The Broken Estate James Wood,2013-11-06 This book recalls an era when criticism could change the way we look at the world In the tradition of Matthew Arnold and Edmund Wilson James Wood reads literature expansively always pursuing its role and destiny in our lives In a series of essays about such figures as Melville Flaubert Chekhov Virginia Woolf and Don DeLillo Wood relates their fiction to questions of religious and philosophical belief He suggests that the steady ebb of the sea of faith has much to do with the revolutionary power of the novel as it has developed over the last two centuries To read James Wood is to be shocked into both thinking and feeling how great our debt to the novel is In the grand tradition of criticism Wood's work is both commentary and literature in its own right fiercely written polemical and richly poetic in style This book marks the debut of a masterly literary voice

**Three Sons** Daniel L. Medin,2010-01-11 Franz Kafka was a self conscious writer whose texts were highly if mysteriously autobiographical Three giants of contemporary fiction J M Coetzee Philip Roth and W G Sebald have all acknowledged their debt to the work of Kafka both in interviews and in their own academic essays and articles for a general readership about him In this striking feat of literary scholarship Daniel Medin finds that the use of Kafka by Coetzee Roth and Sebald is similarly self reflexive and autobiographical That writers from such divergent national and ethnic traditions can have such unique critical readings of Kafka and that Kafka could exert such a powerful influence over their oeuvres Medin contends attests to the central place of Kafka in the contemporary literary imagination

*Governing the Tongue in Northern Ireland* Shane Alcobia-Murphy,2008-12-11 How free is the Northern Irish

writer to produce even a short poem when every word will be scrutinised for its political subtext Is the visual artist compelled to react to the latest atrocity Must the creative artist be aware of his or her own inculcated prejudices and political affiliations and must these be revealed overtly in the artwork Because of these and other related questions the recent work by Northern Irish writers and visual artists has been characterised by an inward looking self consciousness It is an art that relays its personal responses in guarded often coded ways Characterised by obliquity and self reflexivity the art does not simply re present events and the artist s emotive response towards them rather it calls attention to the manner of its presentation It is an art about art and its role and place in society Governing the Tongue examines how the creation of art in a time of violence brings about an anxiety in the Northern Irish artist regarding his or her artistic role and how it calls into question the ability to represent events The series of essays is inter disciplinary in its approach exploring the place of art its role and location in the work of key Northern Irish writers Ciaran Carson Seamus Deane Brian Friel Seamus Heaney Michael Longley Medbh McGuckian Eoin McNamee Glenn Patterson and visual artists Willie Doherty Rita Donagh Paul Seawright Victor Sloan

**Becoming John Updike** Laurence W. Mazzeno, 2013 When John Updike died in 2009 tributes from the literary establishment were immediate and fulsome However no one reading reviews of Updike s work in the late 1960s would have predicted that kind of praise for a man who was known then as a brilliant stylist who had nothing to say What changed Why And what is likely to be his legacy These are the questions that *Becoming John Updike* pursues by examining the journalistic and academic response to his writings Several things about Updike s career make a reception study appropriate First he was prolific he began publishing fiction and essays in 1956 published his first book in 1958 and from then on brought out at least one new book each year Second his books were reviewed widely usually in major American newspapers and magazines and often in foreign ones as well Third Updike quickly became a darling of academics the first book about his work was published in 1967 less than a decade after his own first book More than three dozen books and hundreds of articles of academic criticism have been devoted to Updike The present volume will appeal to the continuing interest in Updike s writing among academics and general readers alike Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson and Matthew Arnold for Camden House s *Literary Criticism in Perspective* series

*The Irresponsible Self* James Wood, 2005-04-01 James Wood has been called our best young critic This is not true He is our best critic he thinks with a sublime ferocity Cynthia Ozick Following the collection *The Broken Estate* which established James Wood as the leading critic of his generation *The Irresponsible Self* confirms Wood s preeminence not only as a discerning judge but also as an appreciator of contemporary novels In twenty three passionate sparkling dispatches he effortlessly connects his encyclopedic passionate understanding of the literary canon with an equally earnest and appreciative view of the most discussed authors writing today including Franzen Pynchon Rushdie DeLillo Naipaul David Foster Wallace and Zadie Smith This collection includes Wood s famous and controversial attack on hysterical realism and his sensitive but unsparing examinations of *White Teeth* and *Brick Lane* *The Irresponsible Self* is indispensable reading for anyone who cares about modern fiction

