Heart of Darkness (Fourth International Student Edition) (Norton Critical Editions) Jun 23 2023 *The Fourth Edition is again based on Robert Kimbrough's meticulously re-edited text. Missing words have been restored and the entire novel*

has been repunctuated in accordance with Conrad's style. The result is the first published version of Heart of Darkness that allows readers to hear Marlow's voice as Conrad heard it when he wrote the story. "Backgrounds and Contexts" provides readers with a generous collection of maps and photographs that bring the Belgian Congo to life. Textual materials, topically arranged, address nineteenth-century views of imperialism and racism and include autobiographical writings by Conrad on his life in the Congo. New to the Fourth Edition is an excerpt from Adam Hochschild's recent book, King Leopold's Ghost, as well as writings on race by Hegel, Darwin, and Galton. "Criticism" includes a wealth of new materials, including nine contemporary reviews and assessments of Conrad and Heart of Darkness and twelve recent essays by Chinua Achebe, Peter Brooks, Daphne Erdinast-Vulcan, Edward Said, and Paul B. Armstrong, among others. Also new to this edition is a section of writings on the connections between Heart of Darkness and the film Apocalypse Now by Louis K.

Greiff, Margot Norris, and Lynda J. Dryden. A Chronology and Selected Bibliography are also included.

How to Give Effective Feedback to Your Students, Second Edition Mar 09 2022

Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best-selling book, Susan M. Brookhart offers enhanced guidance and three lenses for considering the effectiveness of feedback: (1) does it conform to the research, (2) does it offer an episode of learning for the student and teacher, and (3) does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including

- Strategies to uplift and encourage students to persevere in their work.*
- How to formulate and deliver feedback that both assesses learning and extends instruction.*
- When and how to use oral, written, and visual as well as individual, group, or whole-class feedback.*
- A concise and*

updated overview of the research findings on feedback and how they apply to today's classrooms. In addition, the book is replete with examples of good and bad feedback as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. 2022 A comprehensive introduction to the idea of intertextuality and the debates surrounding it. The author focuses on the four key thinkers whose work has been central to these debates - Kristeva, Barthes, Bloom and Genette. With an innovative perspective, the author guides the reader through the original texts of each of these. Of special importance is the author's reading (and translation) of other parts of Kristeva's Semeiotik. Orr's investigation takes a fresh approach to the rival French critics - Angenot, Derrida, Girard and Ricoeur - who also worked on intertextuality and tackles the language of intertextuality, shining new light on some of the terminology most commonly associated with this concept.
