Academic Literacy Development Laura-Mihaela Muresan, Concepción Orna-Montesinos, 2021-03-11 This edited book brings together an international cast of contributors to examine how academic literacy is learned and mastered in different tertiary education settings around the world Bringing to the fore the value of qualitative enquiry through ethnographic methods the authors illustrate in depth descriptions of genre knowledge and academic literacy development in first and second language writing All of the data presented in the chapters are original as well as innovative in the field in terms of content and scope and thought provoking regarding theoretical methodological and educational approaches The contributions are also representative of both novice and advanced academic writing experiences providing further insights into different stages of academic literacy development throughout the career span of a researcher Set against the backdrop of internationalisation trends in Higher Education and the pressure on multilingual academics to publish their research outcomes in English this volume will be of use to academics and practitioners interested in the fields of Languages for Academic Purposes Applied Linguistics Literacy Skills Genre Analysis and Acquisition and Language Education

Becoming a teacher Josef de Beer, 2020-12-31 This book disseminates original research on learning in and from practice in pre service teacher education Authors such as Lederman and Lederman describe the student teaching practicum or work integrated learning WIL which is an essential component of pre service teacher education as the elephant in the room These authors note that the capstone experience in any teacher education programme is the student teaching practicum after all this is where the rubber hits the road However many teacher educators will agree that this WIL component is sometimes very insufficient in assisting the student teacher to develop their own footing and voice as a teacher This is the gap that this research book addresses Most of the chapters in the book report empirical data with the exception of two chapters that can be categorized as systematic reviews WIL is addressed from various angles in the chapters Chapter 6 focuses on research related to what makes Finnish teacher education so effective and in Chapter 4 researchers of the University of Johannesburg disseminate their findings on establishing a teaching school based on Finnish insights in Johannesburg Chapter 3 highlights the challenges faced in open and distance learning teacher education contexts Several of the chapters disseminate research findings on alternative interventions to classic WIL namely where safe spaces or laboratories are created for student teachers to learn and grow professionally These could either be simulations such as software programmes and avatars in the intervention described in Chapter 2 student excursions as the findings in chapters 5 7 and 10 portray or alternative approaches to WIL e.g Chapters 11 and 12 The book is devoted to scholarship in the field of pre service teacher education The target audience is scholars working in the fields of pre service teacher education work integrated learning and self directed learning The book makes a unique contribution in terms of firstly its extensive use of Cultural Historical Activity

Theory as a research lens and secondly in drawing on various theoretical frameworks Both quantitative and qualitative research informed the findings of the book **Accounting 1B.** ,1988 Principles of Management Accounting Roos,Cairney,Chivaka,2011 Principles of Management Accounting 2nd edition is an accessible entry level management accounting textbook for university students aimed at second and third year students at universities and universities of technology as well as those following MBA courses in accounting and finance The book covers undergraduate appropriate topics from the management accounting syllabus of the South African Institute of Chartered Accountants SAICA In doing so most aspects of the relevant papers syllabi of the Chartered Institute of Management Accountants CIMA as well as those of the Association of Chartered Certified Accountants ACCA are dealt with too The contributors are from a range of South African tertiary institutions ensuring that the book is representative of the way management accounting is taught in this country and taking cognizance of the areas in which students have difficulty *Introduction to Business Information*

Systems Rolf T. Wigand,Peter Mertens,Freimut Bodendorf,Wolfgang König,Matthias Schumann,2003-05-21 After describing the functions of the PC and the role of computers in local and global networks the authors explain the fundamentals of data management as well as the support of firms functions and processes through information processing The concepts utilized are deployed in a multitude of modern and integrated application systems in manufacturing and service industries These application examples make up the core of the book Many application examples illustrate the methodologies addressed

ADVANCED FINANCIAL MANAGEMENT FOLORUNSHO MEJABI,2015-12-11 This text is based on questions and answers in a multiple choice format The answers to the questions are provided towards the back pages of the text The book will assist students in preparation for their regular academic and professional exams The book basically covers advanced aspect of the Financial Management The book builds on the earlier version of Financial Management and Corporate Finance written by the same author It is good book for finance and accounting students financial analysts bankers economists brokers accountants corporate gurus and managers of businesses **Law and Ethics in Psychology** Alfred Allan,2016

Introduction to Financial Mathematics Kevin J. Hastings,2024-09 The second edition of this successful and widely recognized textbook again focuses on discrete topics The author recognizes two distinct paths of study and careers of actuarial science and financial engineering This text can be very useful as a common core for both Therefore there is substantial material on the theory of interest the first half of the book as well as the probabilistic background necessary for the study of portfolio optimization and derivative valuation the second half The material in the first two chapters should go a long way toward helping students prepare for the Financial Mathematics FM actuarial exam Also the discrete material will reveal how beneficial it is to know more about loans in student s personal financial lives The notable changes and updates to this edition are itemized in the Preface however overall the presentation has been made more efficient One example is the chapter on discrete probability rather unique in its emphasis on giving the deterministic problems studied earlier a

probabilistic context Probably is now a subsection on Markov chains Sample spaces and probability measures random variables and distributions expectation conditional probability independence and estimation all follow Optimal portfolio selection coverage is reorganized and the section on the practicalities of stock transactions has been revised Market portfolio and Capital Market Theory coverage is expanded This book like the first edition was written so that the print edition could stand alone At times we simplify complicated algebraic expressions or solve systems of linear equations or numerically solve non linear equations Also some attention is given to the use of computer simulation to approximate solutions to problems A course in multivariable calculus is not required The entire text is available digitally from the publisher in the form of a series of Mathematica notebooks which can be loaded into Mathematica and which include complete executable commands and programs and some additional material

Small Things Nthikeng Mohlele,2014-08-01 In this haunting tale of love and learning the existential chaos of a life ravaged by circumstance takes on a rhythm of its own one bound by loss and loneliness but also an intelligent awareness of self Sometimes melancholy sometimes brutal occasionally funny and infuriating a journalist comrade lover caught up in the shade and shadow of politics and social injustice faces treachery and betrayal on every level Set against the backdrop of a cityscape that taunts and tantalises this is where love fails and passion wanes where suffering has no meaning where an individual escapes death only to find himself confronted with choices wrought by remorse and retribution by conscience and character And yet with all trauma there is a distinct musicality to the lyrical unpacking that follows a string of small things

Dugard's International Law John Dugard,Max Du Plessis,2019-01-07 This fifth edition of International Law A South African Perspective is now titled Dugard s International Law A South African Perspective in recognition of the fact that this work is a continuation of the earlier editions written by John Dugard The substance of the work has undergone major changes to take account of new developments both on the international legal scene and in South Africa Dugard s International Law A South African Perspective presents a South African perspective of international law The basic principles of international law are described and examined with reference to the principal sources of international law This examination however takes place within the context of South African law South African state practice judicial decisions and legislation on international law receive equal treatment with international law as it is practised and taught abroad The present work is designed to assist judicial officers and practitioners educate students and guide diplomats in the intricacies of international law both at home in South Africa and abroad

Corporate Citizenship Alfred Bimha,Johanna Badenhorst-Weiss,Kudakwashe Chodokufa,Tracey Cohen,Lynette Cronje,Neil Eccles,Anton Grobler,Catherine Le Roux,Johan Strydom,Iréze Van Wyk,Sharon Rudansky-Kloppers,Jacobus Young,2017-01-15 Corporate citizenship is a prominent international issue as contemporary corporations are no longer expected to perform financially but are also expected to have an ethical relationship of responsibility between the corporate itself and the society in which it operates and performs its business activities Provides an up to date theoretical content pertaining to corporate citizenship providing local and global
