Barron's AP Spanish, 2007-2008 Alice Gericke Springer,2006-08-01 This thoroughly updated edition anticipates the Advanced Placement Spanish test's major format changes effective in early 2007. The book's added practice sections and test-taking advice in written proficiency reflect significant changes in the test's new writing section. Students will now be required to demonstrate their skill in written Spanish by answering several short questions in addition to the test's standard essay question which is being retained. Increased emphasis is also placed on vocabulary and this new edition offers significantly more vocabulary lists and exercises than past editions. The audio compact discs included with this manual offer practice and review in listening comprehension as they did in previous editions but now also include Spanish conversation exercises in which students must give spoken replies to questions that they hear on the recording. The book presents one full-length practice AP exam with questions answered and explained with the test's listening comprehension section presented on the accompanying CDs.

AP Spanish Jose Diaz, Margrita Leicher-Prieto, Glenn Nadlebach, 1989-12-12 The book is intended to meet the need for a text to accompany the Advanced Placement Spanish Language course. The overall goal is to prepare students to perform at a high level of proficiency in the four basic language skills: listening, speaking, reading, and writing. Upon completing the course, students are expected to be able to comprehend formal and informal Spanish and also speak, read, and write cohesively and precisely at the third-year college level. The authors have attempted to create a series of exercises that will both meet the general objectives of the course and help the students prepare for the Advanced Placement examination. Although geared primarily to the AP course and examination, the book is also intended to provide an opportunity for advanced learning. The exercises are designed not only to review and reinforce students' knowledge but also to increase their vocabulary and sharpen their grammatical skills. The book can be used as a complementary text in any advanced course in Spanish. Intro
