Sacred Mushrooms and the Law Richard Boire, 2002-08-19 *Sacred Mushrooms and the Law* is the only book covering the legal landscape underlying psychedelic mushrooms. All federal and state laws concerning mushrooms are covered, and charts outline potential punishments.

Food of the Gods Terence McKenna, 1999 Reissued because of the current interest in Ecstasy, this is McKenna's extraordinary quest to discover the fruit of the Tree of Knowledge. He wonders why we are so fascinated by altered states of consciousness; do they reveal something about our origins as human beings and our place in nature?

Brotherhood of the Screaming Abyss Dennis McKenna, 2023-02-21 *Brotherhood of the Screaming Abyss: My Life with Terence McKenna* is an autobiographical account of renowned ethnobotanist Dennis McKenna's childhood, his relationship with his brother, and the author's experiences with and reflections on psychedelics, philosophy, and scientific innovation. Chronicling the McKenna brothers' childhood in western Colorado during the 1950s and 1960s, Dennis writes of his adolescent adventures, including his first encounters with alcohol and drugs, many of which were facilitated by Terence and the people and ideas that shaped them. Both *Brotherhood of the Screaming Abyss* weaves personal narrative through philosophical ideas and tales of psychedelic experimentation. In this book, Dennis describes these inquiries with the wisdom of perspective. In his account of what has become known as *The Experiment at La Chorrera*, which Terence documented in his own 1989 book *True Hallucinations*, Dennis describes how he had visions of merging mushroom and human DNA, the brothers' predictions for the future, and their evolving ideas about society and consciousness. He also offers an intellectual understanding of the hallucinogenic effects of high-dose psychedelic mushrooms and other psychedelic substances. Dennis, now world-renowned for this ethnobotanical work, describes in *Brotherhood* his early interests in cosmology and astrology, his sometimes rocky relationship with his older brother, and how their paths diverged later in their lives. Dennis describes his academic career in between touching accounts of both his mother's and Terence's battles with cancer. In the 10th Anniversary edition of *Brotherhood*, Dennis reflects on scientific revelations, climate change, and the social and political crises of our time. The new edition also features both the original foreword by Luis Eduardo Luna and a new foreword by Dr. Bruce Damer. *Brotherhood of the Screaming Abyss* is a story about brotherhood, psychedelic experimentation, and the intertwining nature of science and myth.

True Hallucinations Terence McKenna, 1994-04-22 This mesmerizing, surreal account of the bizarre adventures of Terence McKenna, his brother Dennis, and a small band of their friends is a wild ride of exotic experience and scientific inquiry. Exploring the Amazon Basin in search of mythical shamanic hallucinogens, they encounter a host of unusual characters, including a mushroom, a flying saucer, a pirate, Mantids from outer space, an appearance by James and Nora Joyce in the guise of poultry, and translinguistic matter, and discover the missing link in the development of human consciousness and language.
