**The Gendered Society** Michael S. Kimmel, 2000 They say that we come from different planets men from Mars women from Venus that we have different brain chemistries and hormones and that we listen speak and even define our morals differently How is it then that men and women live together take the same classes in school eat the same food read the same books and receive grades according to the same criteria In *The Gendered Society* Michael S Kimmel examines our basic beliefs about gender arguing that men and women are more alike than we have ever imagined Kimmel begins his discussion by observing that all cultures share the notion that men and women are different and that the logical extension of this assumption is that gender differences cause the obvious inequalities between the sexes In fact he asserts that the reverse is true gender inequality causes the differences between men and women Gender is not simply a quality inherent in each individual it is deeply embedded in society s fundamental institutions the family school and the workplace The issues surrounding gender are complex and in order to clarify them the author has included a review of the existing literature in related disciplines such as biology anthropology psychology and sociology Finally with an eye towards the future Kimmel offers readers a glimpse at gender relations in the next millennium Well written well reasoned and authoritative *The Gendered Society* provides a thorough overview of the current thinking about gender while persuasively arguing that it is time to reevaluate what we thought we knew about men and women

**The Gendered Society Reader** Michael S. Kimmel, Amy Aronson, 2011 The battle between the sexes has raged on for centuries however are men and women really from different planets In *The Gendered Society Reader Fourth Edition* coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices both male and female classic and contemporary to examine various interpretations of gender These lively in depth readings explore gender discourse over a wide range of disciplines focusing primarily on two central issues difference and domination Thoroughly updated with rich and timely new material the fourth edition features twenty one new selections including three essays in a new section on religion four new selections on gender and the media and a new article on non heterosexual families This edition is also supplemented by an Instructor s Manual Test Bank which includes discussion questions Michael Kimmel s textbook *The Gendered Society Fourth Edition* OUP 2010 provides a perfect complement for classroom use

**The Gendered Society Reader** Michael S. Kimmel, Amy Aronson, 2017 In *The Gendered Society Reader Sixth Edition* coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices both male and female classic and contemporary to examine various interpretations of gender These lively in depth readings explore gender discourse over a wide range of disciplines focusing primarily on two central issues difference and domination Carefully balanced to reflect the diversity of its subject this text addresses provocative and fundamental questions including How are males and females different What do these differences mean How to various cultures and religions interpret gender

Why do societies continue to differentiate people on the basis of gender Why is it that almost every known society is based on male domination Thoroughly updated with rich and timely material the sixth edition is the perfect complement to Michael Kimmel s textbook *The Gendered Society* Sixth Edition OUP 2016 **The Gendered Society Reader** Amy Kaler, Michael S Kimmel, Amy Aronson, 2015-03-19 This collection of classic and contemporary essays provides a detailed engaging and altogether current study of gender that focuses on Canadian themes and scholars *The Gendered Society Reader* Professor of Media Studies Amy Aronson, Ph.D., 2007-04-25 The *Gendered Society Reader* introduces university students to the various discourses on gender in a wide range of disciplines including biology anthropology psychoanalysis developmental psychology and sociology Going beyond simply categorizing people as male or female this reader explores the ideas behaviours and social relations that we create regulate and change *The Gendered Society and the Gendered Society Reader* Michael Kimmel, Professor of the Department of Sociology Michael Kimmel, 2001-05 This is a package of two of Oxford s popular textbooks *The Gendered Society* and *The Gendered Society Reader* *The Gendered Society* is a well reasoned authoritative and keenly animated statement about gender relations today written by one of the country s foremost thinkers on the subject Kimmel s companion book *The Gendered Society Reader* provides students with a sense of different discourses on gender that have been produced by a wide range of disciplines Packed together these two texts are perfect for classroom use They are informative and entertaining for scholars students and the general reader *The Gendered Society and the Gendered Society Reader* Michael S. Kimmel, 2003-11-06 This is *The Gendered Society* together with *The Gendered Society Reader* **Manhood in America** Michael S. Kimmel, 1996 Kimmel s history of men in America demonstrates that manhood has meant very different things in different eras *When I Say Yes* Carolin Emcke, 2020-04-17 How should we talk about desire power and equality in the wake of the Me Too debate For Carolin Emcke bestselling author and winner of the German Peace Prize the debate demonstrates one thing above all a conversation about abuse and sexuality has emerged that can no longer be stifled Too many questions remain unanswered which images and concepts shape our imaginings of desire and revulsion How is violence exposed and obstructed How do the norms and structures into which men women and those in between must fit get constructed What gets hushed up and who remains powerless How can the plurality of desire and sexuality be expressed without sacrificing their intricacies By interrogating her own experiences as well as social practices music and literature Emcke demonstrates the enduring complexity of the relationship between sexuality and truth

