Empty Space M John Harrison

Empty Space M. John Harrison, 2012-07-19 EMPTY SPACE is a space adventure We begin with the following dream An alien research tool the size of a brown dwarf star hangs in the middle of nowhere as a result of an attempt to place it equidistant from everything else in every possible universe Somewhere in the fractal labyrinth beneath its surface a woman lies on an allotropic carbon deck a white paste of nanomachines oozing from the corner of her mouth She is neither conscious nor unconscious dead nor alive There is something wrong with her cheekbones At first you think she is changing from one thing into another perhaps it s a cat perhaps it s something that only looks like one then you see that she is actually trying to be both things at once She is waiting for you she has been waiting for you for perhaps 10 000 years She comes from the past she comes from the future She is about to speak EMPTY SPACE is a sequel to LIGHT and NOVA SWING three strands presented in alternating chapters which will work their way separately back to this image of frozen transformation [Light](#)

M. John Harrison, 2012-09-27 On the barren surface of an asteroid located deep in the galaxy beneath the unbearable light of the Kefahuchi Tract lie three objects an abandoned spacecraft a pair of bone dice covered with strange symbols and a human skeleton What they are and what they mean are the mysteries explored and unwrapped in LIGHT M John Harrison s triumphant novel

Viriconium M. John Harrison, 2007-12-18 A magnificent city existing on the rings of the past and on the brink of destruction Viriconium With a foreword by Neil Gaiman Available to American readers for the first time this landmark collection gathers four groundbreaking fantasy classics from the acclaimed author of Light Set in the imagined city of Viriconium here are the masterworks that revolutionized a genre and enthralled a generation of readers The Pastel City A Storm of Wings In Viriconium and Viriconium Nights Back in print after a long absence these singular tales of a timeless realm and its enigmatic inhabitants are now reborn and compiled to captivate a whole new generation Praise for M John Harrison s Viriconium The world that Harrison depicts is intricate and authentic peopled with a multitude of strange yet lifelike characters a combination which serves to make his richly imagined empire of Viriconium feel very real indeed This omnibus collection from the author of Light is canon reading for those who wish to know the genre s roots as well as the heights to which it can aspire Kirkus Reviews starred review Brilliant beautiful and absolutely essential reading The breadth of vision and imagination alone in these books is unparalleled It is truly one of a kind and will continue to haunt you in the best possible way for years Jonathan Carroll author of White Apples Harrison s Viriconium sequence is the jewel in the crown of 20th century fantasy a work that proves irrefutably that fantastic literature can be Art with a capital A holding its own alongside the very finest writing of our time or any other Elizabeth Hand author of Mortal Love M John Harrison is a true master of English prose He possesses the eye of a painter the ear of a bard and a rigorous and playful intellect The Viriconium novels and stories are infused with a haunting genius that never falters K J Bishop author of The Etched City

Nova Swing M. John Harrison, 2007-09-25 Years after Ed Chianese's fateful trip into the Kefahuchi Tract the tract has begun to expand and change in ways we never could have predicted and even more terrifying parts of it have actually begun to fall to Earth transforming the landscapes they encounter Not far from Moneytown in a neighborhood of underground clubs body modification chop shops adolescent contract killers and sexy streetwalking Monas you'll find the Saudade Event Site a zone of strange geography twisted physics and frightening psychic onslaughts not to mention the black and white cats that come pouring out at irregular intervals Vic Serotonin is a travel agent into and out of Saudade His latest client is a woman who's nearly as unpredictable as the site itself and maybe just as dangerous She wants a tour just as a troubling new class of biological artifacts are leaving the site living algorithms that are transforming the world outside in inexplicable and unsettling ways Shadowed by a metaphysically inclined detective determined to shut his illegal operation down Vic must make sense of a universe rapidly veering toward a virulent and viral form of chaos and a humanity almost lost

