AN INTRODUCTION TO  
**POLITICAL  
PHILOSOPHY**

REVISED EDITION

JONATHAN WOLFF

# **An Introduction To Political Philosophy**

**Henry Percy Farrell**

## An Introduction To Political Philosophy

**An Introduction to Political Philosophy** Jonathan Wolff, 2006 The revised edition of this highly successful text provides a clear and accessible introduction to some of the most important questions of political philosophy Organized around major issues Wolff provides the structure that beginners need while also introducing some distinctive ideas of his own

*An Introduction to Political Philosophy* Colin Bird, 2019-04-25 An updated comprehensive and thematic introduction to political philosophy enabling readers to reflect critically on a variety of political issues

**An Introduction to Political Philosophy** Alexander Moseley, 2007-03-15 Philosophy underpins political concepts ideals and debates The extent and nature of our rights liberties and responsibilities the role of the state and the best means of its governance are all questions to have been addressed by great philosophers throughout history and questions students of political philosophy must engage with An Introduction to Political Philosophy offers a thorough lucid and stimulating account of the central theories and ideas encountered in political philosophy The text is thematically structured covering the discipline s principal ideologies Statism Realism Liberalism Conservatism Socialism Anarchism and Environmentalism It also offers a brief history of political philosophy and the major political philosophers including Plato Aristotle Locke Rousseau Hobbes Marx and Rawls and valuably concludes with a look at applied political philosophy relating the discipline to contemporary political situations and questions This fascinating book offers a critical overview of one of the central concepts in philosophy encountered by virtually every student of the subject

*An Introduction to Political Philosophy* Leo Strauss, 1989 A reissue of the 1975 edition of Strauss views regarding the nature of political philosophy

*Political Philosophy* Richard G. Stevens, 2010-10-18 This book by Richard G Stevens is a comprehensive introduction to the nature of political philosophy It offers definitions of philosophy and politics showing the tension between the two and the origin of political philosophy as a means of resolution of that tension Plato and Aristotle are examined in order to see the search for the best political order Inquiry is then made into political philosophy s new tension brought about by the growth of revealed religion in the Middle Ages It then examines the changes introduced by modernity and gives an overview of postmodern political thought The book covers the most influential philosophers and directs readers to the classics of political philosophy guiding them in studying them It is an approachable introduction to a complex subject not just a history of it It is a point of entry into the subject for students and for others as well

*An Introduction to Political Philosophy (Routledge Revivals)* A. R. M. Murray, 2010-01-14 First published in 1953 this seminal introduction to political philosophy is intended for both the student of political theory and for the general reader After an introduction which explains the nature and purpose of philosophy Dr Murray provides a critical examination of the principle theories advanced by political philosophers from Plato to Marx paying special attention to contemporary issues The book also makes an attempt to define the essential issues of philosophical significance in contemporary politics with special reference to the conflict between political authority and individual rights and to show how the different moral assumptions underlying authoritarian and democratic systems of government are ultimately based upon different theories of logic

**An Introduction to Political Philosophy** Alexander R. M. Murray, 1953

**Political Philosophy: A Very Short Introduction** David Miller, 2003-06-26 This book introduces readers to the concepts of political philosophy It starts by explaining why the subject is important and how it tackles basic ethical questions such as how should we live together in society It looks at political authority the reasons why we need politics at all the limitations of politics and whether there are areas of life that shouldn't be governed by politics It explores the connections between political authority and justice a constant theme in political philosophy and the ways in which social justice can be used to regulate rather than destroy a market economy David Miller discusses why nations are the natural units of government and whether the rise of multiculturalism and transnational co operation will change this will we ever see the formation of a world government ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Conceptualizing Politics** Furio Cerutti, 2017-04-21 Politics is hugely complex Some try to reduce its complexity by examining it through an ideological worldview a one size fits all prescriptive formula or a quantitative examination of as many facts as possible Yet politics cannot be adequately handled as if it were made of cells and particles ideological views are oversimplifying and sometimes dangerous Politics is not simply a moral matter nor political philosophy a subdivision of moral philosophy This book is devised as a basic conceptual lexicon for all those who want to understand what politics is how it works and how it changes or fails to change Key concepts such as power conflict legitimacy and order are clearly defined and their interplay in the state interstate and global level explored Principles such as liberty equality justice and solidarity are discussed in the context of the political choices confronting us This compact and systematic introduction to the categories needed to grasp the fundamentals of politics will appeal to readers who want to gain a firmer grasp on the workings of politics as well as to scholars and students of philosophy political science and history

*The Key Texts of Political Philosophy* Thomas L. Pangle, Timothy W. Burns, 2015 This book introduces readers to analytical interpretation of seminal writings and thinkers in the history of political thought including Socrates Plato Aristotle the Bible Thomas Aquinas Machiavelli Bacon Hobbes Locke Montesquieu Rousseau Tocqueville Marx and Nietzsche Chronologically arranged each chapter in the book is devoted to the work of a single thinker The selected texts together engage with 2000 years of debate on fundamental questions which include What is the purpose of political life What is the good life for us as individuals and for us as a political community What is justice What is a right Do human beings have rights What kinds of human virtues are there and which regimes best promote them The difficulty of accessing the texts included in this volume is the result not only of their subtlety but also of the dramatic change in everyday life The authors shed light on the texts vocabulary and complexities of thought and help students understand and weigh the various interpretations of each philosopher's thought Accessible interpretive essays on the greatest texts in the history of political thought from Plato to Nietzsche Includes key passage plus a succinct discussion that glosses the text examines later day interpretations and guides students in forming their own interpretations Allows students to learn from rather than only about each thinker and to apply their thought to the present day

