instances of racism sexism and bigotry in our history while downplaying the greatness of America s patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin A Patriot s History of the United States corrects those doctrinaire biases In this groundbreaking book America s discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America s true and proud history

Surprise, Kill, Vanish Annie Jacobsen, 2019-05-14 From Pulitzer Prize finalist Annie Jacobsen the untold USA Today bestselling story of the CIA s secret paramilitary units Surprise your target Kill your enemy Vanish without a trace When diplomacy fails and war is unwise the president calls on the CIA s Special Activities Division a highly classified branch of the CIA and the most effective black operations force in the world Originally known as the president s guerrilla warfare corps SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies Almost every American president since World War II has asked the CIA to conduct sabotage subversion and yes assassination With unprecedented access to forty two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day along with declassified documents and deep historical research Pulitzer Prize finalist Annie Jacobsen unveils like never before a complex world of individuals working in treacherous environments populated with killers connivers and saboteurs Despite Hollywood notions of off book operations and external secret hires covert action is actually one piece in a colossal foreign policy machine Written with the pacing of a thriller *Surprise Kill Vanish* brings to vivid life the sheer pandemonium and chaos as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work Jacobsen s exclusive interviews

with members of the CIA s Senior Intelligence Service equivalent to the Pentagon s generals its counterterrorism chiefs targeting officers and Special Activities Division s Ground Branch operators who conduct today s close quarters killing operations around the world reveal for the first time the enormity of this shocking controversial and morally complex terrain Is the CIA s paramilitary army America s weaponized strength or a liability to its principled standing in the world Every operation reported in this book however unsettling is legal **King Leopold's Ghost** Adam Hochschild,2019-05-14 With an introduction by award winning novelist Barbara Kingsolver In the late nineteenth century when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River In his devastatingly barbarous colonization of this area Leopold stole its rubber and ivory pummelled its people and set up a ruthless regime that would reduce the population by half While he did all this he carefully constructed an image of himself as a deeply feeling humanitarian Winner of the Duff Cooper Prize in 1999 King Leopold s Ghost is the true and haunting account of this man s brutal regime and its lasting effect on a ruined nation It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust Instead of turning away these brave few chose to stand up against Leopold Adam Hochschild brings life to this largely untold story and crucially casts blame on those responsible for this atrocity *HVACR Troubleshooting Fundamentals* Jim Johnson,2018
