Airline captain Rayford Steele goes in search of his family and answers to how billions of people just disappeared off the face of the Earth. *Updated edition with a new foreword on the Trump administration's trade policy* The vast benefits promised by the supporters of globalization, and by their own government, have never materialized for many Americans. In *Failure to Adjust* Edward Alden provides a compelling history of the last four decades of US economic and trade policies that have left too many Americans unable to adapt to or compete in the current global marketplace. He tells the story of what went wrong and how to correct the course. Originally published on the eve of the 2016 presidential election, Alden's book captured the zeitgeist that would propel Donald J. Trump to the presidency. In a new introduction to the paperback edition, Alden addresses the economic challenges now facing the Trump administration, and warns that economic disruption will continue to be among the most pressing issues facing the United States. If the failure to adjust continues, Alden predicts, the political disruptions of the future will be larger still. This collection includes six soft cover editions of the best-selling *Left Behind* series. *Left Behind* products have sold more than 40,000,000 copies and continue to be a national phenomena. Sequel to *Left Behind*. Novel about the Apocalypse. The scattered Tribulation Force is drawn toward the Middle East, as are all the armies of the world, when human history culminates in the battle of the ages. During the last year of the Great Tribulation, safe houses are no longer safe and the world has become a powder keg of danger. Except for those already in Petra, everyone has been forced to relocate as the Antichrist ratchets up the pressure in the world's most treacherous game. As the Trib Force waits for the coming of Christ, Chloe Williams is drawn out of the safe house to investigate something suspicious. Buck and Tsion travel to Jerusalem while Nicolae Carpathia orders an attack on the city, and Rayford becomes seriously injured outside Petra. Who will survive

Armageddon? A repackaged of the eleventh book in the New York Times best-selling Left Behind series. The Tribulation Force gathers its courage as the newly-resurrected Carpathia shows a fondness for gruesome killings against those who remain disloyal to him and commits the ultimate act of desecration against the Judeo-Christian community. The history of a near-century of combat search and rescue, with an account of how the discipline was created and how it is administered—or neglected—today. The second half of the seven-year Tribulation era begins as Rayford, Buck, Chloe, and the other members of the Tribulation Force reveal who killed Nicolae as the time of God's judgement approaches. More than four hundred abandoned suitcases filled with patients' belongings were found when Willard Psychiatric Center closed in 1995 after 125 years of operation. In this fully-illustrated social history, they are skillfully examined and compared to the written record to create a moving-and devastating-group portrait of twentieth-century American psychiatric care. Jina Modell works in Communications for a paramilitary organization, and she really likes it. She likes the money, she likes the coolness factor—and it is very cool, even for Washington, D.C. She likes being able to kick terrorist butts without ever leaving the climate-controlled comfort of the control room... But when Jina displays a really high aptitude for spatial awareness and action, she's reassigned to work as an on-site drone operator in the field with one of the GO-Teams, an elite paramilitary unit. The only problem is that she isn't particularly athletic, to put it mildly, and in order to be fit for the field, she has to learn how to run and swim for miles, jump out of a plane, shoot a gun . . . or else she'll be out of a job. Team leader Levi, call sign Ace, doesn't have much confidence in Jina—whom he dubbed Babe as soon as he heard her raspy, sexy voice—making it through the rigors of training. The last thing he needs is some tech geek holding them back from completing a dangerous, covert operation. In the following months, however, no one is more surprised than he when Babe, who hates to sweat, begins to thrive in her new environment, displaying a grit and courage that wins her the admiration of her hardened, battle-worn teammates. What's even more surprising is that the usually very disciplined GO-Team leader can't stop thinking about kissing her smart, stubborn mouth . . . or the building chemistry and tension between them. Meanwhile, a powerful congresswoman is working behind the scenes to destroy the GO-Teams, and a trap is set to ambush Levi's squad in Syria. While the rest of the operatives set off on their mission, Jina remains at the base to control the surveillance drone, and the base is suddenly attacked with explosives. Thought dead by her comrades, Jina escapes to the desert where, brutally tested beyond measure, she has to figure out how to stay undetected by the enemy and make it to her crew before they're exfiltrated from the country. But Levi never leaves a soldier behind, especially the brave woman he's fallen for. He's bringing back the woman they left behind, dead or alive. The countdown to Rapture begins as Marilena Carpathia unknowingly gives birth to the Antichrist, and half a world away, God's plans begin to take form in young Ray Steele. Nicolae Carpathia has his enemies right where he wants them: massed at Petra, a million strong. The Trib Force's aliases and even their safe houses have been compromised, forcing Rayford, Buck, and all the members to flee for their lives while trying to maintain their overt opposition to the Antichrist. All pretense is gone, even on the part of the Antichrist, as the planet hurtles toward the ultimate showdown between good and evil. A repackaged of the tenth book in the New York Times best-selling Left Behind series.
