McClenaghan, Pearson/Prentice Hall, Close Up Foundation, 2007 American Government 3e Glen Krutz, Sylvie Waskiewicz, 2023-05-12 Black white print *American Government 3e* aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding to avenues of political participation to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. In order to help students understand the ways that government, society, and individuals interconnect, the revision includes more examples and details regarding the lived experiences of diverse groups and communities within the United States. The authors and reviewers sought to strike a balance between confronting the negative and harmful elements of American government history and current events while demonstrating progress in overcoming them. In doing so, the approach seeks to provide instructors with ample opportunities to open discussions, extend and update concepts, and drive deeper engagement. The North Pool Rajiv Joseph, 2013-02-01 Khadim has no idea why he's been called into the office of Dr. Danielson, the Vice Principal at Sheffield High. At first, Danielson is cagey, using a minor violation to keep the boy at school for detention. But as tension mounts, Danielson alternately plays good cop and bad cop and winds up catching Khadim in a series of lies about crimes he may or may not have committed. The truth shifts constantly in this riveting cat-and-mouse thriller from Pulitzer Prize finalist Rajiv Joseph. What's bothering Dr. Danielson? What are the secrets that trouble Khadim? As the semester reaches its final hour, the time for revelation begins. *The North Pool*
