In this twentieth century cult classic, MacInnes captures the spirit of a generation and creates the style bible for anyone interested in Mod culture, and the changing face of London in the era of the first race riots and the lead up to the swinging Sixties... A comprehensive survey of study on the 'flow' experience, a desirable or optimal state of consciousness that enhances the psychic state. This updated edition of the bestselling and wildly popular *I Am the Secret Footballer* features a new introduction and an additional chapter. The anonymous writer of *The Guardian's* "Secret Footballer" column gives Premier League fans an insider's look into the unseen world of professional football. It is often said that 95% of what happens in football takes place behind closed doors. Many of these stories I shouldn't be telling you. But I will. Who is *The Secret Footballer*? Only a few people know the true identity of the man inside the game. Whoever he is-and whatever team he plays for-TSF is always honest, fearless and opinionated. Here he takes readers past the locker-room door and reveals the inner-workings of a professional club, the exhilarating highs and crushing lows and what it's really like to do the job most of us can only dream of doing. TSF chronicles the exploits of his Premiership colleagues with a gimlet eye and frank humour. Managers, agents and players are not spared from his observations-their mindsets, their relationships with those outside the sport, their behaviour good and bad. In his inimitable style, TSF recounts entertaining and eyebrow-raising vignettes, naming names

and dropping colourful details along the way. View the mix of people and cultures that make up South Africa today, including a special section on traditional beliefs and customs. With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes

the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before. King, warrior, and lover Brian Boru was stronger, braver, and wiser than all other men—the greatest king Ireland has ever known. Out of the mists of the country's most violent age, he emerged to lead his people to the peak of their golden era. His women were as remarkable as his adventures: Fiona, the druidess with mystical powers; Deirdre, beautiful victim of a Norse invader's brutal lust; Gormlaith, six-foot, red-haired goddess of sensuality. Set against the barbaric splendors of the tenth century, *Lion of Ireland* is a story rich in truth and legend—in which friends become deadly enemies, bedrooms turn into battlefields, and dreams of glory are finally fulfilled. Morgan Llywelyn has written one of the greatest novels of Irish

history. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. A tour-de-force by rising indy comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. *American Born Chinese* is an amazing ride, all the way up to the astonishing climax. *American Born Chinese* is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. 1967, Kathrine Switzer was the first woman to officially run what was then the all male Boston Marathon, infuriating one of the event's directors who attempted to violently eject her. In what would become an iconic sports image, Switzer escaped and finished the race. This was a watershed moment for the sport, as well as a significant event in women's history. Including updates from the 2008 Summer Olympics, the paperback edition of *Marathon Woman* details the life of an incredible, pioneering athlete, and the lasting effect she's had on women's sports. Switzer's energy and drive permeate the pages of this warm, witty memoir as she describes

everything from the childhood events that inspired her to succeed to her big win in the 1974 New York City Marathon, and beyond. *Vibe*, the voice of the hip hop generation, presents the essence of hip hop. Music, fashion, dance, graffiti, movies, videos, and business - it's all in this brilliant tale of a cultural revolution that spans race and gender, language and nationality. The definitive history of an underdocumented music genre, 'The Vibe History of Hip Hop' tells the full story of this grassroots cultural movement, from its origins on the streets of the Bronx to its explosion as an international phenomenon. Illustrated with almost 200 photos, and accompanied by comprehensive discographies, this book is a vivid review of the hip hop world through the eyes and ears of more than 50 of the finest music writers and cultural critics at work today, including Danyel Smith, Greg Tate, Anthony De Curtis, dream hampton, Neil Strauss, and Bonz Malone. Fifteen-year-old Ari Mendoza is an angry loner with a brother in prison, but when he meets Dante and they become friends, Ari starts to ask questions about himself, his parents, and his family that he has never asked before. A 2015 William C. Morris YA Debut Award Finalist. Magical realism, lyrical prose, and the pain and passion of human love haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava — in all other ways a normal girl — is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others.

Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human. An investigative journalist exposes the many holes in today's bestselling behavioral science, and argues that the trendy, TED-Talk-friendly psychological interventions that are so in vogue at the moment will never be enough to truly address social injustice and inequality. With their viral TED talks, bestselling books, and counter-intuitive remedies for complicated problems, psychologists and other social scientists have become the reigning thinkers of our time. Grit and "power posing" promised to help overcome entrenched inequalities in schools and the workplace; the Army spent hundreds of millions of dollars on a positive psychology intervention geared at preventing PTSD in its combat soldiers; and the implicit association test swept the nation on the strength of the claim that it can reveal unconscious biases and reduce racism in police departments and human resources departments. But what if much of the science underlying these blockbuster ideas is dubious or fallacious? What if Americans' longstanding preference for simplistic self-help platitudes is exerting a pernicious influence on the way behavioral science is communicated and even funded, leading respected academics and the media astray? In *The Quick Fix*, Jesse Singal examines the most influential ideas

of recent decades and the shaky science that supports them. He begins with the California legislator who introduced self-esteem into classrooms around the country in the 1980s and the Princeton political scientist who warned of an epidemic of youthful “superpredators” in the 1990s. In both cases, a much-touted idea had little basis in reality, but had a massive impact. Turning toward the explosive popularity of 21st-century social psychology, Singal examines the misleading appeal of entertaining lab results and critiques the idea that subtle unconscious cues shape our behavior. As he shows, today’s popular behavioral science emphasizes repairing, improving, and optimizing individuals rather than truly understanding and confronting the larger structural forces that drive social ills. Like Anand Giridharadas’s *Winners Take All*, *The Quick Fix* is a fresh and powerful indictment of the thought leaders and influencers who cut corners as they sell the public half-baked solutions to problems that deserve more serious treatment.