**Learning to Be Old** Margaret Cruikshank, 2009-01-16 What does it mean to grow old in America today Is successful aging our responsibility What will happen if we fail to grow old gracefully Especially for women the onus on the aging population in the United States is growing rather than diminishing Gender race and sexual orientation have been reinterpreted as socially constructed phenomena yet aging is still seen through physically constructed lenses The second edition of Margaret Cruikshank s *Learning to Be Old* helps put aging in a new light neither romanticizing nor demonizing it

Featuring new research and analysis expanded sections on gay lesbian bisexual transgender aging and critical gerontology and an updated chapter on feminist gerontology the second edition even more thoroughly than the first looks at the variety of different forces affecting the progress of aging Cruikshank pays special attention to the fears and taboos multicultural traditions and the medicalization and politicization of natural processes that inform our understanding of age Through it all we learn a better way to inhabit our age whatever it is

**Enchanted Wisdom: Enduring Ideas of World Religions** Eric Bronson, 2021-01-25 In this unique introduction to world religions author Eric Bronson focuses on the enduring ideas embodied by a variety of faiths and the ways in which those ideas shape the world we live in According to sociologist Max Weber The fate of our times is characterized by rationalization and intellectualization and above all by the disenchantment of the world Although the pace of scientific discovery and technological innovation has increased exponentially since Weber's day other ways of knowing persist and still have much to offer As Bronson notes Enchantment is a quality in the world that fires our non rational imagination Enchantments trigger in us an elevated sense of excitement fear or curiosity We may be enchanted by sunsets popular music or other people for example Enchanted experiences are also instructive they teach us things about ourselves and the world we inhabit Therefore enchanted wisdom describes many kinds of non rational knowledge we gain about ourselves and our world In discussing eleven representative faiths including global religions with hundreds of millions of adherents like Islam Christianity Hinduism and Buddhism as well as the less well known beliefs of the Navajo and the Yoruba the author draws on a wide range of literary musical and other cultural references to enhance interest and understanding The core tenets of each religion are first examined followed by discussion of its evolution over time and contemporary manifestations Questions at the close of each chapter direct students toward further learning while comprehensive end of chapter glossaries provide a convenient summary of key people places and ideas Full chapters are included on the following faiths Hinduism Buddhism Daoism Yoruba Judaism Christianity Islam Confucianism Sikhism Navajo Shintoism The text also includes an insightful introduction 52 images 51 boxes focusing on topics of special interest comprehensive references and a full index

**The Guy's Guide to Feminism** Michael Kaufman, Michael Kimmel, 2011-10-25 Written by and for men the ultimate guide to becoming a strong male ally in the 21st century In just one generation age old ideas about women have been swept aside but what does that have to do with men Authors Michael Kaufman and Michael Kimmel two of the world's leading male advocates of gender equality believe it has everything to do with them and that it's crucial to educate men about feminism in order for them to fully understand just how important and positive these changes have been for them Kaufman and Kimmel address these issues in The Guy's Guide to Feminism Hip and accessible it contains nearly a hundred entries from Autonomy to Zero Tolerance written in varying tones humorous satirical irreverent thoughtful and serious and in many forms top ten lists comics interviews mini stories and more Each topic celebrates the ongoing gains that are improving the lives of women and girls and what that really means for men Informal

and fun yet substantive and intelligent *The Guy's Guide to Feminism* illustrates how understanding and supporting feminism can help men live richer fuller and happier lives

