**La tesis de Nancy** Ramón José Sender, 1962 Nancy s thesis is a critical look at the Spain of her time that Ram n J Sender makes through the eyes of a surprised American student It reflects both the tradition and modernity of a country that timidly opened up to the developed world but still kept in some moments as a treasure but in others as a burden the deep ground of centuries of manners difficult to assume interpret and understand not only for the enthusiastic traveler like Nancy but for many Spaniards whom the avatars of his life and his nation had led as Sender into forced or voluntary exile
