**Unformed and Unfilled** Weston Fields,2005-01 Everyone's heard of it Many believe it Is there a gap in time between the first two verses in Genesis Does this alleged gap really represent a vast amount of time Weston Fields classic treatment of this subject is now being published by Master Books and promoted by such important organisations as Answers in Genesis In this book Fields makes a detailed study of the gap theory paying particular attention to the Hebrew of Genesis His conclusion that this theory is not a reasonable compromise with modern evolutionary theory but a dangerous diversion from biblical truth helps readers who struggle with the question of the time taken during the creation week Was it really six days Can Christians find a workable solution to the debate about creation and time An important book Features A presentation of a variety of views espoused by Christians of all denominations A professional scholarly look that can be easily understood by laymen A fascinating study of the original Hebrew text **Introduction to Logic (Teacher Guide)** Jason Lisle,2018-12-10 The vital resource for grading all assignments from the Introduction To Logic course which includes Instructional insights enhanced with worksheets and additional practice sheets Special chapter reviews at the beginning of each new chapter worksheet created to help students and teachers grasp the scope of each section OVERVIEW Welcome to the world of logic This logic course will both challenge and inspire students to be able to defend their faith against atheists and skeptics alike Because learning logical terms and principles is often like learning a foreign language the course has been developed to help students of logic learn the practical understanding of logical arguments To make the course content easier to grasp the schedule provides worksheets and practice sheets to help students better recognize logical fallacies as well as review weeks for the quizzes and the final The practice sheets in the back of the book offer practical study for both the final exam and for actual arguments you might encounter online or in the media FEATURES The calendar provides daily sessions with clear objectives and worksheets quizzes and tests all based on the readings from the course book **Who is God?** John Hay,David Webb,2009 Biblical worldview of God and Truth **Apologetics in Action (Teacher Guide)** Master Books,2017-03 Unique biblical studies course for students Are there really contradictions in the Bible and can it be relied upon for historical accuracy What is scriptural authority does it matter How does a skeptical world impact your view The Bible is increasingly under attack from every direction Whether secular scholars or those in the Church try to tie in evolutionary concepts to match origin explanations that are not biblical the accuracy and relevance of the Bible is at question This course covers both volumes of How Do We Know the Bible Is True as well as Demolishing Supposed Bible Contradictions Learn important details that can strengthen your confidence in the Bible's inerrant nature Discover how the Bible proves itself and the insight you need to strengthen your faith and defend God's Word *Real Christianity* Dale Partridge,2019-11-12 As Christians we know we're supposed to be holy set apart and different than the world But the reality

is the lives of many Christians look a lot more like the culture than like Christ The question the devout are seeking today is what does it really look like to follow Christ in a culture of darkness In this short book Dale Partridge assaults the watered down lukewarm Christianity that is harbored in many modern churches and replaces it with the raw biblical Gospel found in the New Testament