Signs of Life M. John Harrison, 1998-01

You Should Come With Me Now M. John Harrison, 2017-11-23

M. John Harrison is a cartographer of the liminal His work sits at the boundaries between genres horror and science fiction fantasy and travel writing just as his characters occupy the no man's land between the spatial and the spiritual Here in his first collection of short fiction for over 15 years we see the master of the New Wave present unsettling visions of contemporary urban Britain as well as supernatural parodies of the wider political landscape From gelatinous aliens taking over the world's financial capitals to the middle aged man escaping the pressures of fatherhood by going missing in his own house these are weird stories for weird times M. John Harrison's slippery subversive stories mix the eerie and familiar into beguiling alarming marvels No one writes quite like him no one I can think of writes such flawless sentences or uses them to such disorientating effect Olivia Laing author of *The Lonely City* These stories map a rediscovered fictional hinterland one tucked behind the glossier edifices of modernity and genre with views down alleyways into pubs and flats where Patrick Hamilton glares balefully at J. G. Ballard Will Eaves author of *This is Paradise* M. John Harrison moves elegantly passionately from genre to genre his prose lucent and wise his stories published as SF or as fantasy as horror or as mainstream fiction In each playing field he wins awards and makes it look so easy His prose is deceptively simple each word considered and placed where it can sink deepest and do the most damage Neil Gaiman author of *American Gods* With an austere and deeply moving humanism M. John Harrison proves what only those crippled by respectability still doubt that science fiction can be literature of the very greatest kind China Miéville author of *Perdido Street Station*

Settling the World M. John Harrison, 2020-08-20 Throughout his career M. John Harrison's writing has defied categorisation building worlds both unreal and all too real overlapping and interlocking with each other His stories are replete with fissures and portals into parallel dimensions unidentified countries and lost lands But more important than the places they point to are the obsessions that drive the people who so believe in them characters who spend their lives hunting for and haunted by clues and maps that speak to the possibility of somewhere

else This selection of stories drawn from over 50 years of writing bears witness to that desire for difference whether following backstreet occultists amateur philosophers down and outs or refugees we see our relationship with the other in microscopic detail and share in Harrison s rejection of the idea that the world or our understanding of it could ever be settled

The Centauri Device M. John Harrison,2010-12-30 John Truck was to outward appearances just another lowlife spaceship captain But he was also the last of the Centaurans or at least half of him was which meant that he was the only person who could operate the Centauri Device a sentient bomb which might hold the key to settling a vicious space war M John Harrison s classic novel turns the conventions of space opera on their head and is written with the precision and brilliance for which is famed *The Sunken Land Begins to Rise Again* M. John Harrison,2021-04-15 WINNER OF THE GOLDSMITHS PRIZE 2020 A New Statesman Book of the Year A mesmerising mysterious book Haunting Worrying Beautiful Russell T Davis Brilliantly unsettling Olivia Laing A magnificent book Neil Gaiman An extraordinary experience William Gibson Winner of the Goldsmiths Prize 2020 this is fiction that pushes the boundaries of the novel form Shaw had a breakdown but he s getting himself back together He has a single room a job on a decaying London barge and an on off affair with a doctor s daughter called Victoria who claims to have seen her first corpse at age thirteen It s not ideal but it s a life Or it would be if Shaw hadn t got himself involved in a conspiracy theory that on dark nights by the river seems less and less theoretical Meanwhile Victoria is up in the Midlands renovating her dead mother s house trying to make new friends But what exactly happened to her mother Why has the local waitress disappeared into a shallow pool in a field behind the house And why is the town so obsessed with that old Victorian morality tale *The Water Babies* As Shaw and Victoria struggle to maintain their relationship the sunken lands are rising up again unnoticed in the shadows around them *The Pastel City* Michael John Harrison,1971-01-01 *The Ice Monkey and Other Stories* Michael John Harrison,1988 *The Dirty Book Club* Lisi Harrison,2017-10-10 Four women bond over naughty bestsellers and the shocking letters they inherited from the original members of the Dirty Book Club As they open up they learn that friendship might just be the key to rewriting their own stories all they needed was to find each other first **The Weird** Jeff VanderMeer,Ann VanderMeer,2012-01-24 From Lovecraft to Borges to Gaiman a century of intrepid literary experimentation has created a corpus of dark and strange stories that transcend all known genre boundaries Together these stories form *The Weird* and its practitioners include some of the greatest names in twentieth and twenty first century literature Exotic and esoteric *The Weird* plunges you into dark domains and brings you face to face with surreal monstrosities You won t find any elves or wizards here but you will find the biggest boldest and downright most peculiar stories from the last hundred years bound together in the biggest *Weird* collection ever assembled *The Weird* features 110 stories by an all star cast from literary legends to international bestsellers to Booker Prize winners including William Gibson George R R Martin Stephen King Angela Carter Kelly Link Franz Kafka China Mi ville Clive Barker Haruki Murakami M R James Neil Gaiman Mervyn Peake and Michael Chabon *The Weird* is the winner of the 2012
