Slept Away Mar 04 2024 Laney Parker is a city girl through and through. For her, summertime means stepping out of her itchy gray school uniform and into a season of tanning at rooftop swimming pools, brunching at sidewalk cafes, and—as soon as the parents leave for the Hamptons—partying at her classmates' apartments. But this summer Laney's mother has other plans for Laney. It's called Camp Timber Trails and rustic doesn't even begin to describe the un-air-conditioned log cabin nightmare. Laney is way out of her element—the in-crowd is anything but cool, popularity seems to be determined by swimming skills, and the activities seem more like boot camp than summer camp. Splattered with tie dye fall out, stripped of her cell, and going through Diet Coke withdrawal, Laney is barely hanging on. Being declared the biggest loser of the bunk is one thing, but when she realizes her summer crush is untouchably uncrushable in the real world, she starts to wonder, can camp cool possibly translate to cool cool? Summer camp might just turn this city girl's world upside down!

The Thing with Feathers Jul 16 2022 Emilie Day believes in playing it safe: she's homeschooled, her best friend is her seizure dog, and she's probably the only girl on the Outer Banks of North Carolina who can't swim. Then Emilie's mom enrolls her in public school, and Emilie goes from studying at home in her pj's to halls full of strangers. To make matters worse, Emilie is paired with starting point guard Chatham York for a major research project on Emily Dickinson. She should be ecstatic when Chatham shows interest, but she has a problem. She hasn't told anyone about her epilepsy. Emilie lives in fear her recently adjusted meds will fail and she'll seize at school. Eventually, the worst happens, and she must decide whether to withdraw to safety or follow a dead poet's advice and "dwell in possibility." From Golden Heart award-winning author McCall Hoyle comes *The Thing with Feathers*, a story of overcoming fears, forging new friendships, and finding a first love, perfect for fans of Jennifer Niven, Robyn Schneider, and Sharon M. Draper.

Revisiting Discovery and Justification Jan 22 2023 The distinction between the contexts of discovery and justification has left a turbulent wake in the philosophy of science. This book recognizes the need to re-open the debate about the nature, development, and significance of the context distinction, about its merits and flaws. The discussion clears the ground for the productive and fruitful integration of these new developments into philosophy of science.

Wicked Weaves Apr 12 2022 First in the Renaissance Faire mystery series featuring craft apprentice and sleuth Jessie Morton. INCLUDES RENAISSANCE RECIPES AND FUN FACTS! Assistant professor Jessie Morton spends her summers at the Renaissance Village honing her skills and finding the lady, lord, or serf whodunnit. This summer Jessie is the apprentice to Mary Shift, a basket-maker with a dark past as well as incredible weaving skills. One day a man is bid a deadly fare-thee-well with Mary's signature weave around his neck. It's up to Jessie to spring Mary from the stocks of the Myrtle Beach police station. Yet innocence is hard to prove in a place where there's a fine line between reality and good theater—and history is bound to repeat itself.

How I Paid for College Dec 01 2023 A deliciously funny romp of a novel about one overly theatrical and sexually confused New Jersey teenager's larcenous quest for his acting school tuition It's 1983 in Wallingford, New Jersey, a sleepy bedroom community outside of Manhattan. Seventeen-year-old Edward Zanni, a feckless Ferris

Bueller-type, is Peter Panning his way through a carefree summer of magic and mischief. The fun comes to a halt, however, when Edward's father remarries and refuses to pay for Edward to study acting at Juilliard. Edward's truly in a bind. He's ineligible for scholarships because his father earns too much. He's unable to contact his mother because she's somewhere in Peru trying to commune with Incan spirits. And, as a sure sign he's destined for a life in the arts, Edward's incapable of holding down a job. So he turns to his loyal (but immoral) misfit friends to help him steal the tuition money from his father, all the while practicing for his high school performance of Grease. Disguising themselves as nuns and priests, they merrily scheme their way through embezzlement, money laundering, identity theft, forgery, and blackmail. But, along the way, Edward also learns the value of friendship, hard work, and how you're not really a man until you can beat up your father—metaphorically, that is. *How I Paid for College* is a farcical coming-of-age story that combines the first-person tone of David Sedaris with the byzantine plot twists of Armistead Maupin. It is a novel for anyone who has ever had a dream or a scheme, and it marks the introduction to an original and audacious talent.

My Faire Lady Jul 08 2024 After breaking up with her boyfriend, seventeen-year-old Rowena takes an out-of-town summer job at a Renaissance fair, but romantic entanglements soon follow.

