Harold Jacobs s *Geometry* created a revolution in the approach to teaching this subject one that gave rise to many ideas now
seen in the NCTM Standards Since its publication nearly one million students have used this legendary text Suitable for
either classroom use or self paced study it uses innovative discussions cartoons anecdotes examples and exercises that
unfailingly capture and hold student interest This edition is the Jacobs for a new generation It has all the features that have
kept the text in class by itself for nearly 3 decades all in a thoroughly revised full color presentation that shows today s
students how fun geometry can be The text remains proof based although the presentation is in the less formal paragraph
format The approach focuses on guided discovery to help students develop geometric intuition A Collection of Problems