*How Fiction Works* James Wood, 2008-07-22 What makes a story a story What is style What s the connection between realism and real life These are some of the questions James Wood answers in *How Fiction Works* the first book length essay by the preeminent critic of his generation Ranging widely from Homer to David Foster Wallace from *What Maisie Knew* to *Make Way for Ducklings* Wood takes the reader through the basic elements of the art step by step The result is nothing less than a philosophy of the novel plainspoken funny blunt in the traditions of E M Forster s *Aspects of the Novel* and Strunk and White s *The Elements of Style* It sums up two decades of insight with wit and concision It will change the way you read

*Literary Secularism* Amardeep Singh, 2008-12-18 *Literary Secularism Religion and Modernity in Twentieth Century Fiction* shows the path to secularization in the modern novel in comparative perspective Writers as diverse as George Eliot James Joyce Salman Rushdie Orhan Pamuk Taslima Nasrin and James Wood have all struggled with religious orthodoxy in their personal lives and are some of the most important and representative secular writers in the modern world canon But their novels which are far more than mere anti religious manifestos directly reflect the continued power of religious communities and institutions in the modern world While religion is in a very real sense displaced from epistemological centrality in modernity all of these writers suggest that religious texts rituals and communities have a force that is in George Eliot s words still throbbing in modern life In a series of close readings *Literary Secularism* argues that the intimate often deeply ambivalent representation of religion is a key feature of modern writing and is central to the larger intellectual and historical project of modernity *Literary Secularism* is then a complex literary ethos which impinges as much on style language and novelistic form as on theme The close readings here of novels such as George Eliot s *Daniel Deronda* Rabindranath Tagore s *Gora* James Joyce s *Ulysses* and Salman Rushdie s *The Satanic Verses* all hinge on the ambiguity of religious and secular discourses In some cases the ambiguity is expressed through the affective and embodied experience of the protagonists whose private subjectivity often conflicts with their public identities The conflict between present and private is also explored in a dedicated chapter on

secularism and feminism in India as well as with regard to the global crisis of secularism that has emerged following the terrorist attacks of 9 11 While the particular experiences of the various narratives vary somewhat from author to author all of the authors in this study are interested in defining a way of being secular that no sociological or ideological formula can fully describe Correspondingly while works of literature are certainly artifacts marking key moments in the history of secularisation literature by itself doesn't produce secularism in either the cultural or the political context In arguing for the literary as a historically specific social and cultural mode of secularity Literary Secularism offers a unique perspective on the problem of secularisation that may be of interest to fields such as literary criticism religious studies the sociology of religion and political theory

Jonah's Arguments with God T A Perry,2022-05-03 In this refreshing and thoughtful interpretation of the biblical book of Jonah T A Perry seeks to recover the book's prophetic thrust how Jonah is cast out from the divine Presence and works his way back like Elijah in a love story of rejection and reconciliation This book explores the role reversal of Eternity and Jonah and suggests the possibility that God can not only change his mind but even be educated

*Modes of Faith* Theodore Ziolkowski,2008-11-15 In the decades surrounding World War I religious belief receded in the face of radical new ideas such as Marxism modern science Nietzschean philosophy and critical theology Modes of Faith addresses both this decline of religious belief and the new modes of secular faith that took religion's place in the minds of many writers and poets Theodore Ziolkowski here examines the motives for this embrace of the secular locating new modes of faith in art escapist travel socialism politicized myth and utopian visions James Joyce he reveals turned to art as an escape while Hermann Hesse made a pilgrimage to India in search of enlightenment Other writers such as Roger Martin du Gard and Thomas Mann sought temporary solace in communism or myth And H G Wells Ziolkowski argues took refuge in utopian

dreams projected in another dimension altogether Rooted in innovative and careful comparative reading of the work of writers from France England Germany Italy and Russia Modes of Faith is a critical masterpiece by a distinguished literary scholar that offers an abundance of insight to anyone interested in the human compulsion to believe in forces that transcend the individual
