Why We Read Fiction Lisa Zunshine,2006 Why We Read Fiction offers a lucid overview of the most exciting area of research in contemporary cognitive psychology known as Theory of Mind and discusses its implications for literary studies It covers a broad range of fictional narratives from Richardson s Clarissa Dostoyevski s Crime and Punishment and Austen s Pride and Prejudice to Woolf s Mrs Dalloway Nabokov s Lolita and Hammett s The Maltese Falcon Zunshine s surprising new interpretations of well known literary texts and popular cultural representations constantly prod her readers to rethink their own interest in fictional narrative Written for a general audience this study provides a jargon free introduction to the rapidly growing interdisciplinary field known as cognitive approaches to literature and culture

The Mandaean Book of John Charles G. Häberl, James F. McGrath, 2019-11-18 Given the degree of popular fascination with Gnostic religions it is surprising how few pay attention to the one such religion that has survived from antiquity until the present day Mandaism Mandaean who esteem John the Baptist as the most famous adherent to their religion have in our time found themselves driven from their historic homelands by war and oppression Today they are a community in crisis but they provide us with unparalleled access to a library of ancient Gnostic scriptures as part of the living tradition that has sustained them across the centuries Gnostic texts such as these have caught popular interest in recent times as traditional assumptions about the original forms and cultural contexts of related religious traditions such as Judaism Christianity and Islam have been called into question However we can learn only so much from texts in isolation from their own contexts Mandaean literature uniquely allows us not only to increase our knowledge about Gnosticism and by extension all these other religions but also to observe the relationship between Gnostic texts rituals beliefs and living practices both historically and in the present day

Assume Nothing, Believe Nobody, Challenge Everything Mike Craven, 2015-03-05 Betrayals of trust poker cheats ambitious barristers cyber bullies lost diplomats and revenge are just some of the themes explored in this collection of short stories As Mike Craven introduces Detective Inspector Avison Fluke and the rest of his characters from Cumbria's Force Major Incident Team in tales where little is at stake seems the only thing you can do is Assume Nothing Believe No One Challenge Everything In *F I I* Fluke is called to the bedside of a malnourished child Why is she so thin Why is her mother so keen to help Is she ill or is something sinister happening As Fluke gradually exposes a mother's shocking secret his belief in human nature is tested to the absolute limit But even with a full admission the case might still have one last sting in the tail In *Under the Gun* Fluke finds himself playing poker at the FMIT monthly get together These social events are supposed to be fun a way for the team to relax and enjoy each others company outside the pressures of work So why is Fluke cheating Will anyone find out and more importantly what will happen if they do Because this isn't about money it's about bragging rights and bragging rights are priceless Mot Juste sees Fluke giving evidence at court Part and parcel of the job Carlisle Crown Court is like a second home The crimes FMIT investigate result in huge prison sentences so it's no surprise they attract their fair share of not guilty pleas Called to give evidence Fluke is questioned by an ambitious barrister who will ask anything and go anywhere to get his client off Nothing unusual in that if you're facing fifteen years why not throw the dice But Fluke's antenna is up Because this time he's been called as a witness for the defence And he has no idea why Skuttlebutt is the new social media site kids are dying to immerse themselves in Sometimes literally A farmer desperate for answers as to why his son killed himself asks Fluke to investigate Although he's convinced the coroner's verdict was correct Fluke asks Jiao long the team's resident computer genius to give the boy's laptop a cursory examination But Jiao long doesn't do cursory examinations He takes computers seriously and he finds something On the other side of the Atlantic in the middle of America's bible belt lives an evil so abhorrent Fluke has no choice but to do something even if it costs him his job But how do you stop someone who lives thousands of miles away who can't be extradited and hasn't even committed a crime In the Sudan flown in to assist the search effort for a missing diplomat in *Lost and Found* Fluke finds himself stranded in the middle of a civil war The embassy has given him a map a mobile phone an old Land Rover and not much else So far he's driven over two hundred miles without picking up the scent of Olivia Stone and just wants to get back to the hotel for bath and a beer before starting again the next day But this is Africa and nothing is ever straightforward Fifty miles from the hotel his Land Rover develops a mechanical fault and Fluke is about to find out there are things far worse than breaking down in the African bush at night With Fluke in hospital Detective Sergeant Matt Towler investigates the brutal murder of Eleanor Hobbs She has been kicked to death in the street With all evidence pointing to two brothers from the notorious Bunney family Towler moves quickly to arrest them But he is too late and the family have escaped justice They were last seen in the Port of Whitehaven getting on a fishing vessel bound for Ireland But Towler isn't convinced He used to be a Para and he's heard the name Hobbs before Towler doesn't think the Bunney family have fled at all Because Eleanor's husband Stan Hobbs is *A Different Kind of Animal*

