Holy Bible Apr 18 2024 This Anglicized edition was first published in 1995. Adapted by a team of editors in Britain, it does not alter the translation but smooths out the considerable variances between British and American usage. Bound in hardback for durability and with bespoke calligraphy for the title lettering, this attractive pew edition includes the Apocrypha.

Programming Grails Mar 17 2024 Dig deeper into Grails architecture and discover how this application framework works its magic. Written by a core developer on the Grails team, this practical guide takes you behind the curtain to reveal the inner workings of its 2.0 feature set. You'll learn best practices for building and deploying Grails applications, including performance, security, scaling, tuning, debugging, and monitoring. Understand how Grails integrates with Groovy, Spring, Hibernate, and other JVM technologies, and learn how to create and use plugins to augment your application's functionality. Once you know how Grails adds behavior by convention, you can solve problems more easily and develop applications more intuitively. Write simpler, more powerful code with the Groovy language Manage persistence in Grails, using Hibernate or a NoSQL datastore Learn how Grails uses Spring's functionality and optional modules Discover how Hibernate handles details for storing and retrieving data Integrate technologies for messaging, mail, creating web services, and other JEE technologies Bypass convention and configure Grails manually Learn a general approach to upgrading applications and plugins Use Grails to develop and deploy IaaS and PaaS applications

The Courage of Marge O'Doone Feb 16 2024 Many of James Oliver Curwood's action-adventure novels follow intrepid explorers who are equal parts foolish and brave as they make their way in the wilds of northern Canada. In The Courage of Marge O'Doone, a chance encounter on a train turns into the adventure of a lifetime for two audacious souls. Will the pair be able to make it back alive?

International Copyright and Access to Knowledge Jan 15 2024 The principle of Access to Knowledge (A2K) has become a common reference point for a diverse set of agendas that all hope to realize technological and human potential by making knowledge more accessible. This book is a history of international copyright focused on principles of A2K and their proponents. Whilst debate and discussion so far has covered the perspectives of major western countries, the author's fresh approach to the topic considers emerging countries and NGOs, who have fought for the principles of A2K that are now fundamental to the system. Written in a clear and accessible style, the book connects copyright history to current problems, issues and events.
