**Forms of Curriculum Inquiry** Edmund C. Short, 1991-07-03 This book presents an overview of seventeen forms of inquiry used in curriculum research in education Conventional disciplinary forms of inquiry such as philosophical historical and scientific are described as well as more recently acknowledged forms such as ethnographic aesthetic narrative phenomenological and hermeneutic Interdisciplinary forms such as theoretical normative critical deliberative and action research are also included These forms of inquiry are distinguished from one another in terms of purposes types of research questions addressed and the processes and logic of procedure employed in arriving at knowledge claims **The Starfish and the Spider** Ori Brafman, Rod A. Beckstrom, 2006 After five years of groundbreaking research Ori Brafman and Rod A Beckstrom share some gripping stories The Starfish and the Spider argues that organizations fall into two categories traditional spiders which have a rigid hierarchy and top down leadership and revolutionary starfish which rely on the power of peer relationships This book explores what happens when starfish take on spiders such as the music industry vs Napster Kazaa and the P2P services that followed It reveals how established companies and institutions from IBM to Intuit to the U S government are also learning how to incorporate starfish principles to achieve success **BOOK JACKET** Decentralization In Health Care: Strategies And Outcomes Saltman, Richard, Busse, Reinhard, Figueras, Josep, 2006-12-01 Exploring the capacity and impact of decentralization within European health care systems this book examines both the theoretical underpinnings as well as practical experience with decentralization **Federalism and Decentralization in Health Care** Gregory P. Marchildon, Thomas J. Bossert, 2018-01-01 Looking at Canada Brazil Germany Mexico Nigeria Pakistan South Africa and Switzerland Federalism and Decentralization in Health Care examines the overall organization of the health system The Tower and the Cloud Richard N. Katz, 2008 The emergence of the networked information economy is unleashing two powerful forces On one hand easy access to high speed networks is empowering individuals People can now discover and consume information resources and services globally from their homes Further new social computing approaches are inviting people to share in the creation and edification of information on the Internet Empowerment of the individual or consumerization is reducing the individual s reliance on traditional brick and mortar institutions in favor of new and emerging virtual ones Second ubiquitous access to high speed networks along with network standards open standards and content and techniques for virtualizing hardware software and services is making it possible to leverage scale economies in unprecedented ways What appears to be emerging is industrial scale computing a standardized infrastructure for delivering computing power network bandwidth data storage and protection and services Consumerization and industrialization beg the question Is this the end of the middle that is what will be the role of enterprise IT in the future Indeed the bigger question is what will become of all of our intermediating institutions This volume examines the impact of IT on higher education and on the IT

organization in higher education Web site blurb *Public Service Performance* George A. Boyne, Kenneth J. Meier, Laurence J. O'Toole, Jr., Richard M. Walker, 2006-11-23 The performance of governments around the globe is constantly in the spotlight whether as a celebration or indictment of their activities Providing evidence on strategies to improve the performance of public agencies is therefore essential to the practice of public management Originally published in 2006 this important contribution to the debate explores issues of measurement research methodology and management influences on performance It focuses on three key questions what approaches should be adopted to measure the performance of public agencies What aspects of management influence the performance of public agencies As the world globalizes what are the key international issues in performance measurement and management In examining these questions the contributors debate both methodological and technical issues regarding the measurement of performance in public organizations and provide empirical analyses of the determinants of performance The book concludes with groundbreaking work on the international dimensions of these issues