**An Introduction to Political Philosophy** Alexander Rainy Maclean Murray, 1959

**Introduction to Political Thought** Peri Roberts, 2012-02-28 This textbook now in its second edition is designed to equip students with a basic conceptual toolkit for the study of political thought i a basic political vocabulary ii a conceptual vocabulary and iii an historical vocabulary

*Political Philosophy* Adam Swift, 2014 Bringing political philosophy out of the ivory tower and within the reach of all this book provides us with the tools to cut through the complexity of modern politics

**Contemporary Political Philosophy** Will Kymlicka, 2002 This new edition of Will Kymlicka's best selling critical introduction to contemporary political theory has been fully revised to include many of the most significant developments in Anglo American political philosophy in the last 11 years particularly the new debates over issues of democratic citizenship and cultural pluralism The book now includes two new chapters on citizenship theory and multiculturalism in addition to updated chapters on utilitarianism liberal egalitarianism libertarianism socialism communitarianism and feminism The many thinkers discussed include G A Cohen Ronald Dworkin William Galdston Carol Gilligan R M Hare Chandran Kukathas Catherine Mackinnon David Miller Philippe Van Parijs Susan Okin Robert Nozick John Rawls John Roemer Michael Sandel Charles Taylor Michael Walzer and Iris Young Extended guides to further reading have been added at the end of each chapter listing the most important books and articles on each school of thought as well as relevant journals and websites Covering some of the most advanced contemporary thinking Will Kymlicka writes in an engaging accessible and non technical way to ensure the book is suitable for students approaching these difficult concepts for the first time This second edition promises to build on the original edition's success as a key text in the teaching of modern political theory

An Introduction to Political Philosophy Henry Percy Farrell, 2018-02-05 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Introduction to Political Thought Peri Roberts, 2012-02-22 Your conceptual toolkit for the study of political thought Praise for the first edition This seems really to have been written with the first year student in mind The editors write in a way that is clear intelligent and engaging without being at all condescending Politics Studies Review New for this edition Brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theory This textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live It traces the history of political thought from Plato and Aristotle to Kymlicka and Rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure

**An Introduction to Political Philosophy** Henry Percy Farrell, 2015-06-15 Excerpt from An Introduction to Political Philosophy Political philosophy cannot be learnt from text books If it be true That nature always does contrive That every boy and every gal That s born into the world alive Is either a little Liberal Or else a little Conservative then the most interesting problems of political philosophy must remain matters of controversy It is perhaps for this reason that students are generally asked to approach the subject by way of the study of the writings of certain political philosophers that are generally regarded as classical Or it may be because as Aristotle said It would probably be right to suppose that not only these but all other political discoveries have been made repeatedly or rather an infinite number of times in the lapse of ages It is our duty then while we avail ourselves adequately of the discoveries of the past to endeavour to fill up the deficiencies that remain Politics Bk IV chap 10 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**You and the State** Jan Narveson, 2008-04-04 Jan Narveson asks the provocative philosophical question is the state necessary In this unusual introduction to political philosophy Narveson draws on the history of political philosophy and discusses its main theories\_ classic liberal democratic socialist radical\_ with reference to how each sees the place of the individual in the political order Narveson s critique is situated within issues of freedom authority economic welfare international relations and others to explore how and whether the state is necessary His argument is ultimately anti statist and takes seriously the question of whether and how some version of anarchism might make sense

**Political Philosophy** Jason Brennan, 2016-02-09 Most political debate is superficial Just turn on cable news Philosophy is for people who want to understand the deep questions The goal of political philosophy is to determine the standards by which we judge different institutions good or bad just or unjust Some people might think they don t have much need of political philosophy Who cares about wishy washy obtuse notions of justice I m a pragmatist I just want to know what works But this isn t a way of avoiding political philosophy it s a way of being dogmatic about it Before we can just do what works we have to know what counts as working This book serves as an introduction to some of the major theories of justice to the arguments philosophers have made for and against these theories and ultimately to how to be more thoughtful and rigorous in your own thinking

An Introduction to Social and Political Philosophy Richard Schmitt, 2009-06-16 Social and political philosophy unlike other fields and disciplines involves conflict disagreement deliberation and action This text takes a new approach and understands philosophy not so much as a story of great thinkers or as a collection of philosophical positions but as a series of debates and disagreements in which students must participate Adopting what may be called an active learning method Richard Schmitt who has long taught social and political philosophy in the Ivy Leagues as well at state colleges presents a range of problems and debates which engage the core question of freedom Too often students are bewildered and then bored by highly abstract philosophical questions because they are unable to connect those abstract issues to their own life experiences This text immediately connects issues and experiences and provides integrated on going questions to spark dialogue whether in class settings or in the reader s own mind and to help students form strong arguments with good reasons for their positions In the course of examining different current controversies the book develops theories of democracy equality the state property autonomy and the role of morality in politics all of which are standard for courses in social and political philosophy