**Reviving Ophelia** Mary Pipher, PhD, 2005-08-01 1 New York Times Bestseller The groundbreaking work that poses one of the most provocative questions of a generation what is happening to the selves of adolescent girls As a therapist Mary Pipher was becoming frustrated with the growing problems among adolescent girls Why were so many of them turning to therapy in the first place Why had these lovely and promising human beings fallen prey to depression eating disorders suicide attempts and crushingly low self esteem The answer hit a nerve with Pipher with parents and with the girls themselves Crashing and burning in a developmental Bermuda Triangle they were coming of age in a media saturated culture preoccupied with unrealistic ideals of beauty and images of dehumanized sex a culture rife with addictions and sexually transmitted diseases They were losing their resiliency and optimism in a girl poisoning culture that propagated values at odds with those necessary to survive Told in the brave fearless and honest voices of the girls themselves who are emerging from the chaos of adolescence *Reviving Ophelia* is a call to arms offering important tactics empathy and strength and urging a change where young hearts can flourish again and rediscover and reengage their sense of self

**Manhood in America** Michael S. Kimmel, 2012 For more than three decades the women's movement and its scholars have exhaustively studied women's complex history roles and struggles In *Manhood in America* Third Edition author Michael Kimmel argues that it is time for men to rediscover their own evolution Drawing on a myriad of sources he demonstrates that American men have been eternally frustrated by their efforts to keep up with constantly changing standards Kimmel contends that men must follow the lead of the women's movement it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal The third edition discusses such timely topics as post 9 11 politics self made masculinities including those of Internet entrepreneurs presidential campaigns and gender politics It also covers contemporary debates about fatherlessness the biology of male aggression and pop psychologists like John Gray and Dr Laura Outlining the various ways in which manhood has been constructed and portrayed in America this engaging history is ideal as a main text for courses on masculinity or as a supplementary text for courses in gender studies and cultural history

**Gender in Society Reader** Amy Kaler, 2021-10-22 A fresh and engaging collection of readings about the sociology of gender in Canadian society and around the world

**Gendered Society 6th Edition** Kimmel, 2016-07

**Cultural Encyclopedia of the Penis** Michael Kimmel, Christine Milrod, Amanda Kennedy, 2014-09-26 Peter Pecker Wiener Dick Schlong Penis Whatever we choose to call it the penis is more than just a body part This A to Z encyclopedia explores the cultural meanings interpretations and activities associated with the penis over the centuries and across cultures Scholars activists researchers and clinicians delve into the penis in antiquity in art in religion in politics in media in music and in the cultural imagination They examine the penis as a problem a fetishized commodity a weapon an object of play Penile decor and fashions from piercings to koteka are treated with equal

dignity Explanation of common medical terms and not so common subcultural practices add to the broad scope of the book Taken together the Cultural Encyclopedia of the Penis offers refreshing thoughtful and wide ranging insight into this malleable meaningful body part *Gender* Raewyn Connell,2009-03-23 Introducing modern gender studies gender theories and gender politics this text traces the history of Western intellectuals ideas and discusses current findings on gender differences inequalities and patterns in the state and corporations Gendered Worlds Judy Root Aulette,Judith G. Wittner,2012 In *Gendered Worlds* Second Edition authors Judy Root Aulette and Judith Wittner use the sociological imagination to explore gender relations throughout the world They look at how concrete forms of gender race class and sexual inequality operate transnationally examine the impact of globalization on local and everyday life experiences and identify how local actors re imagine social possibilities resist injustice and work toward change Integrating theory with empirical studies that are of particular interest to college students including research on violence sports and sexuality the authors make gender concepts genuinely interesting and accessible They also demonstrate how students can think critically about gender both within and beyond the classroom Incorporating a broad range of pedagogical features including boxed sections and end of chapter sections that focus on social movements *Gendered Worlds* Second Edition is ideal for courses in sociology of gender sociology of sex roles and gender studies New to this Edition A new concluding chapter *Gender and Globalization* and an expanded Chapter 1 A completely rewritten Chapter 4 featuring the most current research on gender and sexuality particularly the gendered character of heterosexuality and heterosexual relationships A reconceptualized Chapter 9 exploring illness as a function of a global division of labor by race ethnicity gender and nation More research on gender outside of the United States in every chapter Additional coverage of race intersectionality masculinity and transgender issues Gender Lisa Wade,Myra Marx Ferree,2022-09-15 The new gold standard for sociology of gender courses An instant best seller and now the leading book for the course Wade and Ferree s *Gender* is an accessible and inclusive introduction to sociological perspectives on gender Drawing on memorable examples mined from history pop culture and current events *Gender* deftly moves between theoretical concepts and applications to everyday life Revised throughout to be more inclusive and intersectional the Third Edition features expanded coverage of the nonbinary and trans experience and new discussions of the impact of Covid 19 on families and work
