**The Death Penalty, Volume I** Jacques Derrida,2013-12-04 In this newest installment in Chicago s series of Jacques Derrida s seminars the renowned philosopher attempts one of his most ambitious goals the first truly philosophical argument against the death penalty While much has been written against the death penalty Derrida contends that Western philosophy is massively if not always overtly complicit with a logic in which a sovereign state has the right to take a life Haunted by this notion he turns to the key places where such logic has been established and to the place it has been most effectively challenged literature With his signature genius and patient yet dazzling readings of an impressive breadth of texts Derrida examines everything from the Bible to Plato to Camus to Jean Genet with special attention to Kant and post World War II juridical texts to draw the landscape of death penalty discourses Keeping clearly in view the death rows and execution chambers of the United States he shows how arguments surrounding cruel and unusual punishment depend on what he calls an anesthetical logic which has also driven the development of death penalty technology

from the French guillotine to lethal injection Confronting a demand for philosophical rigor he pursues provocative analyses of the shortcomings of abolitionist discourse Above all he argues that the death penalty and its attendant technologies are products of a desire to put an end to one of the most fundamental qualities of our finite existence the radical uncertainty of when we will die Arriving at a critical juncture in history especially in the United States one of the last Christian inspired democracies to resist abolition The Death Penalty is both a timely response to an important ethical debate and a timeless addition to Derrida's esteemed body of work

**Jackson Pollock** Pepe Karmel,1999 Published to accompany the exhibition Jackson Pollock held the Museum of Modern Art New York from 1 November 1998 to 2 February 1999 *See Now Then* Jamaica Kincaid,2013-02-05 In *See Now Then* the brilliant and evocative new novel from Jamaica Kincaid her first in ten years a marriage is revealed in all its joys and agonies This piercing examination of the manifold ways in which the passing of time operates on the human consciousness unfolds gracefully and Kincaid inhabits each of her characters a mother a father and their two children living in a small village in New England as they move in their own minds between the present the past and the future for as she writes the present will be now then and the past is now then and the future will be a now then Her characters constrained by the world despair in their domestic situations But their minds wander trying to make linear sense of what is in fact nonlinear *See Now Then* is Kincaid's attempt to make clear what is unclear and to make unclear what we assumed was clear that is the beginning the middle and the end Since the publication of her first short story collection *At the Bottom of the River* which was nominated for a PEN Faulkner Award for Fiction Kincaid has demonstrated a unique talent for seeing beyond and through the surface of things In *See Now Then* she envelops the reader in a world that is both familiar and startling creating her most emotionally and thematically daring work yet

**The Ascetic Imperative in Culture and Criticism** Geoffrey Galt Harpham,1992-02-15 In this bold interdisciplinary work Geoffrey Galt Harpham argues

that asceticism has played a major role in shaping Western ideas of the body writing ethics and aesthetics He suggests that we consider the ascetic as the cultural element in culture and presents a close analysis of works by Athanasius Augustine Matthias Gr newald Nietzsche Foucault and other thinkers as proof of the extent of asceticism s resources Harpham demonstrates the usefulness of his findings by deriving from asceticism a discourse of resistance a code of interpretation ultimately more generous and humane than those currently available to us *The Unmaking of Fascist Aesthetics* Kriss Ravetto,2001 In works by filmmakers from Bertolucci to Spielberg debauched images of nazi and fascist eroticism symbols of violence and immorality often bear an uncanny resemblance to the images and symbols once used by the fascists themselves to demarcate racial sexual and political others This book exposes the madness inherent in such a course which attests to the impossibility of disengaging visual and rhetorical constructions from political ideological and moral codes Kriss Ravetto argues that contemporary discourses using such devices actually continue unacknowledged rhetorical moral and visual analogies of the past Against postwar fictional and historical accounts of World War II in which generic images of evil characterize the nazi and the fascist Ravetto sets the more complex approach of such filmmakers as Pier Paolo Pasolini Liliana Cavani and Lina Wertmuller Her book asks us to think deeply about what it means to say that we have conquered fascism when the aesthetics of fascism still describe and determine how we look at political figures and global events Book jacket *Self-Help for Stoners: Stuff to Read When You're High* MR Robert Chazz Chute,2011-12 This is a self help book made of suspenseful short fiction with a plot and a point With parables exhortations and gut punch endings this dark collection is packed with delicious surprises to enjoy and to contemplate Stoner or straight edge figure out how to bridge the gap between reality and your dreams Why fiction Because reality sucks that s why [Bethlehem Revisited](#) Floyd I.