Bad Bet Timothy L. O'Brien, 1998 Bad Bets exposes the false promise of economic revival that has lured communities to depend on gambling for jobs and for a fiscal fix and the criminal connections of many of its leading companies

Digital Transformation in Business and Society Babu George, Justin Paul, 2019-10-04 The digital traces that people leave behind as they conduct their daily lives provide a powerful resource for businesses to better understand the dynamics of an otherwise chaotic society Digital technologies have become omnipresent in our lives and we still do not fully know how to make the best use of the data these technologies could harness Businesses leveraging big data appropriately could definitely gain a sustainable competitive advantage With a balanced mix of texts and cases this book discusses a variety of digital technologies and how they transform people and organizations It offers a debate on the societal consequences of the yet unfolding technological revolution and proposes alternatives for harnessing disruptive technologies for the greater benefit of all This book will have wide appeal to academics in technology management strategy marketing and human resource management

Animal Spirits George A. Akerlof, Robert J. Shiller, 2010-02-01 From acclaimed economists George Akerlof and Robert Shiller the case for why government is needed to restore confidence in the economy The global financial crisis has made it painfully clear that powerful psychological forces are imperiling the wealth of nations today From blind faith in ever rising housing prices to plummeting confidence in capital markets animal spirits are driving financial events worldwide In this book acclaimed economists George Akerlof and Robert Shiller challenge the economic wisdom that got us into this mess and put forward a bold new vision that will transform economics and restore prosperity Akerlof and Shiller reassert the necessity of an active government role in economic policymaking by recovering the idea of animal spirits a term John Maynard Keynes used to describe the gloom and despondence that led to the Great Depression and the changing psychology that accompanied recovery Like Keynes Akerlof and Shiller know that managing these animal spirits requires the steady hand of government simply allowing markets to work won't do it In rebuilding the case for a more robust behaviorally informed Keynesianism they detail the most pervasive effects of animal spirits in contemporary economic life such as confidence fear bad faith corruption a concern for fairness and the stories we tell ourselves about our economic fortunes and show how Reaganomics Thatcherism and the rational expectations revolution failed to account for them *Animal Spirits* offers a road map for reversing the financial misfortunes besetting us today Read it and learn how leaders can channel animal spirits the powerful forces of human psychology that are afoot in the world economy today In a new preface they describe why our economic troubles may linger for some time unless we are prepared to take further decisive action

The Truth Project Dante Medema, 2020-10-13 A heart wrenching quest for identity every YA reader will relate to and a deep dive into the meaning of family Ellen Hopkins 1 New York Times bestselling author Debut author Dante Medema explores the emotional fallout after a teenage girl discovers she is the product of an affair Told through a series of poems text messages and emails this contemporary YA is perfect for fans of Gaby Dunn and Allison Raskin Seventeen year old Cordelia Koenig intended to breeze through her senior project While her peers stressed Cordelia planned to use the same trace your roots genealogy idea her older sister used years prior And getting partnered with her longtime crush Kodiak Jones is icing on the cake All she needs to do is mail in her DNA sample write about her ancestry results and get that easy A But when Cordelia's GeneQuest results reveal that her father is not the person she thought he was but a stranger who lives thousands of miles away her entire world shatters Now she isn't sure of anything not the mother who lied the man she calls Dad or the girl staring back at her in the mirror If your life began with a lie how can you ever be sure of what's true

Culture and Imperialism Edward W. Said, 2012-10-24 A landmark work from the author of *Orientalism* that explores the long overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it. In the nineteenth and early twentieth centuries as the Western powers built empires that stretched from Australia to the West Indies, Western artists created masterpieces ranging from *Mansfield Park* to *Heart of Darkness* and *Aida*. Yet most cultural critics continue to see these phenomena as separate. Edward Said looks at these works alongside those of such writers as W. B. Yeats, Chinua Achebe, and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance. Vast in scope and stunning in its erudition, *Culture and Imperialism* reopens the dialogue between literature and the life of its time.
