The Silver State, 3rd Edition James W. Hulse, 2012-06-07 Nevada has changed dramatically over the past quarter century and in this third edition of *The Silver State* renowned historian James W. Hulse recounts the major events, historical, political, and social that have shaped our state. Hulse's cohesive approach offers students and general readers an accessible account of Nevada's colorful history. The new edition highlights the social and political changes that have occurred since the original publication of *The Silver State* in 1991. Hulse discusses the impact of a growing population, changes in the economy and education system, expanding roles of women, recent developments in state politics including the 2003 legislative session, the influence of Nevada's growing ethnic population and increasingly divergent demographic groups, and the impact of federal policies including President George W. Bush's 2002 decision to authorize the opening of a nuclear waste depository at Yucca Mountain. In addition, all the recommended reading lists have been updated. *The Silver State* explores many dimensions of the Nevada experience and its peoples. This book will inspire readers to take another look at the rich cultural heritage and eventful history of Nevada.

Of Sagebrush and Slot Machines Richard Davies, Scott Casper, 2012-07-31 There has been nothing ordinary about the history of the State of Nevada. Throughout its existence, Nevada has been home to unconventional lifestyles that were often at odds with mainstream America. Introduction: A place of stark contrasts between city and wilderness. Nevada became a state in 1864 amid a storm of controversy and national strife. Its subsequent acceptance of prostitution, easy divorce, and gambling, all recognized by state statute, produced widespread moral condemnation. Its harsh climate, low population, and early discoveries of vast reserves of silver further added to the state's historic contradictions. Finally, its traditions of slow demographic and economic growth were dramatically reversed in the latter 20th century with the explosion of the gambling industry. The works in this third edition of *Of Sagebrush Slot Machines* span this century and a half of Nevada's history. University of Nevada, Reno historians Richard Davies and Scott Casper have once again captured the unique flavor of the Nevada experience in this meatier, more modern collection of 18 excerpts from works by writers famous and obscure on the subject of the Silver State. Intercultural conflict, rural childhood, environmental explorations, and political and social controversies are probed in these pages, taking the reader beyond the neon glow most Americans picture when they think of Nevada and into a land of hidden cultural richness and complexity.

Occupying the Academy Christine Clark, Kenneth J. Fasching-Vарner, Mark Brimhall-Vargas, 2012-08-02 In the wake of the election of President Obama, many diversity scholars and practitioners imagined that renewed commitments to

educational equity and justice were just around the corner Unfortunately the opposite has become the Obama era reality Across the country equity and diversity workers at all levels in university and colleges but especially Chief Diversity Officers in public institutions are under assault Is this assault a result of a pre meditated and carefully calculated conservative political agenda or the unfortunate consequence of how largely white politically conservative and the power bases they represent are expressing their anger about the changing racial landscape in the United States This volume explores and deconstructs the reasons for this assault from various perspectives This volume also illustrates how the national assault on equity and diversity has resulted in a continuum At one end are diversity friendly institutions that are benignly neglecting equity diversity efforts because of state budget crises At the other end of the spectrum are the deliberate efforts being made to systematically dismantle equity and diversity work in especially politically conservative states

Checkerboards and Shatterbelts Philip Kelly, 2010-07-22 Geography has always played a major role in world politics In this study Philip Kelly maps the geopolitics of South America a continent where relative isolation from the power centers in North America and Eurasia and often forbidding internal terrain have given rise to a fascinating and unique geopolitical structure Kelly uses the geographical concepts of checkerboards and shatterbelts to characterize much of South America's geopolitics and to explain why the continent has never been unified nor dominated by a single nation This approach accounts for both historical relationships among South American countries and for such current situations as Brazil's inability to extend its authority across the continent from Atlantic to Pacific its traditional competition with Argentina its territorial expansion toward the continental heartlands its encirclement by neighbors fearful of such expansion and its recent

rapprochement with Argentina An important component of this book is the incorporation of the thinking and writing of South American geopolitical analysts which leads to an interesting inventory of viewpoints on frontier conflicts territorial expansion industrial development economic cooperation and United States and European relations Kelly s findings will be important reading for geographers political scientists and students and scholars of Latin American history **The Sagebrush Rebellion** William Coons,1981 **George Wingfield** C. Elizabeth Raymond,2013-09-15 Banker hotel owner and political powerhouse George Wingfield 1876 1959 was one of the most significant figures in Nevada s history He was the prime force behind the start up of its tourism and gambling industries Raymond s biography details every step of his remarkable climb to power his staggering fall into bankruptcy and a phoenix like rise with a second fortune in gold mining *Sagebrush Country* Donald Dale Jackson,Time-Life Books,1982 **Terrestrial Vegetation of California, 3rd Edition** Michael Barbour,Todd Keeler-Wolf,Allan A.
