Girl in the Dark Anna Lyndsey,2015-03-03 Haunting lyrical unforgettable *Girl in the Dark* is a brave new memoir of a life without light Anna Lyndsey was young and ambitious and worked hard she had just bought an apartment she was falling in love Then what started as a mild intolerance to certain kinds of artificial light developed into a severe sensitivity to all light Now at the worst times Anna is forced to spend months on end in a blacked out room where she loses herself in audiobooks and elaborate word games in an attempt to ward off despair During periods of relative remission she can venture out cautiously at dawn and dusk into a world that from the perspective of her cloistered existence is filled with remarkable beauty And through it all there is Pete her love and her rock without whom her loneliness seems boundless One day Anna had an ordinary life and then the unthinkable happened But even impossible lives she learns endure *Girl in the Dark* is a tale of an unimaginable fate that becomes a transcendent love story It brings us to an extraordinary place from which we emerge to see the light and the world anew **Child Bride** Suzanne Finstad,2011-04-20 The myth shattering account of the most famous and most taboo marriage in rock and roll history Fascinating Finstad s research and her analysis

A Civil Servant in Burma Herbert Thirkell White,Sir Herbert Thirkell White,1913 **Travel** Peter Whitfield,2011 No previous generation has ever travelled so energetically or so obsessively as ours nor has travel writing ever been so much in fashion as it is now But behind the self conscious literary artistry of today s narratives there lies a rich and fascinating history of travel writing stretching back over several thousand years Travel writing has emerged from migration war exploration trade conquest pilgrimage science and poetic longing But when they recorded their travels the military commanders of Greece and Rome the navigators of the Age of Discovery the diplomats and missionaries of the seventeenth century the dilettantes who set out on the Grand Tour the romantic travellers and the scientists of the nineteenth century all had one thing in common they were re imagining the world re interpreting it in their own minds and for their readers This is the first general survey of the entire history of travel literature with illustrations reproduced from manuscripts and books in the Bodleian Library s collections Writers covered include Marco Polo Sir John Mandeville Thomas Coryate Captain Cook T E Lawrence and Christopher Columbus as well as Boswell and Johnson Byron Ruskin Defoe Conrad and James This book highlights over a hundred texts showing how one motive for travelling has been succeeded by another and how travel writing has often inhabited a strange borderland between truth and imagination fact and fiction It demonstrates how travel writers have slowly outgrown their traditional stance of superiority to all things foreign and have moved towards a deeper sensitivity to other lands and other cultures

Susan, Linda, Nina & Cokie Lisa

Napoli,2021-04-13 A group biography of four beloved women who fought sexism covered decades of American news and whose voices defined NPR In the years after the Civil Rights Act of 1964 women in the workplace still found themselves relegated to secretarial positions or locked out of jobs entirely This was especially true in the news business a backwater of male chauvinism where a woman might be lucky to get a foothold on the women s pages But when a pioneering nonprofit called National Public Radio came along in the 1970s and the door to serious journalism opened a crack four remarkable women came along and blew it off the hinges Susan Linda Nina and Cokie is journalist Lisa Napoli s captivating account of
