the Cold War* Thomas H. Henriksen, 2017-01-25. This book describes how American international policy alternates between engagement and disengagement cycles in world affairs. These cycles provide a unique way to understand, assess, and describe fluctuations in America's involvement or non-involvement overseas. In addition to its basic thesis, the book presents a fair-minded account of four presidents' foreign policies in the post-Cold War period: George H. W. Bush, Bill Clinton, George W. Bush, and Barack Obama. It suggests recurring sources of cyclical change along with implications for the future. An engaged or involved foreign policy entails the use of military power and diplomatic pressure against other powers to secure American ends. A disengaged or noninvolved policy relies on normal economic and political interaction with other states, which seeks to disassociate from entanglements.

*Slow Violence and the Environmentalism of the Poor* Rob Nixon, 2011-06-01. The violence wrought by climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Using the innovative concept of slow violence to describe these threats, Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises in contrast with the sensational, spectacle-driven messaging that impels public activism today. Slow violence, because it is so readily ignored by a hard-charging capitalism, exacerbates the vulnerability of ecosystems and of people who are poor, disempowered, and often involuntarily displaced while fueling social conflicts that arise from desperation as life-sustaining conditions erode. In a book of extraordinary scope, Nixon examines a cluster of writer-activists affiliated with the environmentalism of the poor in the global South. By approaching environmental justice literature from this transnational perspective, he exposes the limitations of the national and local frames that dominate environmental writing. And by skillfully illuminating the strategies these writer-activists deploy to give dramatic visibility to environmental emergencies, Nixon invites his readers to engage with some of the most pressing challenges of our time.

The Power of African Cultures Toyin Falola, 2003 An analysis of the ties between culture and every aspect of African life using Africa's past to explain present situations This book focuses on the modern cultures of Africa from the consequences of the imposition of Western rule to the current struggles to define national identities in the context of neo liberal economic policies and globalization The book argues that it is against the backdrop of foreign influences that Africa has defined for itself notions of identity and development African cultures have been evolving in response to change and in other ways solidly rooted in a shared past The book successfully deconstructs the last one hundred and fifty years of cultures that have been disrupted replaced and resurrected The Power of African Cultures challenges many preconceived notions such as male dominance and female submission the supposed unity of ethnic groups and contemporary Western stereotypes of Africans It also shows the dynamism of African cultures to adapt to foreign imposition even as colonial rule forced the adoption of foreign institutions and cultures African cultures appropriated these elements Traditions were reworked symbols redefined and the past situated in contemporary problems in order to accommodate the modern era Toyin Falola is a Fellow of the Nigerian Academy of Letters and Fellow of the Historical Society of Nigeria He is the recipient of the 2006 Cheikh Anta Diop Award for Exemplary Scholarship in African Studies and the 2008 Quintessence Award by the Africa Writers Endowment He holds an honorary doctorate from Monmouth University and he is University Distinguished Teaching Professor at the University of Texas at Austin where he is also the Jacob and Frances Sanger Mossiker Chair in the Humanities His books include Nationalism and African Intellectuals and Violence in Nigeria both from the University of Rochester Press