Great Medieval Projects Oct 31 2023 *Great Medieval Projects You Can Build Yourself* brings the Middle Ages in Europe alive through hands-on activities for kids ages 9–12. Addressing various aspects of medieval life, this book provides historically accurate details of the period leading up to the Renaissance. From monastic life to castle living, villages to towns, each section offers a glimpse into the daily existence of the people who lived in medieval Europe. Sidebars and fun trivia break up the text. Readers will expand their knowledge of this era beyond knights, fair maidens, and castles as they learn about siege warfare, life in a medieval village, medieval clothing, markets and fairs, the Plague, medieval medicine, and the Crusades.

Getting a Grip Nov 07 2021 At the age of sixteen, Monica Seles crashed on to the world tennis scene by becoming the youngest winner in French Open History. For three years, she dominated the tennis circuit, racking up eight Grand Slam titles, winning three back-to-back French Open titles. At post-match conferences she charmed the media with her trademark giggle. In January 1993, Seles defeated Steffi Graf in the Australian Women's Open and in April of that year, while playing a quarter-final in Hamburg, a boning knife was plunged between her shoulder blades by a Graff fan. Everything changed. The incident shocked the tennis world. Seles's injuries healed, but Seles

did not. Now, in this compelling book she tells us in her own words what followed - years of seclusion, the fog of despair, binge eating, dealing with criticism about her weight from a brutal press, losing her father's coach to cancer and never regaining her dominance on court despite getting in to the top 10. After years battling to regain fitness and tennis glory, an excruciating injury forced Monica to take time off from tennis in 2003 and she embarked on her own journey. She abandoned the arduous workouts and punitive diets, and slowly uncovered the painful emotions behind years of tumultuous feelings. This is a human and inspiring story of determination, amazing talent and touching vulnerability, that Seles hopes will motivate and inspire others to find happiness in their own lives. Monica Seles is a former No 1 professional tennis player who became the youngest-ever champion at the French Open in 1990 and went on to win nine Grand Slam singles titles. In 2007, she was appointed goodwill ambassador for the UN's Global Sports for Peace and Development Initiative.

The Psychology of Working Mar 24 2023 In this original and major new work, David Blustein places working at the same level of attention for social and behavioral scientists and psychotherapists as other major life concerns, such as intimate relationships, physical and mental health, and socio-economic inequities. He also provides readers with an expanded conceptual framework within which to think about working in human development and human experience. As a result, this creative new synthesis enriches the discourse on working across the broad spectrum of psychology's concerns and agendas, and especially for those readers in career development, counseling, and policy-related fields. This textbook is ideal for use in graduate courses on counseling and work or vocational counseling.

Having Her Back Feb 28 2021 Trevor Larson is a Navy brat. He's used to moving every few years, and thanks to social media, he can stay in touch with the friends he leaves behind. But shortly after he leaves Okinawa, his best friend, Brad Gray, cuts off contact and disappears. Four years and two bases later, Brad resurfaces—and announces his family is coming to Trevor's base in Spain. But a lot's changed in four years, and Trevor is stunned to find out Brad is now Shannon. Their reunion isn't quite what either of them had hoped for, but they quickly find their footing, both relieved to have each other back. Except nothing is ever all sunshine and roses. The military is a small world, and there's no keeping Shannon's transition a secret. Parents warn their kids away from her. She can't attend school on-base for fear of harassment or worse. And although her parents try to hide it, being ostracized by their only social circle while they're thousands of miles from home is taking a toll on them too. More and more, Shannon leans on Trevor. But she's also drawn to him, and he's drawn right back to her, feeling things he's never felt for anyone before. Trevor's scared, though. Not of dating a trans girl. Not of damaging

his chaplain father's career or reputation. After finally getting his friend back, does he dare take things further and risk losing Shannon a second time?

Hard Day's Knight Jul 28 2023 Fairy tales were never this tough. Men in Tights never looked so good. At least that's Pepper Marsh's first impression when she attends the International Jousting Competition at London, Ontario's Renaissance Faire. An unemployed and unattached software engineer, Pepper has had enough of the computer geeks in her dating pool. She yearns for a man of yore. A man not afraid to stare death in the face and laugh at it. A man with a big lance... Pepper's cousin promised to find her a knight in shining armor, on the condition that Pepper walk around in wench get-up. With her mind on her embarrassingly revealing bustier, Pepper promptly steps into the path of an oncoming steed...and is rescued by sexy Englishman Walker McPhail. Once the wild man of jousting, Walker has let a brush with death keep him out of the ring. Though his emotions are clad in an

almost impenetrable armor, Pepper finds Walker infuriatingly sexy—and is about to go medieval on his heart...