**Decentralization in Developing Countries** Dennis A. Rondinelli, John R. Nellis, G. Shabbir Cheema, 1983 *Decentralizing Governance* G. Shabbir Cheema, Dennis A. Rondinelli, 2007-08-01 A Brookings Institution Press and Ash Center for Democratic Governance and Innovation publication The trend toward greater decentralization of governance activities now accepted as commonplace in the West has become a worldwide movement This international development largely a product of globalization and democratization is clearly one of the key factors reshaping economic political and social conditions throughout the world Rather than the top down centralized decisionmaking that characterized communist economies and Third World dictatorships in the twentieth century today's world demands flexibility adaptability and the autonomy to bring those qualities to bear In this thought provoking book the first in a new series on Innovations in Governance experts in government and public management trace the evolution and performance of decentralization concepts from the transfer of authority within government to the sharing of power authority and responsibilities among broader governance institutions This movement is not limited to national government it also affects subnational governments NGOs private corporations and even civil associations The contributors assess the emerging concepts of decentralization e g devolution empowerment capacity building and democratic governance They detail the factors driving the movement including political changes such as the fall of the Iron Curtain and the ascendance of democracy economic factors such as globalization and outsourcing and technological advances e g increased information technology and electronic commerce Their analysis covers many different contexts and regions For example William Ascher of Claremont McKenna College chronicles how decentralization concepts are playing out in natural resources policy while Kadmeil Wekwete United Nations outlines the specific challenges to decentralizing governance in sub Saharan Africa In each case contributors explore the objectives of a decentralizing strategy as well as the benefits and difficulties that will likely result

**Org Design for Design Orgs** Peter Merholz, Kristin Skinner, 2016-08-22 Design has become the key link between users and today's complex

**Local Politics in Jordan and Morocco** Janine A. Clark,2018-04-03 In recent years authoritarian states in the Middle East and North Africa have faced increasing international pressure to decentralize political power Decentralization is presented as a panacea that will foster good governance and civil society helping citizens procure basic services and fight corruption Two of these states Jordan and Morocco are monarchies with elected parliaments and recent experiences of liberalization Morocco began devolving certain responsibilities to municipal councils decades ago while Jordan has consistently followed a path of greater centralization Their experiences test such assumptions about the benefits of localism Janine A Clark examines why Morocco decentralized while Jordan did not and evaluates the impact of their divergent paths ultimately explaining how authoritarian regimes can use decentralization reforms to consolidate power

**Local Politics in Jordan and Morocco** argues that decentralization is a tactic authoritarian regimes employ based on their coalition strategies to expand their base of support and strengthen patron client ties Clark analyzes the opportunities that decentralization presents to local actors to pursue their interests and lays out how municipal level figures find ways to use reforms to their advantage In Morocco decentralization has resulted not in greater political inclusivity or improved services but rather in the entrenchment of pro regime elites in power The main Islamist political party has also taken advantage of these reforms In Jordan decentralization would undermine the networks that benefit elites and their supporters Based on extensive fieldwork **Local Politics in Jordan and Morocco** is an important contribution to Middle East studies and political science that challenges our understanding of authoritarian regimes survival strategies and resilience

**Annual Review of Health Care Management** Leonard H.

**Centralization and Decentralization** Ka-Ho Mok, 2013-03-11 Globalization has brought dramatic changes to the character and functions of education in most countries around the world However the impact of globalization on schools and universities is not uniform One public policy strategy that has been widely adopted is decentralization but there is no consensus on whether centralization or decentralization is more effective to improve organization and management in education This book is contextualized in the literature on globalization and examines how policies of decentralization have affected the running of education in Hong Kong Taiwan Shanghai Singapore Macau and Mainland China It analyzes the strategies that the governments of the selected societies have adopted in reforming the structure of education systems mobilizing different forces to create more educational opportunities and devising new measures to assure quality in the education sector

*Decentralized Decision-making in Schools* Harry Anthony Patrinos, Tazeen Fasih, 2009 An increasing number of developing countries are introducing School Based Management SBM reforms aimed at empowering principals and teachers or at strengthening their professional motivation thereby enhancing their sense of ownership of the school Many of these reforms have also strengthened parental involvement in the schools sometimes by means of school councils SBM programs take many different forms in terms of who has the power to make decisions as well as the degree of decision making devolved to the school level While some programs transfer authority only to school principals or teachers

**Fiscal Decentralization and Local Finance in Developing Countries** Roy Bahl, Richard M. Bird, 2018-03-30 This book draws on experiences in developing countries to bridge the gap between the conventional textbook treatment of fiscal decentralization and the actual practice of subnational government finance The extensive literature about the theory and practice is surveyed and longstanding problems and new questions are addressed It focuses on the key choices that must be made in decentralizing on how economic and political factors shape the choices that countries make and on how by paying more attention to the need for a more comprehensive approach and the critical connections between different components of decentralization reform everyone involved might get more for their money
