A Floating Chinaman Hua Hsu, 2016-06-07 A Floating Chinaman is in the broadest sense a book about who gets to speak for China. The title is taken from a lost manuscript by H T Tsiang, an eccentric Chinese immigrant writer who self-published a series of visionary novels in the 1930s, a time when China was recast as a rich, unexplored mystery to the American public. At this time, the United States rediscovered China, and the book traces its causes and cues in a variety of sites: the comfortable middlebrow literature of Pearl Buck, Alice Tisdale Hobart, and Lin Yutang; the journalism of Carl Crow and Henry Luce; exuberant reports from oil executives proclaiming a new era in global trade; on the margins in Chinatowns; on college campuses; in the failed avant-gardism of Tsiang. A different conversation about the possibilities of a transpacific future was taking place. The book is about the circulation of ideas about China, but it is also a book about writers' rivalries and the acquisition of authority. It is about the creation and refinement of those ideas, as well as the spirit of competition that underlies all critical endeavors. These were decades when China represented a new area of inquiry, and the stakes for writers to flex their expertise were at once intellectual, professional, and deeply personal. The author considers a range of texts, from best sellers to self-published paperbacks, travel literature to corporate newsletters, FBI surveillance files to flowery letters from an Ellis Island detention center, and considers the competing notions of a transpacific future that animated the literary imagination, as well as some satisfying moments of revenge. Fat Girl on a Plane Kelly deVos, 2018-06-05 A savvy, smart, and funny book about embracing your body and taking control of your destiny. Kathleen Glasgow, author of the New York Times bestselling novel *Girl in Pieces*, bold, unique, and completely original. A debut, both spirited and inventive, much like its indomitable heroine, Laurie Elizabeth Flynn, author of *Firsts*. From debut author Kelly DeVos comes an unforgettable story about fierce fashion, pursuing your dreams, and loving yourself at any size. FAT Cookie Vonn's dreams include getting out of Phoenix and becoming the next great fashion designer. But in the world of fashion, being fat is a cardinal sin. It doesn't help that she's constantly compared to her supermodel mother and named after a dessert. Cookie scores a trip to New York to pitch her design portfolio, but her plans are put on standby when she's declared too fat to fly. When she finally arrives, she finds she's been replaced by her ultrathin rival. Cookie vows to lose weight, get out of the friend zone with her crush, and put her dreams back on track. SKINNY Cookie expected sunshine and rainbows, but nothing about her new life is turning out like she planned. When the fashion designer of the moment offers her what she's always wanted—an opportunity to live and study in New York—she finds herself in a world full of people more interested in putting women down than dressing them up. Her designs make waves, but her real dream of creating great clothes for people of all sizes seems to grow more distant by the day. Will she realize that she's always had the power to make her own dreams come true? A realistic portrayal of the frustrations of weight loss and size acceptance, sex, body positivity, and ambition. VERDICT: A strong choice for most YA shelves. School Library Journal. Packed with smart zingers about what it feels like to be fat and have a body that people criticize. Also a fairytale romp through the New York City fashion world. Carolyn Mackler, B N Teen Blog.

Manthropology Peter McAllister, 2010-10-26 Manthropology is the first of its kind Spanning continents and centuries it is an in depth look into the history and science of manliness From speed and strength to beauty and sex appeal to bravado and wit it examines how man today compares to his masculine ancestors Peter McAllister set out to rebut the claim that man today is suffering from feminization and emasculation He planned to use his skills as a paleoanthropologist and journalist to write a book demonstrating unequivocally that man today is a triumph the result of a hard fought evolutionary struggle toward greatness As you will see he failed In nearly every category of manliness modern man turned out to be not just matched but bested by his ancestors Stung McAllister embarked on a new mission If his book couldn't be a testament to modern male achievement he decided it would be a record of his failures Manthropology then is a globe spanning tour of the science of masculinity It kicks off in Ice Age France where a biomechanical analysis demonstrates that La Ferrassie 2 a Neanderthal woman discovered in the early 1900s would cream 2004 World Arm Wrestling Federation champion Alexey Voyevoda in an arm wrestle Then it moves on to medieval Serbia showing how Slavic guslar poets who were famously able to repeat a two thousand line verse after just one hearing would have destroyed Curtis Jackson aka 50 Cent in a battle rap Finally it takes the reader to the steaming jungles of modern equatorial Africa where Aka Pygmy men are such super dads they even grow breasts to suckle their children Now that's commitment For modern man the results of these investigations aren't always pretty But in its look at the history of men Manthropology is unfailingly smart informative surprising and entertaining