Understanding Industrial Design Dec 21 2022 With the coming flood of connected products, many UX and interaction designers are looking into hardware design, a discipline largely unfamiliar to them. If you're among those who want to blend digital and physical design concepts successfully, this practical book helps you explore seven long-standing principles of industrial design. Two present and former design directors at IDEO, the international design and innovation firm, use real-world examples to describe industrial designs that are sensorial, simple, enduring, playful, thoughtful, sustainable, and beautiful. You'll learn how to approach, frame, and evaluate your designs as they extend beyond the screen and into the physical world. Sensorial: create experiences that fully engage our human senses Simple: design simple products that provide overall clarity in relation to their purpose Enduring: build products that wear well and live on as classics Playful: use playful design to go beyond functionality and create emotional connections Thoughtful: observe people's struggles and anticipate their needs Sustainable: design products that reduce environmental impact Beautiful: elevate the experience of everyday products through beauty

Humanistic Psychology Mar 12 2022 THE FORMATIVE TENDENCY I have often pointed out that in my work with individuals in therapy, and in my experience in encounter groups, I have been led to the conviction that human nature is essentially constructive. When, in a therapeutic climate (which can be objectively defined) a person becomes sharply aware of more of his or her internal experiencing and of the stimuli and demands from the external world, thus acquiring a full range of options, the person tends to move in the direction of becoming a

socially constructive organism. But many are critical of this point of view. Why should such a positive direction be observed only in humans? Isn't this just pure op- . . ? timi sm. So quite hesitantly, because I have to draw on the work and thinking of others rather than on my own experience, I should like to try to set this directional tendency in a much broader context. I shall draw on my general reading in the field of science, but I should like to mention a special indebtedness to the work of Lancelot Whyte in *The Universe of Experience* (Harper and Row, 1974), the last book he wrote before his death. Though the book has flaws, in my judgment this historian has some thought-provoking themes to advance. I have learned from many others as well.

Russian San Francisco Nov 19 2022 Even before San Francisco was founded as a city, Russian visitors, explorers, and scientists sailed to the area and made contact with both the indigenous people and representatives of the Spanish government. Although the Russian commercial colony of Fort Ross closed in 1842, the Russian presence in San Francisco continued and the community expanded to include churches, societies, businesses, and newspapers. Some came seeking opportunity, while others were fleeing religious or political persecution. In the 1920s, San Francisco's Russian population grew exponentially as refugees of the Russian Revolution and civil war arrived, and by the 1950s, a vibrant and culturally rich Russian A(c)migrA(c) community was thriving in San Francisco. Today the 75,000 Russian speakers who live in the San Francisco Bay Area continue to pass on their heritage to their children.

Foundations of Pragmatics Aug 17 2022 Open publication Opening the 9-volume-series *Handbooks of Pragmatics*, this handbook provides a comprehensive overview of the foundations of pragmatics. It covers the central theories and approaches as well as key concepts and topics characteristic of mainstream pragmatics, i.e. the traditional and most widespread approach to the ways and means of using language in authentic social contexts. The in-depth articles provide reliable orientational overviews useful to researchers, students, and teachers. They are both state of the art reviews of their topics and critical evaluations in the light of subsequent developments. Topics are thus considered within their scholarly context and also critically evaluated from current perspectives. The five major sections of the handbook are dedicated to the Conceptual and Theoretical Foundations

(with a historiographic overview of the establishment and subsequent development of pragmatics), Key Topics (investigating indexicality, reference and other concepts that were the first to make their way from grammar into pragmatics and mainstream notions like speech acts, types of inference), the Place of Pragmatics in the Description of Discourse (delimiting pragmatics from grammar, semantics, prosody, literary criticism), and Methods and Tools.

Sometime After Midnight Apr 05 2024 "Nick and Norah's Infinite Playlist meets Cinderella in this thoroughly modern romance."

–HelloGiggles Late one night in a dingy Los Angeles club, Nate and Cameron meet and discover they have much more in common than their love of an obscure indie band. But when Nate learns that Cameron is the heir to a soul-sucking record label—the very one that destroyed his father's life—he runs away as fast as he can. The only evidence of their brief but intense connection is the blurry photo Cameron snaps of Nate's Sharpied Chuck Taylors. When Cameron's sister Tess—a famous model and socialite—posts the photo on Instagram for her legions of fans, the internet just about breaks with the news of this modern fairy tale. "Anyone know the owner of these shoes?" she writes. "My Prince Charming brother is looking for his Cinderfella!" But while the viral sensation begins to bring the pair back together, their own demons and pasts might get in the way of any happily ever afters . . .

Acute Heart Failure Oct 19 2022 For many years, there has been a great deal of work done on chronic congestive heart failure while acute heart failure has been considered a difficult to handle and hopeless syndrome. However, in recent years acute heart failure has become a growing area of study and this is the first book to cover extensively the diagnosis and management of this complex condition. The book reflects the considerable amounts of new data reported and many new concepts which have been proposed in the last 3-4 years looking at the epidemiology, diagnostic and treatment of acute heart failure.
